GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Wilton Manors
Florida**

For the Fiscal Year Beginning

October 01, 2021

Christopher P. Morrill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an Award for Distinguished Budget Presentation to the City of Wilton Manors, Florida for its annual budget for the fiscal year beginning October 1, 2021.

In order to receive this award, a governmental unit must publish a budget document that meet program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

The award is valid for a period of one year only. The City administration believes the current budget continues to conform to program requirements, and is submitting it to GFOA to determine its eligibility for another award.

CITY OF WILTON MANORS

BUDGET HIGHLIGHTS FISCAL YEAR 2022-23 BUDGET

This section of the City's adopted operating and capital budget provides an explanation of significant factors affecting the budget for fiscal year ending September 30, 2023. We encourage readers to consider the information presented here in conjunction with the budget schedules beginning on page B-1.

Recovery from COVID-19

On March 9, 2020, Governor Ron DeSantis declared a public health emergency in the State of Florida resulting from the spread of the Novel Coronavirus 2019 ("COVID-19"). On March 13, 2020, the President of the United States declared a national state of emergency. On March 18, 2020, the City, along with Broward County, began a shutdown of all non-essential businesses within the city and closed City Hall to non-employees. Citizens were asked to remain in their homes and many businesses closed.

As a result, unemployment climbed to double digits; the stock market experienced multiple days of significant losses; all resulting in an economic downfall locally and nationally. The National Bureau of Economic Research ("NBER") declared the nation in a recession as a result of the shutdown due to the nationwide pandemic.

The reopening of the economy began in Florida mid-May 2020 with the implementation of vaccines. A year later, the Center for Disease Control (CDC) lifted the mask requirements for fully vaccinated individuals except in limited situations. Two years later, booster shots are available, with a second booster for those 50 and over. Mask requirements have been fully lifted.

The Economy

The demand for real estate has been increasing since July 2020. Low mortgage rates continue to fuel real estate. It is a seller's market with many getting above asking price. Many are relocating to South Florida from areas with high-tax and high-density. As a result, home values have increased substantially. The City of Wilton Manors have seen housing prices increase by 23.6% since 2019; 6.27% in 2020, 6.30% in 2021, and 12.57% in 2022. Despite the Federal Reserve raising interest rates, the housing market continues to be strong.

The unemployment rate has plunged (2.7%, July 2022) while inflation has soared (8.5%, July 2022). Unemployment has fallen, in part due to fewer jobs than compared to before the pandemic. Prices have not increased on goods and services this fast since 1982. Those 40 and younger have never lived or worked during a period with prices rising this fast. In addition, the invasion of Ukraine by Russia has caused fuel prices to increase.

All-Funds Budget

The FY22-23 Adopted Budget for all funds is \$48,560,541. The tables below compare the adopted FY22-23 budget to the adopted FY21-22 budget.

FY22-23 All-Funds Budget, Summary by Fund

| Fund | Adopted FY22-23 | Adopted FY21-22 | \$ Change | % Change | Fund as % of Budget |
|-----------------------------------|---------------------|--------------------|-------------|-------------|---------------------------|
| General Fund | \$22,886,751 | \$19,946,696 | \$2,940,055 | 14.7% | 47.1% |
| Capital Improvement Fund | 1,801,841 | 803,511 | 998,330 | 124.2% | 3.7% |

FY22-23 All-Funds Budget, Summary by Category

| Category | Adopted FY22-23 | Adopted FY20-21 | \$ Change | % Change | Category as % of Budget |
|------------------------|---------------------|--------------------|-------------|-------------|-------------------------------|
| Personnel Wages | \$9,631,134 | \$8,888,384 | \$742,750 | 8.4% | 19.9% |
| Personnel Benefits | 5,850,825 | 5,553,218 | 297,607 | 5.4% | 12.0% |
| Operating Expenditures | 22,235,134 | 19,972,264 | 2,262,870 | 11.3% | 45.8% |
| Capital Expenditures | 6,946,225 | 2,264,017 | 4,682,208 | 206.8% | 14.3% |
| Debt Service | 830,112 | 829,337 | 775 | 0.1% | 1.7% |
| Depreciation | 1,036,900 | 1,036,900 | 0 | 0.0% | 2.1% |
| Transfers | 2,030,211 | 1,377,115 | 653,096 | 47.4% | 4.2% |
| | \$48,560,541 | \$39,921,235 | \$8,639,306 | 21.6% | 100% |

Overall, the FY 2022-23 budget has increased \$8,639,306, or 21.6% over prior year adopted budget.

On February 1, 2022, the City held a budget workshop with the City Commission to discuss goals and objectives from the City’s strategic plan that should be prioritized in the FY 2022-23 budget. Using the information provided, the City Manager and staff prepared the adopted budget for FY 2022-23.

Other overall impacts to the FY 2022-23 budget include increases in personnel wages. These increases are driven by the implementation of the Classification and Compensation study that includes adjustments (\$182K) for select positions within City staff effective October 1, 2022. And, adopted cost of living (3%) and merit (up to 3%) salary increases for all general employees. The City reopened negotiations with the Police Benevolent Association (PBA) for the last year of the contract, FY 2022-23. A settlement was reached to provide PBA members a 7% cost of living adjustment as of October 1, 2022.

Increases in personnel benefits is driven by an increase (18% average) in the Florida Retirement System required contribution, an increase (9%) in health insurance, as well as, increases resulting from increased personnel wages.

Transfers from the utility accounts, water and drainage, were reduced by 29.0%, or \$244,149, from what was transferred for FY 2021-22. The current plan to eliminate this transfer calls the final transfer to occur no later than FY 2025. The schedule of planned transfers can be found at the end of this overview.

General Fund Budget

The General Fund is the City’s primary fund for the general operations of the City. Its primary source of revenue is ad valorem taxes (property taxes), which accounts for approximately half (48.5%) of total General Fund revenues. In FY 2017-18, the City’s taxable property value surpassed the pre-recession high of \$1.266 billion. Taxable property values (see page 27) have increased, again, for the eleventh consecutive year since its lowest point in FY 2011-12 (\$853 million) at the end of the Great Recession. The City’s Taxable Value at June 1, 2022 is \$1,887,880,081, a total overall increase of 12.57% over prior year. Since the end of the Great Recession, the City has been in the upper tier of Broward County cities for property value increases, with the City’s increase in taxable value this year being slightly below the

Broward County average of 12.90%. The increase in property values will bring in additional revenue to the City's General Fund of \$1,130,196 based on the FY2022-23 adopted millage rate of 5.8360, which is equal to the FY 2021-22 millage of 5.8360.

Looking at ad valorem rates historically (see page 26), total millage rates (operating and debt service) have declined 0.9447 mills (13.5%) since the high of 6.9994 mills in FY 2011-12. The operating millage rate has declined 0.3806 mills, or 6.1%, since the high of 6.2166 in FY 2013-14. From FY 2015-16 through FY 2021-22, the operating millage rate has declined 0.2323 mills or 3.8%.

According to the Broward County Property Appraiser's office, the average taxable value for a single-family home in Wilton Manors is \$329,794 as of January 1, 2022, a 12.7% increase of 2021. The decline in operating millage, mentioned above, equates to approximately \$77 in annual savings per average single-family home, or a two-scoop ice cream with toppings per month at the local ice cream shop. However, the cost of that two-scoop ice cream with toppings per month per taxpayer could have provided approximately \$420,000 in additional revenues for the upcoming fiscal year, \$1.2 million over the past six years. These additional funds could have assisted the City in providing new / additional services to residents; improved recreation facilities; and new / additional programs to attract new businesses.

State revenue sharing and the half cent local sales tax revenues, \$449,000 and \$1,058,000 respectively, make up an additional 6.6% of total General Fund revenues (see page 101). The half-cent local sales tax is expected to increase by \$168,000 over prior year

The City expects to see an overall increase in revenues of \$2,940,055 (14.7%) as compared to prior year adopted budget.

Fire and Emergency Medical Services

Since June 2000, the City of Wilton Manors has contracted with the City of Fort Lauderdale (CFL) to provide Fire and Emergency Medical Services (EMS). In 2010, this contract was renewed for an additional 5-year term which expired on September 30, 2015. In 2015, a second 5-year renewal of the Fire-EMS contract that was adopted by the City Commissions of both Wilton Manors and Fort Lauderdale. Its expired September 30, 2020.

In 2020, the City of Wilton Manors and the City of Fort Lauderdale agreed to a third five (5) year renewal of the Fire-EMS contract. The agreement calls for the City of Wilton Manors to pay the actual cost of providing service or a 10% increase in the service fee, whichever is less.

The adopted FY 2022-23 budget reflects a 4.63% increase to the annual service fee which is equal to the actual cost to the City of Fort Lauderdale to provide fire and emergency medical services to the City of Wilton Manors.

While the General Fund accounts for the EMS portion of the CFL contract, the fire portion of the contract expenditures are accounted for in the City's Fire Assessment Fund. The principal source of revenue for this fund is the City's Fire Assessment Fee. These fees are calculated based on expenditures for the fire portion only of the CFL contract and on the City's other fire-related expenditures.

The total Fire Assessment is allocated proportionately to the various types of users within the City based on the total number of response calls associated with each respective property use designation. The

Fire Assessment Fees are budgeted to increase in FY23 for single family homeowners from \$267.36 to \$279.98, or \$12.62 annually (4.7%).

The City’s Fire Assessment rates are based on the methodology reaffirmed by an assessment allocation study that was completed by an outside consulting firm during the spring of 2021. Below is a table that compares the adopted FY22-23 Fire Assessment Fees to those of last fiscal year.

| Wilton Manors Assessment Rates by Property Use Category | Fees for Budget Year FY22-23 | FY21-22 | Increase (Decrease) | % Change |
|---|------------------------------|-------------|---------------------|----------|
| Residential (per unit) | \$279.98 | \$267.36 | \$12.62 | 4.7% |
| <i>The Rates below are per 100 Square Feet of building space:</i> | | | | |
| Commercial | \$51.59 | \$44.62 | \$6.97 | 15.6% |
| Industrial/Warehouse | \$6.98 | \$9.81 | (\$2.83) | -28.8% |
| Institutional | \$22.41 | \$15.39 | \$7.02 | 45.6% |
| Government | \$39.15 | \$43.29 | (\$4.14) | -9.6% |
| Nursing Home | \$84.81 | \$90.762 | (\$5.95) | -6.6% |
| Total Fire Services Assessment: | \$2,798,584 | \$2,730,311 | \$68,273 | 2.5% |

Utility User Fees

Water and Sewer User Fees must be set to allow prudent and efficient operation of the City’s water distribution and sewage collection systems while being sensitive to the rates being charged to utility customers. Revenues to the system must cover the system costs so that the utility can be operated as a going concern that will be able to provide services in perpetuity to the City’s residents and businesses.

There are three major components to the costs of the water and sewer system:

- First is the actual cost to produce drinking water and treat sewage. As a very small City with no water treatment plant or sewage treatment plant of our own, Wilton Manors contracts with the City of Fort Lauderdale (CFL) to purchase both drinking water and sewage treatment services.
- Second is the day-to-day cost to operate the City’s water distribution and sewage collection systems. This includes the cost of the personnel, equipment, supplies, etc. needed to provide the ongoing maintenance of the systems.
- Third is the cost to continually maintain and upgrade the system’s infrastructure.

The cost to produce water depends upon the actions of two independent governments – the City of Fort Lauderdale (CFL) and the South Florida Water Management District (SFWMD). As previously mentioned, the City of Wilton Manors contracts with CFL for water purchases and sewer treatment. CFL’s rates are determined by their City Commission. CFL rates increased by 5% in FY 2021-22. For FY 2022-23, Fort

Lauderdale has added an additional 3.5% on to their annual increase for a total increase of 8.5%. This is a result of the rate study conducted in FY 2020-21.

The cost of sewage treatment is also determined by CFL, but is based on the actual costs of operating Fort Lauderdale’s Central Regional Wastewater System. Sewage treatment rates are not set until August; however, Wilton Manors staff attends quarterly meetings to get updates on the wastewater system and its financial trends. At the time of the publication of this Adopted Budget (June, 2022) it is anticipated that an 8.6% increase in sewer usage rates will be needed for FY23.

Day-to-day operations costs of the water and sewer systems are provided in much greater detail in the Water & Sewer Utility Fund section of this budget. System operating costs are expected to increase slightly in FY23.

Infrastructure renewal costs - During the last several years, the Water & Sewer Utility Funds have been financing needed infrastructure upgrades on a pay-as-you-go basis without incurring additional debt. In order to clearly define the City’s future utility infrastructure needs, the City contracted with an outside consultant to develop a Water, Sewer, and Stormwater Master Plan. This plan was completed in January 2020 and identified the future funding needs for the City’s utility infrastructure, thus providing a key component of future utility rates. The City completed its utility rate study in the Fall of 2021, which included planning for funding of the City’s future utility infrastructure needs. The utility rate study identified the following rate increases needed over the next five years to assist with funding the CIP.

| Fiscal Year | Water | Wastewater | Stormwater |
|-------------|-------|------------|------------|
| FY 2023 | 5.00% | 5.00% | 5.00% |
| FY 2024 | 2.00% | 3.00% | 10.00% |
| FY 2025 | 2.00% | 3.00% | 10.00% |
| FY 2026 | 2.00% | 3.00% | 5.00% |
| FY 2027 | 2.00% | 3.00% | 3.50% |

For FY 2022-23, the first year of the CIP, projects are being funded with a combination of ARPA (\$5.4 million) and reserves (\$3.9 million). Debt financing will be needed to fund projects for fiscal years 2023-24 through 2026-27. The City is working with its municipal advisor to develop a financing plan for the next four years of the CIP. The City is looking to utilize the Water Infrastructure Finance and Innovation Act (WFIA) to assist in funding these projects. WFIA will loan the City 80% of approved project costs. The City will be responsible for funding the remaining 20% from non-Federal funds.

Taking all of these factors into account provides for the following actions on rates. The City’s utility rate structure combines both a Base Rate (fixed fee) and a Usage Rate (variable fee), both for water and sewer. Water rates will be adjusted for the 8.6% increase imposed by CFL. In addition, the City will adjust water and wastewater rates per the utility rate study. This increase is needed to begin replenishing the reserves and prepare to fund the required 20% match over the next four years. However, to offset the unexpectedly high increase from CFL, the City is reducing its increase from the adopted 5.0% to 3.0%.

Stormwater Fees - A rate increase of 5% has been adopted for the Drainage Utility Fund (Stormwater) for FY22-23. The City’s stormwater system is included in the upcoming master plan infrastructure CIP, most of which projects will be funded without debt.

Garbage and Recycling Fees – The City contracts with an outside vendor to provide garbage and recycling services. After an RFP process, the City awarded the garbage and recycling contract in 2016 to Waste Management. The 3-year contract expired on September 1, 2021, however, the City successfully negotiated with Waste Management to renew the contract for a 2-year renewal term ending September 1, 2023. The contract has provided stable rates for the last four years, but a rate adjustment limited by certain factors is permitted upon renewal. The rates for FY 22-23 are expected to increase 2.5%.

Personnel

The City’s Human Resources Department strives to maintain competitiveness in employee recruitment and retention. The City’s policy is to adjust employee pay ranges every two years by the average of the change in the Consumer Price Index (CPI) over the last two years. However, a full compensation and classification study was performed by the City for the FY22-23 budget. Based on the recommendations of the study, pay ranges have been adjusted effective October 1, 2022. In addition, some of the City’s employees will receive an adjustment based on market pay rates effective October 1, 2022. The majority of those receiving these adjustments are in the City’s lowest paid employees. A table showing the job classifications and pay ranges can be seen in Personnel section on page AB-1.

- **Number of Positions** (see page A-25)

| PERSONNEL POSITIONS | Fiscal Year 22-23 | | Fiscal Year 21-22 | |
|---------------------|-------------------|---------------|-------------------|---------------|
| | Number of | Full Time | Number of | Full Time |
| | Positions | Equivalents | Positions | Equivalents |
| Full Time Positions | 113.00 | 112.87 | 112.00 | 111.87 |
| Part Time Positions | 46.00 | 26.00 | 46.00 | 27.00 |
| TOTALS | 159.00 | 138.87 | 158.00 | 137.87 |

Changes in personnel include:

- Reclassifying a Community Development Services (CDS) Supervisor to a CDS Manager as a result of increased duties and responsibilities as outlined in the organizational study on CDS
- Reclassifying an Emergency Management/Utility (EM/U) Office Manager to an EM/U Assistant Director as a result of increased duties and responsibilities
- Adding a Fiscal and Budget Analyst to the Finance department to assist with development of the budget, annual financial report and special projects

- **Health, Life, and Dental Insurance Costs**

The City offers health, life, and dental insurance to all full-time employees. In January 2008, the City implemented an insurance opt-out program for all full-time employees participating in the City's health insurance. As an incentive for employees to decline coverage and reduce the City's expenses for health insurance, the City provides employees with the option of receiving \$100 per month if they have insurance coverage under another medical plan. This program is limited to a maximum of fourteen (14) participants citywide.

The City makes available to all employees a lower-cost High Deductible Health Plan (HDHP) with a Health Savings Account (HAS). The City prefunds the HSA with \$1,250 for employee only coverage and \$1,700 for employee plus coverage.

Premiums for health, life, dental, and disability insurance are set on a calendar year basis. The budget, therefore, includes premiums at the current calendar year rate for the first three months of FY22-23, and premiums at the projected rate of increase for the last nine months of the fiscal year.

Actual premiums for the coming calendar year are not known until several months after the budget is adopted. For calendar year 2023, the City is budgeting for an anticipated premium increase of 9% for health insurance. No budget increases are being anticipated for dental or life insurance for 2023. With natural employee turnover, the City has also recently seen a trend toward younger employees, many of whom elect for less expensive health insurance coverage such as single coverage rather than full family coverage. Due to a combination of all of the above factors, the City's budget for health, life, and dental insurance is expected to increase by \$119,000 for FY23.

- **Pension Contribution Costs**

The City of Wilton Manors participates in the Florida Retirement System (FRS). The City also has a closed defined benefit (DB) pension plan with four active employees. The remainder of the City's employees participate in the FRS plan.

Rates for the FRS plan are set by the state legislature, and are effective for the state's fiscal year from July 1 through June 30. Therefore, rates for the first nine months of FY22-23 (October 1, 2022 through June 30, 2023) have been set, but the rates for the last three months of FY22-23 (July 1, 2023-September 30, 2023) will not be adopted until the spring of 2023.

Remainder of this page intentional left blank

The table below details the City’s FY23 budgeted pension contributions. The increase shown below is also attributed to the increase in wages from the compensation and classification study.

| <u>Total Budgeted Pension Contributions</u> | FY22-23 Budget | FY21-22 Budget | \$ Change | % Change |
|--|---------------------------|---------------------------|------------------|---------------------|
| General / Non-Sworn: | | | | |

| By Plan | | | | |
| Total Wilton Manors Plan | \$1,599,409 | \$1,651,838 | (\$33,356) | -2.0% |
| Total Florida Retirement System (FRS) | 1,791,581 | 1,526,187 | 309,136 | 20.3% |
| | \$3,309,990 | \$3,178,025 | \$212,965 | 6.7% |

Wage Adjustments

The City negotiated a three-year contract with the Broward County Police Benevolent Association (PBA), which represents 39 sworn and non-sworn Police Department employees. This contract became effective October 1, 2020 and will expire on September 30, 2023. The agreement includes a merit adjustment of 3.0% and a cost of living adjustment of 0.5% for FY2022-23. However, the City agreed to reopen negotiations for salary for the final year of the contract. PBA and the City agreed to implement a 7% in lieu of the originally agreed upon rates for the third and final year of the contract.

Management has adopted a compensation policy that calls for future pay increases for General Employees (non-PBA) to include an annual merit adjustment of 0% - 3% based on the results of annual performance reviews, and a cost of living adjustment (COLA) tied to the annual change in the Consumer Price Index (CPI) for the prior year. The policy calls for the COLA to vary between a minimum of 1% and a maximum of 3% when the change in the CPI is positive. No COLA would be granted when the change in the CPI is negative. Compensation for the City Manager is determined by contract and is approved annually by the City Commission as a part of the Adopted Budget. The compensation policy recognizes that all wage increases are subject to both budgetary restrictions and City Commission approval.

The FY 2022-23 budget includes 3.0% for COLA and merit raises for general employees per the City’s compensation policy.

Capital

Capital expenditures for FY 22-23 are above the prior year budget. This increase is driven by the availability non-recurring funds from receipt of a large outstanding lien payment as well as funds remaining at the end of FY 20-21. Capital expenditures by fund are shown in the table below.

FY22-23 All-Funds Budget, Capital Summary by Fund

| Fund | Adopted FY22-23 | Adopted FY21-22 | \$ Change | % Change | Fund as % of Budget |
|-----------------------------------|--------------------|--------------------|-------------|-------------|---------------------------|

Debt Service

During FY18-19, the City purchased two parcels of land to expand Colohatchee Park. Interim financing for this project was accomplished by an internal interfund loan from the Water & Sewer Utility Fund to the General Fund. During FY21-22, the City Commission approved a new bank loan to secure permanent financing for this property purchase, as well as refinance the Utility and Parking and the Mickel Park loans.

In FY20-21, the City refinanced the 2008 City Hall General Obligation Loan. The refinancing will reduce the City's debt service payments over the life of the loan by \$245,104.

| Budgeted Debt Service for FY22-23 | Annual Payment | Payoff Date | Principal Balance at End of FY22-23 |
|---|-----------------------|--------------------|--|
| 2020 City Hall General Obligation Refinancing | \$396,268 | 2/1/2028 | \$2,275,920 |
| 2021 Mickel/Colohatchee Parks & Utility and Parking refinancing | 433,842 | 12,/1/2030 | 2,314,000 |
| Totals: | \$830,110 | | \$4,589,920 |

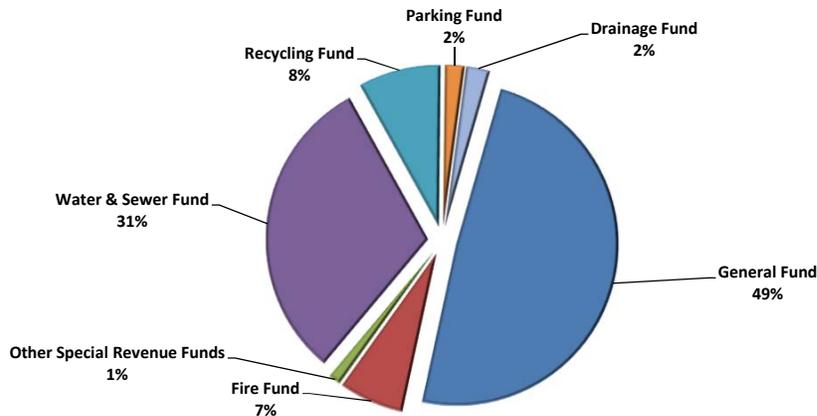

Fund Balance

It is the City's policy to maintain Unassigned Fund Balance in the General Fund at between 15% - 20% of General Fund operating expenditures. The Adopted FY22-23 budget keeps Unassigned Fund Balance at approximately 20% of the General Fund's operating expenditures. A detailed Fund Balance Analysis follows later in this Overview section of the budget.

For the General Fund, the City Commission has adopted a fund balance policy to maintain an Unassigned Fund Balance of 15% - 20% of budgeted General Fund Expenditures. The projected General Fund Balance at September 30, 2023 is 20% of budgeted operating expenditures, excluding transfers.

The General Fund balance is estimated to be 10.7% higher at the end of FY 2022-23 than FY 2021-22. This is a result of expenditure savings in FY 2020-21 and the receipt of a \$1.0 million code fine in FY 2021-22. The City made the business decision to increase the General Fund Balance to the maximum allowable per City Commission policy. The 15% reduction in Fire Fund is due to capital replacement reserves being utilized for capital purchases of a replacement vehicle and generator. The increase in Capital Improvement fund balance is due to the reserving of funds for future capital replacement. The increase in Solid Waste and Recycling fund balance is to recupe overexpenditures in prior year. The decrease in the Drainage Fund balance is a result of utilizing reserves for major stormwater infrastructure improvements.

The Budget Process

Budget Preparation

The annual budget is a financial plan, operating and capital, for the coming fiscal year. It is an estimate of proposed spending and the means of paying for the spending. The City's Budget process begins in early January with the distribution of the operating and capital budget request forms to City departments. The operating and capital budget request forms are used to request new programs or capital expenditures for the upcoming fiscal year. The completed operating and capital budget request forms were due back to the Finance department by the end of February 2022.

On February 1, 2022, the Goals and Objectives workshop between city staff and members of the City Commission occurred. During this meeting, the City Commission discussed and gained consensus on the Commission's top priorities for FY 2022-23. These priorities, aligned to the Strategic Plan, were to be used by staff in developing the FY 2022-23 budget.

In early March, data on prior year appropriations, and personnel cost projections were distributed to the City departments through the Finance department. Each department director must then compile a budget request for recurring budget for the upcoming fiscal year. The budget preparation process provides the department directors an opportunity to examine their programs of operation, to propose changes in current services, to recommend revisions in organizations, and to outline requirements for capital outlay items. During the months of April and May, the departmental requests are reviewed and prioritized by the City Manager. The recommended budget is finalized and reviewed during June.

In early July, the City Manager submits to the Wilton Manors City Commission a proposed operating budget and budget timetable for the upcoming fiscal year. From July through September, the proposed budget is discussed during City Commission budget workshops, and staff and board meetings. The budget workshops provide City Commission members an opportunity to review the budget and ensure that the budget requests meet the best interests of the City of Wilton Manors and its citizens. The Financial Advisory Board, comprised of five people who live or work within the City of Wilton Manors, also reviews the recommended budget and offers input during this period.

By August 4, the City must submit its tentative and rolled-back millage rates, and the date of the first public hearing on the budget to the Broward County Property Appraiser. The Property Appraiser then must notify all property owners by August 24 of the tentative millage rate and the date of the first public hearing on the mailed Truth in Millage (TRIM) notice.

Budget Adoption

The budget is legally enacted through the passage of resolutions adopting the millage rate, special assessment rates, and the budget. These resolutions are discussed at public hearings during the last two weeks of July (the tentative rates for the special assessments must be set prior to August 4), and during the month of September. During the public hearings, public input is encouraged prior to the adoption of each resolution. Under Florida Statutes, the first public budget hearing must be held between September 3 and September 18. Within 15 days of the first hearing, the City must advertise its intent to adopt a final millage rate and budget. The second public hearing on the budget must be held not less than two days or more than five days after the date of the advertisement.

Budget Amendment

After the budget is formally adopted, the City Manager may approve line item adjustments within a department or a division. Budget adjustments must be approved by the City Commission if there are increases or decreases to total budgeted expenditures within any City department; or if there are increases or decreases to total budgeted revenues within any of the City's funds.

The City Commission may approve supplemental appropriation of revenues and expenditures during the year. Such changes are reflected in an amended budget resolution, which is adopted within sixty days of the end of that fiscal year. The adopted amended budget resolution is posted to the City's website within five days after adoption in accordance with F.S. 166.241(5).

Budget Control and Monitoring

Funds appropriated in the Budget may be expended by and with the approval of the City Manager in accordance with the provisions of the City Charter and applicable laws. Funds of the City shall be expended in accordance with the appropriations provided in the Budget and shall constitute an appropriation of the amounts specified therein. The Budget establishes a limitation on expenditures by department total. Said limitation requires that the total sum allocated to each department for operating and capital expenses may not be increased or decreased without specific authorization by a duly-enacted Resolution/Ordinance affecting such amendment or transfer. Therefore, the City Manager may authorize transfers from one individual line item account to another, so long as the line item accounts are within the same department and fund. The budget is regularly monitored to track variances between actual and budgeted amounts. Significant variances are investigated and monitored for corrective action. Quarterly budget review meetings are held with the City Commission and the Financial Advisory Board.

Capital Budget Process

The City Manager and the various department directors submit capital plans, which are incorporated as part of the Five-Year Capital Budget. The source of funding is identified five years before the actual expenditures are made. The department directors are also responsible for preparing the annual budget to operate new facilities. Capital expenditures are an integral part of the annual operating budget process.

BUDGET DEVELOPMENT GUIDELINES

The City of Wilton Manors' financial policies, compiled below, set forth the basic framework for the overall fiscal management of the City. These policies operate independently of changing circumstances and conditions with the exception of when changes in financial policy are necessary to maintain the integrity of the City and its operations, and in conformance with Generally Accepted Accounting Principles (GAAP) in accordance with the Governmental Accounting Standards Board (GASB). These policies assist the decision making process of the City Commission and the City Administration and provide guidelines for evaluating both current activities and proposals for future programs.

Operating Budget Policies

1. All departments share in the responsibility for meeting management and service delivery goals and ensuring long-term financial stability. Operating budgets and management plans will be developed using current resources available.
2. The budget process is intended to allocate limited resources among competing programs based on policy priorities, efficiency and effectiveness of services and availability of resources.
3. Additional personnel and programs will be requested only if necessary to maintain existing service levels due to expansion of services areas or service levels previously approved by the City Commission.
4. As required by State Statute and City Charter, the budget will be balanced. Current expenditures will be funded by using current revenue sources and revenue growth will be planned in a conservative, prudent manner. Use of unassigned fund balance in any fund to balance the current year budget must be approved by the City Commission.
5. Cash management and investment will be maintained in accordance with State law and will ensure the safety and security of city assets. Funds will be managed prudently and diligently with an emphasis on safety of principal, liquidity and financial return.
6. Health and life insurance is a shared responsibility between the City and its employees. In concert with City employees through the Labor/Management Insurance Committee, City expenditures for health insurance will be kept in control by sharing of costs.
7. In an effort to control overtime expenditures, total budgeted overtime shall not exceed 4.5% of total budgeted personnel wages.
8. The City shall support investments that reduce future operating costs. Investing activities shall be in compliance with the City's investment policy.
9. The City shall monitor all expense/expenditure line items. It shall be the goal of the City to operate in the most efficient, cost effective manner possible.

10. The City shall deposit all funds received within 24 hours of receipt.
11. The City shall collect revenues aggressively, including past due bills of any type.
12. The City will not use long-term debt to finance expenditures required for current operations.

Revenue Policies

1. The City will attempt to maintain a diversified and stable revenue system as a shelter from short-run fluctuations in any single revenue source.
2. The City shall continue to aggressively seek grant revenue from all available sources.
3. The City shall review user fee charges at least once a year and modify these charges to coincide with the cost of providing services. The City shall consider similar services provided by private industry when establishing new user fee charges.

Capital Budget Policies

1. Annually, the City will prepare a five-year capital improvement plan (CIP) analyzing all anticipated capital expenditures and identifying associated funding sources.
2. Annually, the City will coordinate development of the CIP with the development of the annual operating budget.
3. Each capital improvement project is reviewed for its impact on the operating budget in terms of revenue generation, additional personnel required, and additional operating expenses.
4. The City shall continue to support a scheduled level of maintenance and replacement of its infrastructure and equipment.
5. The City shall support a vehicle acquisition and maintenance policy that is fiscally sound.

Cash Management/Investment Policies

1. The City's order of priority in investing funds over earning investment income is to preserve capital and to insure liquidity.
2. The City has established a maximum maturity date of five years on any investment.

3. The City maintains a pooled cash account for all funds, enabling the City to invest large amounts of idle cash for short periods of time and to optimize earnings potential. Equity in Pooled Cash and Cash Equivalents represents the amount owned by each City fund. Interest earned on pooled cash and investments is allocated monthly based on cash balances of the respective funds.

Debt Policies

1. The City shall not issue notes for the purpose of financing general operating activity.
2. The City shall publish and distribute an official statement for each revenue bond issue.
3. General obligation debt shall not be used for enterprise activities.

Accounting, Auditing, and Financial Reporting Policies

1. An independent audit by a qualified Certified Public Accounting firm will be performed annually.
2. The City shall produce audited annual financial reports in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB).
3. The annual financial reports shall be issued by March 31st following the end of the fiscal year.
4. The City's financial records shall be maintained at a level that will ensure a smooth and systematic audit process.

Fund Balance Policies

The City shall prepare an annual budget that will safeguard the General Fund's unassigned fund balance. It shall be the City's goal to maintain a minimum fifteen (15) percent unassigned fund balance and to strive to achieve a twenty (20) percent unassigned fund balance in the General Fund. The dollar amount shall be determined by multiplying the total General Fund operating budget by the applicable percentage. These percentages are based on a combination of recommendations made by the Government Finance Officers Association (5 to 15% minimum) and the City's external auditors (20 to 25% minimum) to mitigate future risks, such as revenue shortfalls and unanticipated expenditures, and to ensure stable tax rates. Further, it is the City's intent that fund balance may be expended only for emergency purposes and only with the prior approval of the City Commission. If the unassigned fund balance in the General Fund should fall below the minimum fifteen (15) percent threshold at the conclusion of the most recently audited fiscal year, the City will budget the difference during the next fiscal year's budget process as a contingency amount within the General Fund. As of the date of the last completed audit on September 30, 2021, the General Fund unassigned fund balance was \$4,555,156 – 26.6% of actual General Fund operating expenditures for FY2020-21, and 20.4% of the General Fund operating expenditures budget for FY2021-22.

Fund Balance Definitions and Classifications

Fund Balance refers to the difference between assets and liabilities reported in a governmental fund. Listed below are the various Fund Balance categories in order from most to least restrictive.

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. “Not in spendable form” includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as long-term amount of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority. The City Commission is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Assigned: Amount in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The City Commission has by resolution authorized the City Manager to assign fund balance. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned: This classification includes the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to other purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

Spending Order of Fund Balance

When expenditure is incurred for the purpose for which both restricted and unrestricted funds are available, the City considers restricted funds to have been spent first. When expenditures are incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Commission or City Manager has provided otherwise in its commitment or assigned actions.

Fund Structure Overview

The City's budget is divided into funds and departments. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. A fund receives revenues from a specific source(s) and spends them on specific activities. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with the finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. All funds of the City are appropriated.

The City legally adopts a budget for the following governmental and proprietary fund types:

Governmental Fund Type

Governmental Funds are those funds through which most governmental functions are typically financed. Governmental Funds are subdivided into three types: General Fund, Special Revenue Fund and Capital Project Fund. The City does not have Debt Service Fund.

1. **General Fund** (always a major fund) - is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund. Resources are derived primarily from taxes, franchise and utility taxes, charges for services, and intergovernmental revenues. Expenditures are incurred to provide general government, public safety, community development and culture and recreation services.
2. **Special Revenue Funds** – accounts for revenue sources that are legally restricted to expenditures of specific purposes.
 - a. **American Recovery Plan Act** – accounts for funds received from the Federal government in response to the COVID-19 pandemic and resulting economic impact.
 - b. **Fire Assessment Fund** (major fund) – accounts for the City's revenues and expenditures associated with fire prevention, suppression, and emergency medical services.
 - c. **Sales Surtax** – accounts for funds received from the Broward County sales surtax program.
 - d. **Miscellaneous Grants Fund** – accounts for the City's grant revenues from federal and state agencies, other governmental units or private organizations.
 - e. **Federal Police Forfeiture Fund** – accounts for monies received for financial transactions involving confiscations through forfeitures.
 - f. **Police Training and Education Fund** – accounts for monies received for training and professional development.

- g. **Road Improvement Fund** – accounts for the financial resources to be used to pave streets, perform right-of-way grounds maintenance, and purchase and repair of equipment.
 - h. **State Police Forfeiture Fund** – accounts for financial transactions involving confiscations through forfeitures.
 - i. **Jenada Assessment Fund** – accounts for special assessment and is limited to residents located in the Jenada Isles neighborhood.
 - j. **Wilton Drive Improvement District Fund** – accounts for special assessment for the purpose of creating a cleaner, safer, and more attractive Wilton Drive.
3. **Capital Improvement Fund** – accounts for the acquisition of fixed assets or construction of capital projects financed by the General Fund. Funding for this fund is derived from federal, state, and local grants, and transfers from the General Fund.

Proprietary Fund Type

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to a commercial enterprise, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of the revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

1. **Water Utility Fund** (major fund) – use to account for maintaining the financial operations of the City’s water transmission lines.
2. **Sewer Utility Fund** (major fund) – use to account for maintaining the financial operations of the City’s wastewater transmission lines.
3. **Parking Fund** (major fund) – used to account for fees collected for the maintenance and capital improvement of the City’s parking system.
4. **Drainage Fund** – used to account for fees collected to maintain the City’s drainage system.
5. **Recycling Fund** – accounts for the revenues and expenditures associated with solid waste disposal and recycling. This is the second year this fund is accounted as an enterprise fund.

Budgetary Basis

The budgets of the *governmental funds* are prepared on a modified accrual basis of accounting. This means that revenues must be both measurable and available to liquidate liabilities of the current period. Likewise, expenditures generally are recognized when an event or transaction is expected to draw upon current expendable resources. There are no exception between the basis of budgeting and the basis of accounting for the governmental funds.

Budget for the proprietary funds are adopted using the accrual basis of accounting, which means that transactions and events are recognized as revenues/gains or expenditures/losses when they occur, regardless of the timing of related cash flows. The following are exceptions to the accrual basis of accounting, in the case of proprietary funds:

- Capital outlays are budgeted as expenditures
- Depreciation is budgeted
- Proceeds from the issuance of debt are considered to be revenues, not an increase in liabilities
- Principal payments are shown as expenditures rather than reduction of liabilities

Departments and Funds Relationships

| Governmental Funds | | |
|---|--|---|
| General Funds (major fund) | Special Revenue Funds | CIP Fund |

Life's Just Better Here

City of Wilton Manors Five-Year Strategic Plan Process Fiscal Year 2022-2023

The City of Wilton Manors began the process of updating its strategic plan in February 2020. The City hired a consultant to assist in the development of a new strategic plan in an improved format. However, the process of updating its five-year strategic plan for fiscal years 2021 – 2026 was put on hold for several months as a result of the COVID-19 pandemic. When the process was able to begin again, interviews were conducted with the City Commission and staff; the community and staff surveys were conducted; and developed an environmental scan of the City including:

- City demographics
- Financial position of the City
- Public safety
- Strengths and opportunities

In January 2021, a strategic plan workshop was held with the Commission. The Commission was asked to : 1) Affirm the vision, mission, and core organizational values; 2) Develop consensus priorities and goals; 3) Identify key objectives to achieve the goals; and 4) Discuss what success looks like in 2025. An initial draft of the goals and key objectives was developed in April 2021 for review by the Commission and staff. Goals were based on either challenges facing the City and/or what needed to be accomplished in order to fulfill the City’s mission statement and reach the City’s vision for the future. The final goals and key objectives document was approved by the Commission on June 8, 2021. The approved goals and key objectives can be found beginning on page A-78 of this budget book.

City staff began working on the implementation action plan (IAP) began shortly after approval of goals and key objectives by the City Commission. The IAP was prepared at the end of September 2021.

Message from Mayor Newton

Dear Wilton Manors Community Member:

The City Commission is pleased to present the Wilton Manors Strategic Plan for 2021 through 2026. The City has a history of preparing strategic plans to clearly articulate where Wilton Manors is headed, along with priorities and goals for the future. This Strategic Plan is the City's policy direction for decision-making and the allocation of resources in the years ahead. The process used to prepare it incorporated input from residents, business leaders, and other community stakeholders. This input was used to inform the Commissioners and City leaders in determining a path forward and the objectives required to achieve success.

Over the next five years, the Strategic Plan will help Wilton Manors City leaders prioritize and plan our work. This document is accompanied by an Implementation Action Plan, which we will use to communicate with you regularly about our progress and outcomes for each of the six goals included in the plan.

We are excited about the future of our vibrant *Island City* and look forward to continuing our commitment to diversity, growth, sustainability, transformation and meeting the needs of Wilton Manors residents.

Respectfully,

Scott Newton
Mayor
June 2021

Background

Introduction

The strategic planning efforts allowed community members and City leaders to establish what is important for future success by identifying opportunities for new initiatives that will support and enhance the desirability and attractiveness of the City as a destination for the LGBTQ community. Under the leadership of Mayor Justin Flippin, an update of the previous Strategic Plan was initiated in 2019. In July 2020, the City Commission agreed to delay its completion until after the November election and the new Mayor and at least one new Commission member were selected. This Strategic Plan is the result of an extensive process that engaged the community, City leaders, and staff to develop this policy and decision-making framework for the future.

Methodology

The process included interviews with the Mayor, Commissioners, City Manager, and leadership team; design and deployment of a community and employee survey; review of local and regional data; and a review of financial trends to lend context to the current and anticipated operating environment.

The resulting Strategic Plan elements (vision, mission, values priorities, goals, and objectives) were crafted during a Commission-led Strategic Planning Workshop held on January 28, 2021. The Plan includes six goals that address infrastructure improvements, economic development, quality of life and livability, efficient and high performing government, fiscal responsibility, and environmental sustainability. Accompanying the goals are key objectives and success measures. A separate Implementation Action Plan has been prepared to guide progress in achieving each goal.

Vision, Mission and Organizational Values

Vision

Wilton Manors is an inclusive, innovative, vibrant City with best-in-class services.

Mission

Improving the quality of life for Wilton Manors residents, businesses, and guests by delivering fiscally-sound, highly responsive services with pride and integrity.

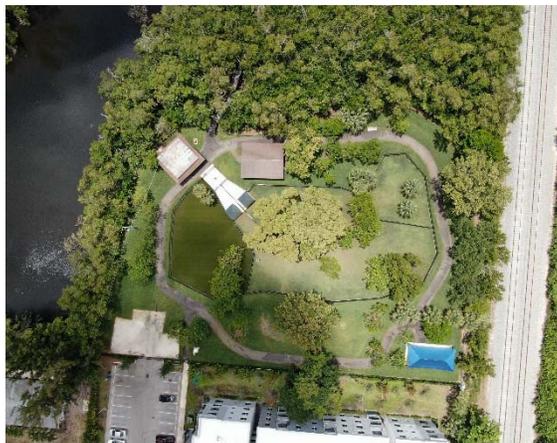

Organizational Values

We Value:

- *Honesty, Integrity, and Respect*
- *Transparency*
- *Cultural Diversity and Inclusion*
- *Fiscal Responsibility*
- *Customer-Friendly Service*
- *Strategic Innovation*
- *Sustainability*
- *Accountability*

City of Wilton Manors Goals

This Strategic Plan has six overarching goals as listed below. Each contains key objectives.

A. Advance Infrastructure Improvements

B. Promote Economic Development

C. Enhance Quality of Life and Livability

D. Cultivate Efficient and High Performing Government

E. Exhibit Fiscal Responsibility

F. Improve Environmental Sustainability

Goal A. Advance Infrastructure Improvements

Key Performance Indicators

- Completed projects in Water Wastewater and Stormwater Master Plan
- Percent reduction in lift station pump run times and flow volume due to improvements
- Percent increase in linear footage of water mains installed to replace aging pipes
- Percent change in number of new bicycle and pedestrian amenities
- Percent changed in miles of repaved roads
- Percent reduction in the number of days of roadway flooding
- Percent of Transportation Surtax projects completed

Key Objectives

1. Improve Water, Stormwater, and Wastewater Infrastructure
2. Improve, Roadway, Pedestrian, and Cyclist Infrastructure and Amenities
3. Identify Opportunities to Improve Transportation Flow

Goal B. Promote Economic Development

Key Performance Indicators

- Percent change in new businesses
- Average business tenure
- Percent change in number of tourists
- Percent change in total private investment for commercial activity

Key Objectives

1. Promote Business Retention and Attraction
2. Increase Density to Accommodate Mixed-Use Commercial and Residential Development
3. Ensure Application of Smart Growth Planning and Land Use Policies
4. Promote Wilton Manors as a Tourist Destination

Goal C. Enhance Quality of Life and Livability

Key Performance Indicators

- Percent of enforcement cases that are closed
- Percent change in annual uniform crime data
- Percent change in recreational program options
- Percent of residents rating the City as good or excellent for addressing service needs
- Creation of an Arts and Culture Policy by 2022

Key Objectives

1. Enhance Beautification through Progressive City Codes and Proactive Enforcement
2. Support Proactive Public Safety
3. Promote the Public Health and Welfare of City Residents
4. Assess and Adapt to the Changing Needs of Residents
5. Support Recreation and Open Space Programs and Initiatives
6. Develop a Public Arts and Culture Policy

Goal D. Cultivate Efficient and High Performing Government

Key Performance Indicators

- Completion of a Technology Master Plan by 2023
- Percent change in social media engagement by the City
- Collect and report benchmark data on four service areas by 2023
- Completion of a compensation and classification study by 2023

Key Objectives

1. Identify Operational Efficiencies and Improvements for City Departments and Programs
2. Develop a Technology Master Plan
3. Enhance Internal and External Communication
4. Achieve Greater Diversity on City Boards and Committees
5. Initiate Municipal Benchmarking
6. Ensure the City is Competitive in Attracting and Retaining a Diverse, High-Quality Workforce

Goal E. Exhibit Fiscal Responsibility

Key Performance Indicators

- Achieve a balanced budget in all fund groups
- Percent of planned infrastructure projects that are funded
- General Fund unassigned fund balance of 15% or higher

Key Objectives

1. Develop a Long-Term Funding Plan for Infrastructure Projects
2. Assess and Evaluate the Use and Necessity of City Owned Real Estate

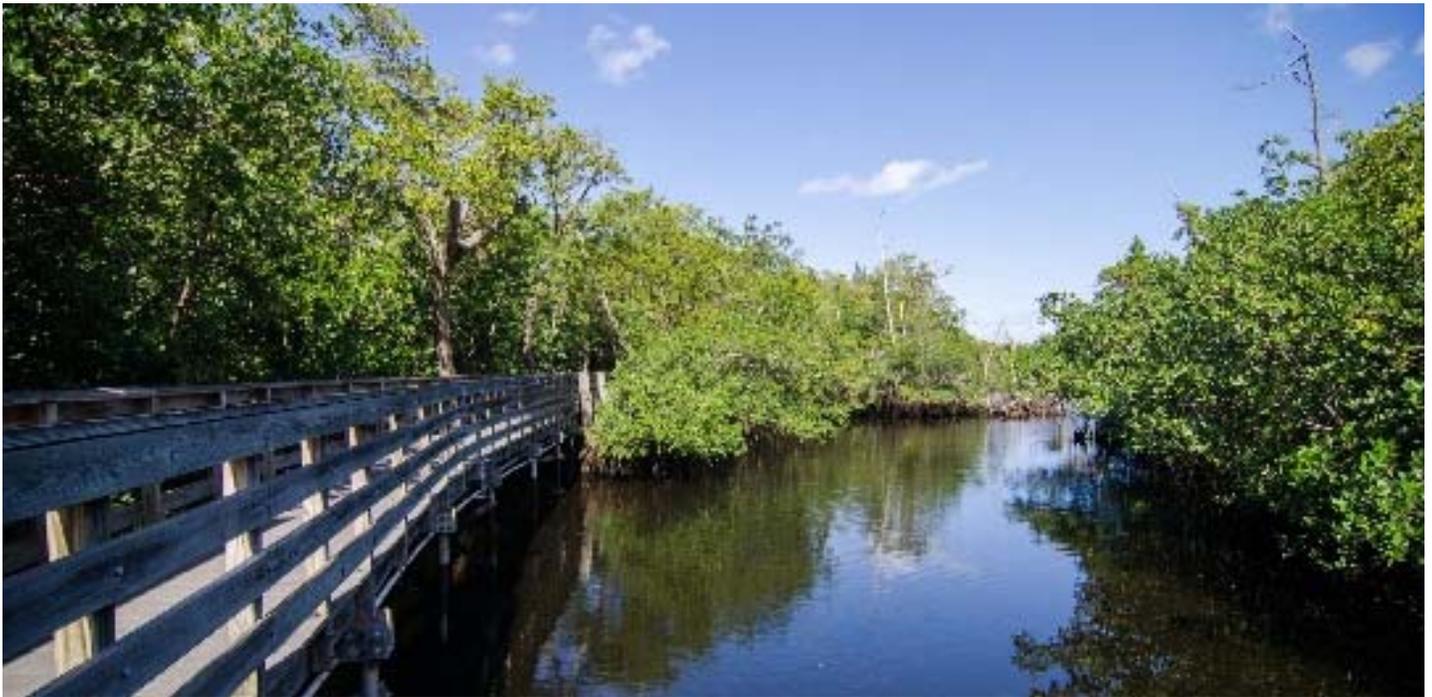

Goal F. Improve Environmental Sustainability

Key Performance Indicators

- Completion of vulnerability assessment by 2023
- Begin a mitigation plan by 2022
- Percent change in community's overall carbon footprint
- Percent of goals achieved in the Climate Resiliency Plan
- Percent change in ride share discounts

Key Objectives

1. Advance City's Climate Resiliency Plan
2. Initiate a Mitigation Plan
3. Reduce the City's Carbon Footprint by at Least 1% Each Year through 2028
4. Identify Resources to Support Climate Resiliency by Residents and Businesses
5. Incentivize Less Dependence on Fossil Fuels

This Strategic Plan provides a clear path forward for the City of Wilton Manors. City leaders are committed to achieving the goals and objectives through the planned allocation of resources over the next five years. Doing so will make Wilton Manors an attractive place for all residents, businesses, and visitors, promote a diversity of businesses, and maintain our critical infrastructure. The City Manager and the Executive Leadership Team will finalize the Implementation Action Plan to guide our actions and track our progress over time. The action plan is a tool that will be reviewed periodically to ensure it remains current with the Commission's policy priorities in future years.

Successful implementation will require a collective effort by City employees in all departments and continued partnerships with external partners. The City of Wilton Manors is committed to working collaboratively with members of our community and periodically communicating with residents and businesses about how we are doing, how we are going about our work, and how well we are meeting the goals of the plan.

We look forward to working with you to ensure our City is vibrant, progressive, and committed to improving the prosperity of all residents.

| |  Kimberley Allonce | <ul style="list-style-type: none"> Promote Wilton Manors as a Tourist Destination | <ul style="list-style-type: none"> Engage local business and other organizations to develop a comprehensive destination marketing campaign | <p>City has contracted with RMA for a Market Analysis & Branding Strategy Study; study is expected to be completed in May 2022.</p> <p>This strategy will be implemented after the completion of the Market Analysis and Branding Strategy Study.</p> | <ul style="list-style-type: none"> Percent change in number of tourists year over year. |
| <ul style="list-style-type: none"> Develop tools and resources to support tourism marketing | | | <p>Staff works closely with Visit Fort Lauderdale and the Greater Fort Lauderdale LGBTQ+ Chamber to leverage marketing opportunities.</p> <p>Staff has placed ads in the 2021/2022 Travel Host Pocket Saver and the Greater Fort Lauderdale LGBTQ+ Travel Guide.</p> | | |
| <ul style="list-style-type: none"> Work with Visit Florida and Visit Lauderdale to actively promote Wilton Manors | | | <p>Staff has just renewed the City's membership with Visit Florida and continues to collaborate with Visit Fort Lauderdale to leverage marketing efforts.</p> | | |
| <ul style="list-style-type: none"> Create strategies to support the hospitality industry in the City | | | <p>City has contracted with RMA for a Market Analysis & Branding Strategy Study; study is expected to be completed in May 2022.</p> | | |
| <ul style="list-style-type: none"> Research best practices to enhance visitor experience in the City | | | <p>Staff is currently exploring ways to further enhance the visitwiltonmanors.com website by possibly adding a Virtual Visitor Center section.</p> | | |
| | | | | | |
| Goal C: Enhance Quality of Life and Livability |  Pamela Landi | <ul style="list-style-type: none"> Enhance Beautification through Progressive City Codes and Proactive Enforcement | <ul style="list-style-type: none"> Research best practices legislation for updating city codes to enhance beautification | <p>Complete.</p> | <ul style="list-style-type: none"> Number of Code violations identified at each property. |
| | | | <ul style="list-style-type: none"> Identify the legislation best suited for Wilton Manors | <p>PD staff remains active participants in our City's Code Re-Write initiative with our Commission to elevate our current day standards to meet current day demands, and community expectations.</p> | |
| | | | <ul style="list-style-type: none"> Engage with the City Commission to pass identified legislation | <p>Completed code rewrites expected by August 2022.</p> | |

| Goals | Responsible Party | Key Objectives | Strategies | Progress/Status/Notes | Key Performance Indicators |
|-------|------------------------|---|--|--|---|
| | | | <ul style="list-style-type: none"> ■ Research best practices for proactive code enforcement | <p>Complete.</p> <ul style="list-style-type: none"> • Code Compliance identified prospective vacation rental identification services to proactively identify these specific operations, and will request financing of this resource in FY/22/23. • Code Compliance educated themselves on noise measurement solutions so property owners can proactively monitor noise at their property to self-regulate in alliance with our ordinances. Our code unit encourages the use of this technology by members of our community as appropriate. • Code Compliance remained nimble adding two Special Magistrate meetings to accommodate additional code cases that were opened, and had the need for this due process. • Our Code Compliance Unit transitioned to a complete digital case file within CitizenServe to assist with the retention and recall of information, and enable digital presentations at our Special Magistrate meetings. | |
| | | | <ul style="list-style-type: none"> ■ Determine the best practices most suited for Wilton Manors | <p>Complete.</p> | |
| | | | <ul style="list-style-type: none"> ■ Adjust code enforcement procedures to include proactive enforcement practices | <p>Complete and ongoing.</p> | |
| | <p>PL Pamela Landi</p> | <ul style="list-style-type: none"> ■ Support Proactive Public Safety | <ul style="list-style-type: none"> ■ Determine appropriate proactive public safety measures (such as license readers, increased neighborhood patrols, etc.) | <p>The process for the annual procedure to evaluate crime trends in the community, previously known as the Uniform Crime report (UCR) is being modified by the state and federal governments. More information will be available in August 2022.</p> | <ul style="list-style-type: none"> ■ Percent change in annual uniform crime data |

| Goals | Responsible Party | Key Objectives | Strategies | Progress/Status/Notes | Key Performance Indicators |
|-------|-------------------|----------------|--|--|----------------------------|
| | | | <ul style="list-style-type: none"> Assess current public safety technology and determine if there is a need for upgraded technology | <p>The Wilton Manors Police Department is assessing the need for upgraded technology in several ways. First, the WMPD is attending training seminars and law enforcement exclusive symposiums to evaluate new and emerging technology. This technology will be evaluated and compared to existing equipment and practices to evaluate the possibly need for more efficient or more cost-effective alternatives. In addition, the WMPD is in the process of implementing a BWC (Body Worn Camera) program that was funded for fiscal year 2021/22. The department is currently evaluating existing BWC contracts to “piggyback” for implementation by summer of 2022. LPR technology is being evaluated for implementation throughout the City to enhance public safety and to improve investigative options for officers and detectives to solve crime. The WMPD is also evaluating CCTV (Closed Circuit Television) cameras for installation on Wilton Drive. These CCTV and LPR cameras will be connected to the RTCC (Real Time Crime Center), which is located at the Broward County Sheriff’s Office. If these cameras are installed and the programs implemented, then the RTCC and WMPD will have the ability to provide enhanced safety and intelligence to our officers, and our community during large gatherings, festivals, and other rapidly during busy holiday and weekend times along Wilton Drive.</p> | |

| Goals | Responsible Party | Key Objectives | Strategies | Progress/Status/Notes | Key Performance Indicators |
|-------|------------------------|---|---|---|--|
| | | | <ul style="list-style-type: none"> ■ Identify funding including repurposing of existing funding to support the identified proactive public safety measures and technology improvements | <p>Ongoing.</p> <p>The Wilton Manors Police Department applied for a Small, Rural and Tribal (SRT) Micro Grant to assist with the funding for the Body Worn Camera program. The WMPD received notification that the grant was not funded for this year and the WMPD will take the opportunity to apply for this grant again in 2022. The WMPD will be using LETF forfeiture funds that are currently at BSO to fund the LPR project in phase 1, the two sign boards and a Explosives Detection Interdiction Canine. The WMPD will be looking into Justice Assistance Grants (JAG) and Community Oriented Policing Services (COPS) grants to provide funding for proactive traffic enforcement and public safety initiatives.</p> <p>The Wilton Manors Police Department was awarded a \$7,261.60 grant from the Florida Department of Law Enforcement to support our agency's transition to the new crime reporting system National/Florida Incident Based Reporting Systems (NIBRS/FIBRS).</p> | |
| | <p>PL Pamela Landi</p> | <ul style="list-style-type: none"> ■ Promote the Public Health and Welfare of City Residents | <ul style="list-style-type: none"> ■ Identify city and county health and wellness partner organizations and wellness initiatives ■ Develop a plan for communicating and updating health and wellness resources for residents and visitors ■ Initiate campaign ■ Complete Campaign | <p>This strategy is scheduled for 2023</p> <p>This strategy is scheduled for 2023.</p> <p>This strategy is scheduled for 2023.</p> <p>This strategy is scheduled for 2024.</p> | <ul style="list-style-type: none"> ■ Percent of residents rating the City as good or excellent for addressing service needs |

| Goals | Responsible Party | Key Objectives | Strategies | Progress/Status/Notes | Key Performance Indicators |
|---|-------------------|--|---|---|--|
| | PL Pamela Landi | ■ Adapt to the Changing Needs of Residents | ■ Develop a survey of residents to understand their needs | LS will be implementing a Needs Assessment survey to determine what residents would like to see for Leisure Services programs and events. The survey will initiate on 5/1/22 and results will be reported around 10/30/22. The City will conduct its biannual Customer Satisfaction Survey in November 2022. | ■ Percent of residents rating the City as good or excellent for addressing service needs |
| ■ Deploy the survey to residents through the newsletter and social media | | | The City will conduct its biannual Customer Satisfaction Survey in November 2022. | | |
| ■ Analyze the results to understand resident needs | | | This strategy is scheduled for February 2023. | | |
| ■ Develop programs and policies to address the changing needs of residents | | | This is an ongoing strategy based on input from residents. One example is the multiple requests in 2021 for pickleball courts. After assessing the potential, staff created two temporary courts in mid-2021, which has now transitioned to three permanent courts. | | |
| | PL Pamela Landi | ■ Support Recreation and Open Space Programs and Initiatives | ■ Engage with residents to identify their preferred recreation and open space programs and initiatives | The LS Needs Assessment survey will achieve this strategy. | ■ Percent change in recreational program options |
| ■ Identify existing city facilities or land that can support the preferred recreation and open space programs and initiatives | | | This strategy is scheduled for January 2023 and results will be reflected in budget request for 2023-2024. | | |
| ■ Incorporate the identified recreational activities and programs into the City's leisure services offerings | | | This strategy is scheduled for October 2024. | | |
| ■ Partner with community groups to support existing recreational and open space programs | | | Ongoing, with a report on community partnerships scheduled for August 2022. | | |
| | | | | | |

Life's Just Better Here

FY 2022-23 Budget: Strengthening our Foundation & Investing in our Future

FY 2022-23 BUDGET BY STRATEGIC GOAL

Life's Just Better Here

Strategic Plan Goals

A. Advance Infrastructure Improvements

- Improve water, stormwater, and wastewater infrastructure \$6,956,000
- Improve roadway, pedestrian, and cyclist Infrastructure and amenities \$ 635,000
- Identify opportunities to improve transportation flow \$ 122,000

B. Promote Economic Development

- WiltonNext \$ 30,000
- Promote business retention and attraction \$ 65,000
- Promote Wilton Manors as a tourist destination \$ 94,000

Not intended to be an exhaustive list of all items budgeted.

Life's Just Better Here

Strategic Plan Goals

C. Enhance Quality of Life and Livability

- | | |
|--|-----------|
| ◦ Proactive Public Safety | \$930,000 |
| ◦ Develop a Public Arts and Culture Policy | \$ 5,000 |
| ◦ Support Recreation and Open Space Programs and Initiatives | \$717,000 |

Not intended to be an exhaustive list of all items budgeted.

Life's Just Better Here

Strategic Plan Goals

D. Cultivate Efficient and High Performing Government

- Identify Operational Efficiencies and Improvements for City Departments and Programs \$ 25,000
- Enhance Internal and External Communication \$139,000
- Initiate Municipal Benchmarking \$ 5,000
- Ensure the City is Competitive in Attracting and Retaining a Diverse, High-Quality Workforce \$837,000

Not intended to be an exhaustive list of all items budgeted.

Strategic Plan Goals

Life's Just Better Here

E. Exhibit Fiscal Responsibility

F. Improve Environmental Sustainability

- Advance City's Climate Resiliency Plan \$ 15,000
- Reduce the City's Carbon Footprint by at Least 1%
Each Year through 2028 \$250,000

Not intended to be an exhaustive list of all items budgeted.

Life's Just Better Here

Commission's Goals

| | |
|---------------------------------|----------------|
| Employee Training | \$ 154,000 |
| Beautification | \$ 130,000 |
| Marketing the City | \$ 107,000 |
| Transportation & Traffic Issues | \$ 635,000 |
| Technology | \$ 868,000 |
| Infrastructure | \$ 6,956,000 * |

** An additional \$5,376,390 is being funded from ARPA funding*

Not intended to be an exhaustive list of all items budgeted.

City of Wilton Manors Accomplishments

October 2021 through May 2022

Advance Infrastructure Improvements

- Executed a new Large User Wastewater Agreement with the City of Ft Lauderdale. The agreement is for a 20-year term, to March 2042, with an option to renew for an additional 20 years.
- Issued \$440,100 in purchase orders for water, wastewater, infrastructure including maintenance, project engineering and inventory. An additional \$599,275 in purchase orders including maintenance and project engineering will be issued by June 30.
- Executed ILAs and commenced construction or design for three surtax funded transportation infrastructure projects – Wilton Drive, NE 15 Avenue and NE 26 Street.

Promote Economic Development

- Implemented Article 30, Urban Center Mixed Use zoning regulations.
- Initiated the construction of an irrigation system and installation of landscape on Wilton Drive.
- Leveraged \$35,000 from the State of Florida for Economic Development planning
- Hosted the January 2022 Developer Forum
- Completed the Market Analysis & Branding Strategy (WiltonNext) Study
- Hosted the City's First Small Business Week Reception in Partnership with WMBA
- Approved more than \$22,000 in Business Enhancement Grants
- Conducted more than 50 Business Visits

Enhance Quality of Life and Livability

- Completed and adopted about 75% of a complete rewriting of the outdated city code.
- Negotiated with Broward County the terms for land acquisition of 1.43 acres of park land on Wilton Drive identified as Site 92.
- Collaborated with Art Walk Wilton Manors to install a temporary art sculpture at Rachel Richardson Park.
- Collected \$48,000 in facility rental revenues for the first six months of the fiscal year, the highest amount ever for the period.
- Assisted with successful state grant applications for improvements at Hagen Park, including \$480,000 for adding new pickleball courts, a new tot lot, a small basketball court and a connective walking trail, and possibly energy efficient lighting of the multi-purpose court at Hagen Park.
- Began a 2022 Citywide Needs Assessment of recreation and library needs with a questionnaire on survey monkey.
- Processed 43 special event permits

- Executed 20+ special events, with many setting attendance records.
- Adopted a historic preservation ordinance.
- Completed the west side drainage project with approximately \$200,000 in CDBG funds

Cultivate Efficient and High Performing Government

- **Traffic Safety**

Initiated a traffic safety action plan (DDACTS – Data Driven Approach to Crime and Traffic Safety) in February 2022. This DDACTS action plan was initiated to improve traffic safety and to provide increased education and enforcement (E & E) for our Island City roadway users. It was also partly in response to a horrific traffic crash that occurred on NW 9 Avenue in December 2021 involving six children. In April 2022, a full-time traffic officer position was also staffed.

Traffic crash and traffic E & E data was compared for the first four months of 2022 to the same period the previous year, 2021. The analysis of this data showed a decrease in traffic crashes, and an increase in E & E activity (traffic citations, warnings and traffic stops). These analytics are summarized in the below tables:

TRAFFIC CRASHES (Jan - Apr)

Metric Goal = % -

| TYPE OF CRASH | 2021 | 2022 | CHANGE |
|------------------------|------|------|-------------|
| ALL crashes | 177 | 152 | -14% |
| Vehicle vs. Pedestrian | 11 | 7 | -36% |
| Vehicle vs. Bicycle | 4 | 1 | -75% |
| Fatality | 1 | 1 | None – even |

TRAFFIC EDUCATION AND ENFORCEMENT (Jan - Apr)

Metric Goal = % +

| TRAFFIC E & E | 2021 | 2022 | CHANGE |
|--------------------------|------|------|--------|
| Citations issued | 578 | 728 | +26% |
| Warning citations issued | 132 | 281 | +113% |
| Traffic stops conducted | 523 | 627 | +20% |

- Painted the exteriors of Richardson Historic Park, ICPP, and Hagen Park.
- Facilitated the upgrades of HVAC systems at all city facilities.
- Reinforced the dock area of Colohatchee Boat Ramp.
- Provided over 2,300 hours of service to the community by library staff, providing new library cards, book deliveries, curbside pickup, assistance with eMaterials, Interlibrary Loans, the use of Public Access Computers, and free wi-fi.
- Received a State Aid grant of over \$12,000 from the State Library. These funds supplemented the Library’s book budget, funded our Mango Languages service, and allowed for expanded eResources.
- Provided for a total of 6,635 patrons borrowed a total of 53,631 items.

- Initiated an Information Technology Master Plan process, which will result in a report expected by August 2022.
- Initiated a system upgrade of the utility billing technology.
- Adopted an administrative site plan and waiver process, which will streamline the permit process for small scale residential renovations.
- Completed a classification and compensation study.

Exhibit Fiscal Responsibility

- Established additional Senior homestead exemptions effective January 1, 2022
- Developed and implemented the City's first Purchasing Procedures and Policy Manual
- Received two awards from the Government Finance Officers Association, *Certificate of Achievement for Excellence in Financial Reporting* and *Distinguished Budget Presentation Award*
- Received a clean audit for FY 2020-21
- Increased the amount of P-Card Rebates by 27.1% or \$28,570 for a total receipt of \$134,112.
- Adopted a policy for providing support to non-profit organizations serving the Wilton Manors community.

Improve Environmental Sustainability

- Awarded a grant for a sea level rise vulnerability assessment, which will be conducted between August 2022 and May 2023
- Completed a successful tree giveaway event for residents, distributing over 500 trees and shrubs, increasing tree canopy.

**LONG-RANGE FORECAST FOR GENERAL FUND,
WATER UTILITY AND SEWER UTILITY FUNDS**

The City of Wilton Manors prepares long-range forecasts for the general (operating) fund and the water and sewer utility funds. These funds make up 76.6% of the City’s total budget for all funds.

General Fund Projections

The General Fund is the City’s primary fund for the general operations of the City and makes up approximately 47% of the City’s total budget. The most recent long-range forecast can be found below.

**GENERAL FUND LONG-TERM PROJECTIONS
FISCAL YEAR 2022-2023 BUDGET**

| DESCRIPTION | 2022-23 | 2023-24 | 2024-25 | 2025-26 | 2026-27 | 2027-28 |
|---------------------------------------|-------------------|--------------------|--------------------|--------------------|--------------------|--------------------|
| Revenues | | | | | | |
| AD VALOREM TAXES | \$11,093,406 | \$11,759,011 | \$12,229,370 | \$12,596,252 | \$12,974,139 | \$13,363,364 |
| UTILITY SERVICES TAXES | 2,433,100 | 2,384,438 | 2,336,749 | 2,376,006 | 2,399,728 | 2,400,039 |
| PERMITS, FEES, & SPECIAL ASSESSMENT | 2,487,400 | 2,736,140 | 3,009,755 | 3,160,241 | 3,255,049 | 3,287,600 |
| INTERGOVERNMENTAL | 1,615,640 | 1,686,000 | 1,736,578 | 1,788,677 | 1,842,336 | 1,897,607 |
| CHARGES FOR SERVICES | 2,434,766 | 2,434,765 | 2,434,769 | 2,434,768 | 2,434,765 | 2,434,767 |
| FINES & FORFEITS | 352,050 | 352,135 | 285,218 | 301,253 | 328,451 | 323,821 |
| OTHER & MISCELLANEOUS | 2,656,452 | 2,656,454 | 2,257,982 | 1,919,288 | 1,919,288 | 1,919,287 |
| TOTAL Revenues | 23,072,814 | 24,008,943 | 24,290,421 | 24,576,485 | 25,153,756 | 25,626,485 |
| Expenditures | | | | | | |
| TRANSFERS OUT | 1,327,836 | 0 | 0 | 0 | 0 | 0 |
| PERSONNEL WAGES | 8,671,906 | 9,163,161 | 9,621,320 | 10,102,385 | 10,607,508 | 11,137,884 |
| PERSONNEL BENEFITS | 5,265,565 | 5,528,842 | 5,805,281 | 6,095,551 | 6,400,328 | 6,720,344 |
| OPERATING EXPENDITURES | 7,133,579 | 5,101,878 | 5,387,009 | 5,670,574 | 5,866,759 | 5,831,959 |
| DEBT SERVICE | 637,470 | 637,469 | 637,470 | 637,470 | 637,470 | 637,471 |
| TOTAL Expenditures | 23,036,356 | 20,431,350 | 21,451,080 | 22,505,980 | 23,512,065 | 24,327,658 |
| NET OF REVENUES/APPROPRIATIONS | \$36,458 | \$3,577,593 | \$2,839,341 | \$2,070,505 | \$1,641,691 | \$1,298,827 |

Revenue assumptions – Increases in ad valorem receipts are projected to be: FY24 – 6%; FY 25 – 4%; and FY26 through FY28 – 3%. Permits, fees, & special assessments are expected to increase by 10% in FY24 and FY 25 due to significant development planned within the City; FY26 – 5%; FY27 and FY 28 – 3%. Other &

miscellaneous revenues are expected to reduce in FY26 due to the elimination of interfund transfer from sewer utility fund and remain relatively flat through FY 28.

Expenditure assumptions – Personnel wages and benefits are projected to grow by 5% each year for FY24 through FY28, driven by the City’s pay adjustment policy which call for a COLA equal to change in CPI or 3%, whichever is less, and up to 3% merit increase. Rolling weighted average was used to estimate operating expenditures. Transfers out would be to fund the capital improvement fund. The amount transferred each year is dependent on budget requests and available funds. For these projections, the transfer is not projected in order to calculate a projected funds available amount (net of revenues/appropriations).

Water Utility Fund Projections

The water utility fund is an enterprise fund used to account for the purchase and distribution of drinking water to residents and businesses within the City. It makes up approximately 15% of the total budget. The most recent long-range forecast can be found below.

**WATER UTILITY FUND LONG-TERM PROJECTIONS
FISCAL YEAR 2022-2023 BUDGET**

| DESCRIPTION | 2022-23 | 2023-24 | 2024-25 | 2025-26 | 2026-27 | 2027-28 |
|---------------------------------------|------------------|------------------|------------------|------------------|------------------|------------------|
| Revenues | | | | | | |
| PERMITS, FEES, & SPECIAL ASSESSMENT | \$6,500 | \$30,375 | \$16,678 | \$17,406 | \$15,492 | \$17,290 |

| OTHER & MISCELLANEOUS | 2,248,330 | 2,248,329 | 2,248,329 | 2,248,330 | 2,248,330 | 2,248,329 |
| TOTAL Revenues | 7,413,630 | 7,540,681 | 7,632,222 | 7,740,296 | 7,847,873 | 7,961,351 |
| Expenditures | | | | | | |
| TRANSFERS OUT | 589,494 | 474,792 | 310,093 | 90,493 | 90,493 | 90,493 |
| PERSONNEL WAGES | 215,058 | 225,811 | 237,102 | 248,956 | 261,405 | 274,474 |
| PERSONNEL BENEFITS | 106,943 | 112,289 | 117,904 | 123,800 | 129,990 | 130,974 |
| OPERATING EXPENDITURES | 2,922,943 | 2,869,745 | 2,869,747 | 2,869,749 | 2,869,749 | 2,869,749 |
| CAPITAL | 3,135,293 | 3,160,814 | 3,224,029 | 3,288,510 | 3,354,280 | 3,421,366 |
| DEPRECIATION | 443,900 | 403,665 | 412,772 | 420,552 | 424,959 | 421,170 |
| TOTAL Expenditures | 7,413,631 | 7,247,116 | 7,171,647 | 7,042,060 | 7,130,876 | 7,208,226 |
| NET OF REVENUES/APPROPRIATIONS | \$0 | \$293,561 | \$460,576 | \$698,238 | \$717,000 | \$753,128 |

Revenue assumptions - Charges for services are estimated to increase by 2% each year to cover increases in operating costs. Other revenues are adjusted based on rolling weighted average.

Expenditure assumptions - Personnel wages and benefits are projected to grow by 5% each year for FY24 through FY28, driven by the City's pay adjustment policy which call for a COLA equal to change in CPI or 3%, whichever is less, and up to 3% merit increase. Rolling weighted average was used to estimate operating expenditures. Any future increases in the cost of water will be passed through to consumers, as a result, estimates have not been included for increases in the price per gallon for water purchases. Capital expenditures are expected to increase 2% each year. Transfers out are projected to reduce significantly by FY26 due to the elimination of an interfund transfer to the general fund. Only the payment in lieu of taxes will continue.

2022-2023 BUDGET**

MAJOR REVENUE SOURCES

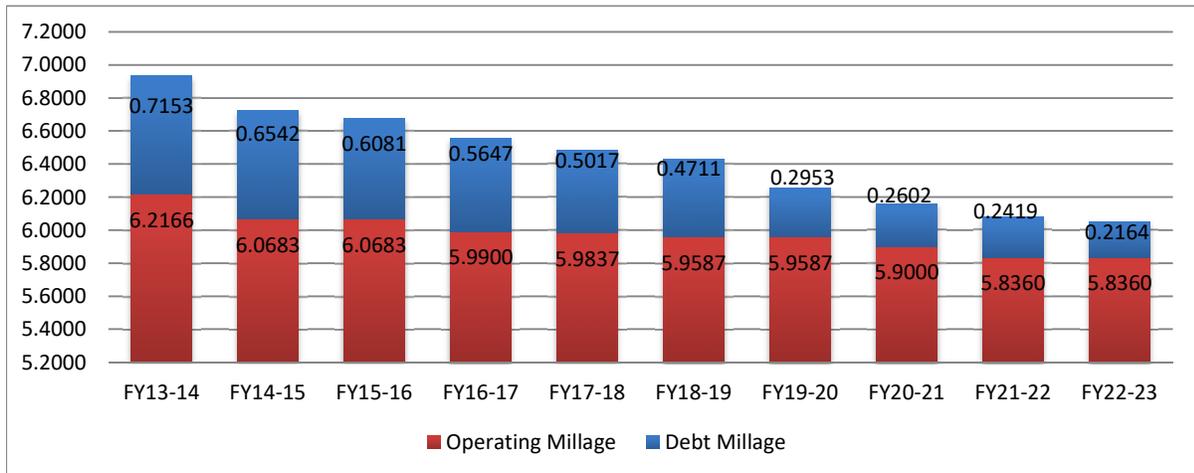

Governmental Funds

Property Tax - Operating Current

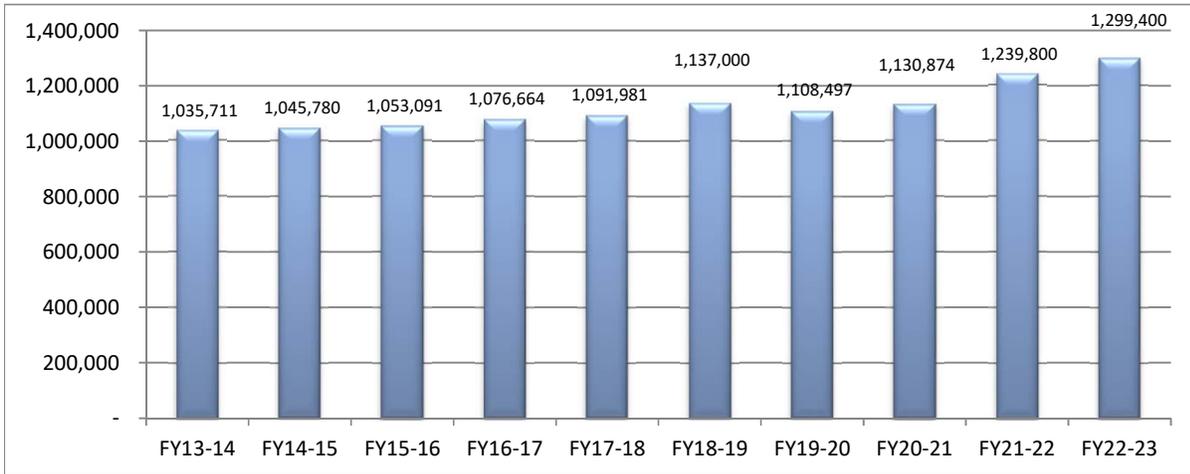

The major revenue source funding of the City of Wilton Manor's general operations continues to be property taxes. Property taxes are authorized by Chapter 166, Florida Statutes. The Florida Constitution limits local governments to a maximum of 10 mills of Ad Valorem taxation. The City's Taxable Value at June 1, 2022 is \$1,861,953,054, a total overall increase of 11.03% over last year. The recommended millage rate for operating purposes is 5.8360, the same as last year. The increase in property values brings in additional revenue of \$983,463.

Ad Valorem Tax Rate History

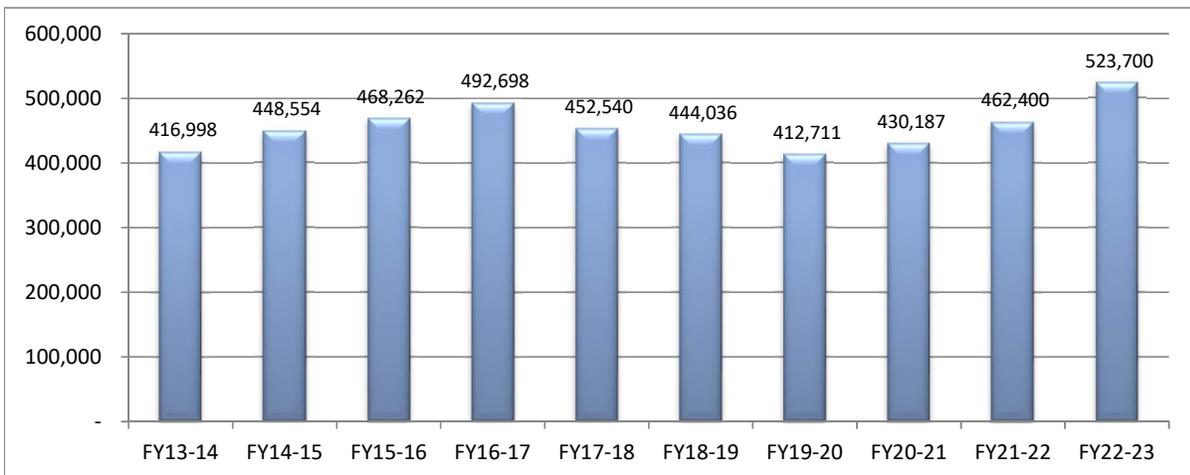

10% Utility Tax - Electric

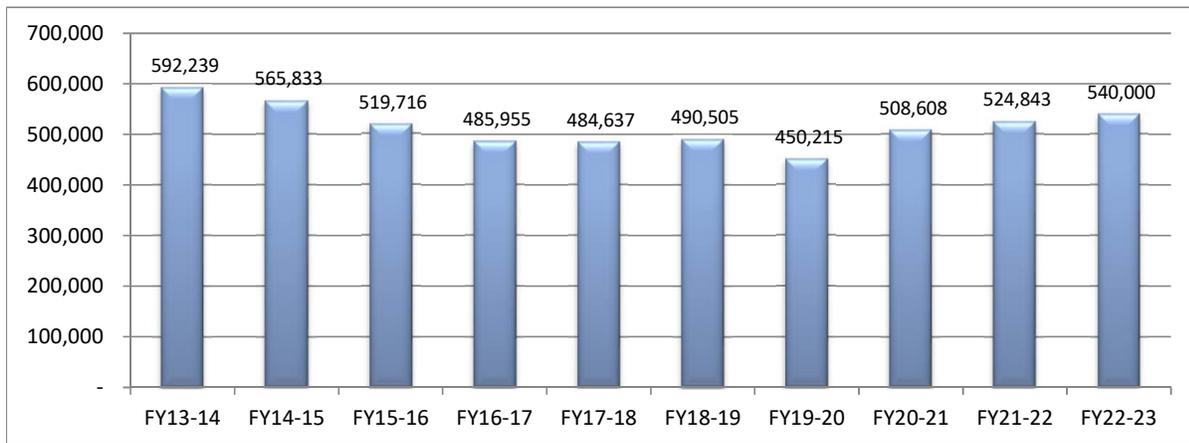

Section 166.231(1)(A), Florida Statutes, authorizes a city to collect Public Service or Utility Taxes. The City levies a 10% utility tax on electricity provided by FPL to the residents of the city.

10% Utility Tax - Water

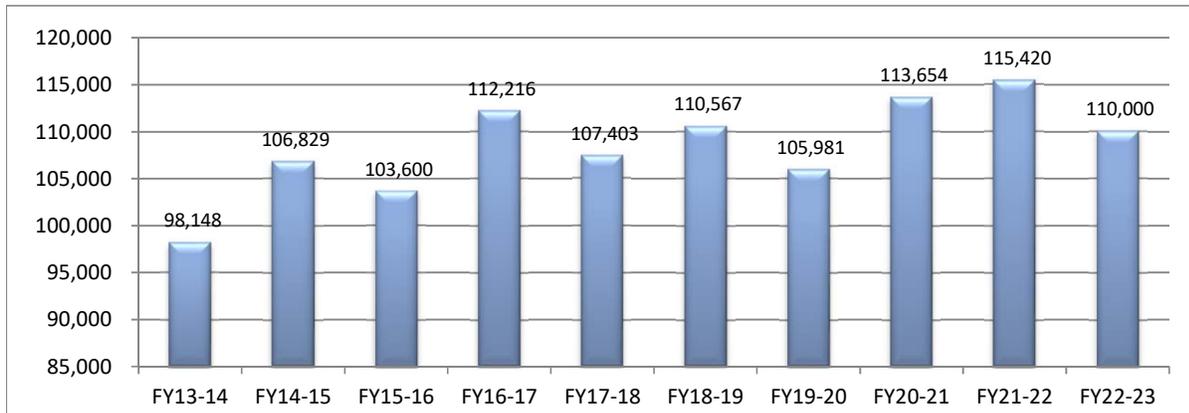

The City levies the 10% utility tax on water services. The revenue estimate is 10% of projected water revenue of the Utility Fund.

Communication Service Tax

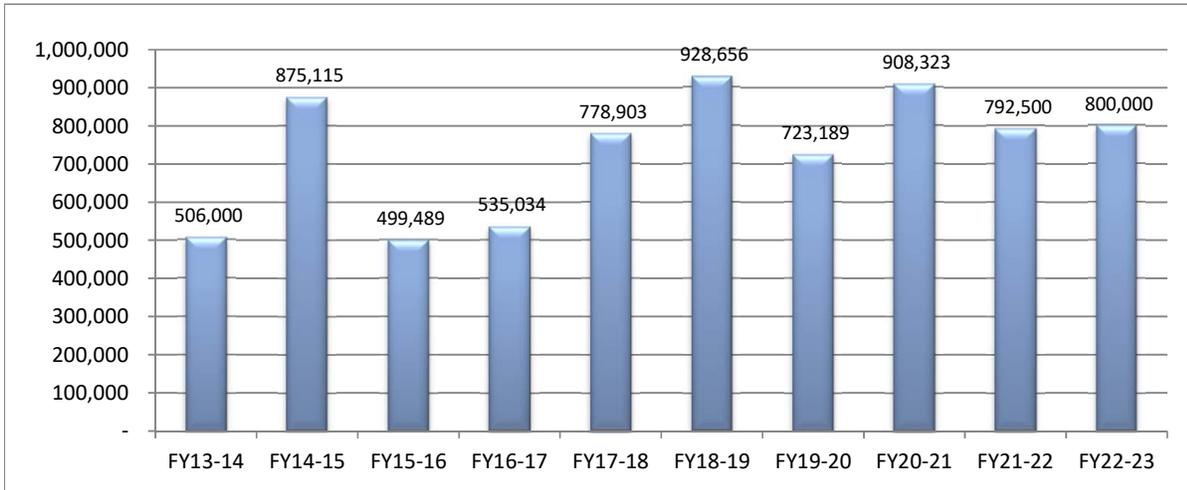

Communications Service Tax (CST) applies to telecommunications, video, direct-to-home satellite, and related services. The tax is imposed on retail sales of communications services which originate and terminate in the state and are billed to an address within the state. The CST revenue is collected and distributed by the State of Florida.

Local Business Tax

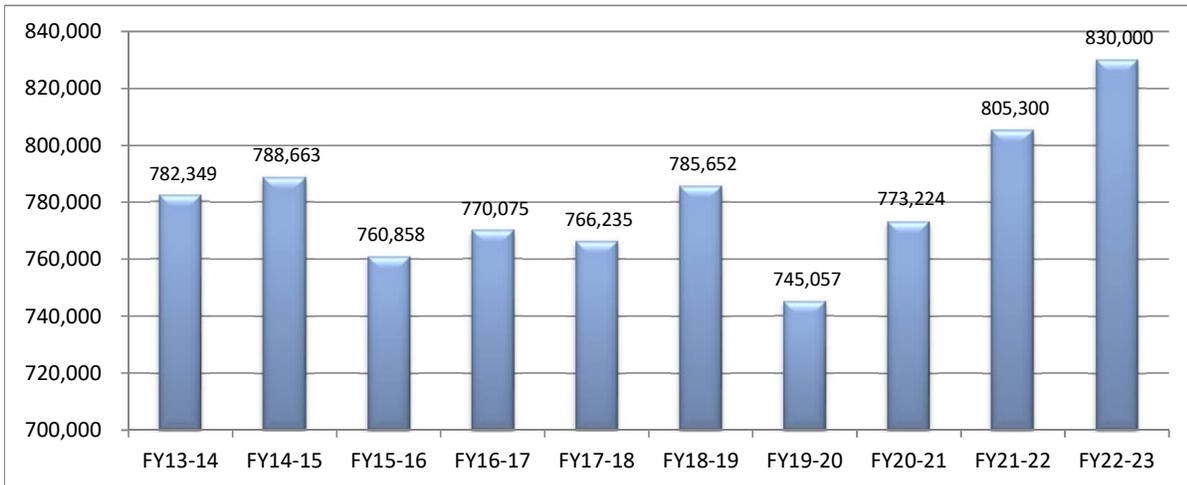

Pursuant to Chapter 205, Florida Statutes, the City has adopted an ordinance imposing a business tax for the privilege of engaging in or managing any business, profession, or occupation within the City. Business tax receipt fees vary based on the type of business.

Building Permits

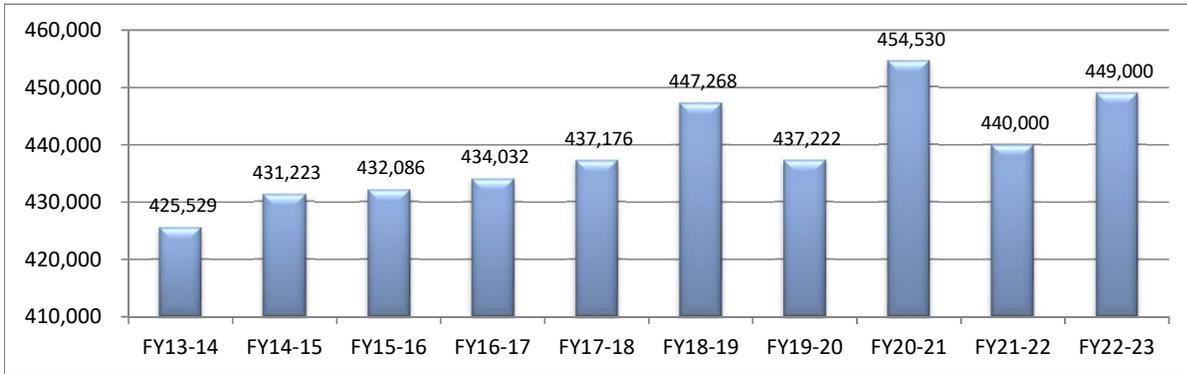

Permits must be obtained by individuals or businesses that perform construction work within City limits. These permits are issued for construction such as plumbing, electrical, structural, mechanical, etc. The fees are set by Ordinance or Resolution. A significant increase in revenue occurred in 2015 as a result of the construction of a 179-unit rental community during that year.

Franchise Fee - Electric

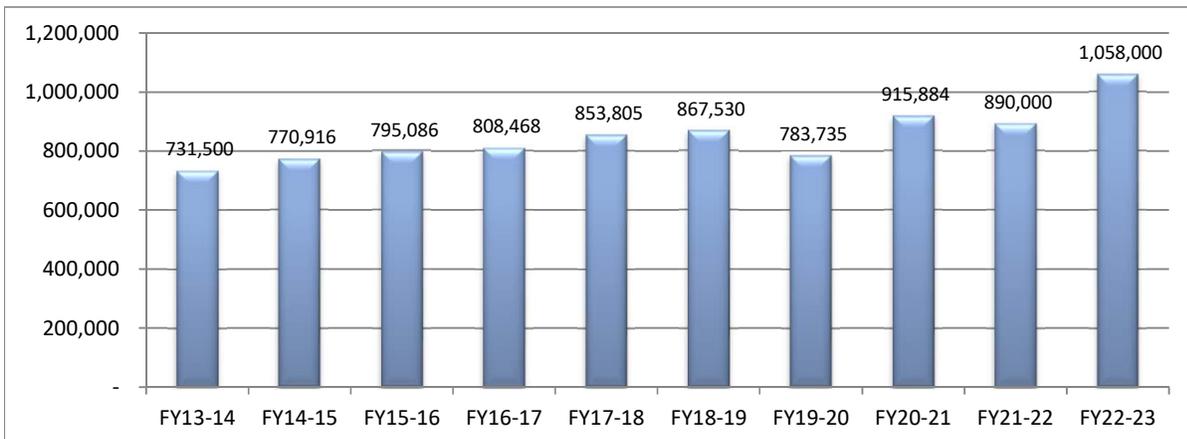

A city may charge electric companies for the use of its right-of-way per Florida Statute 166.021 and 337.401. The City enacted Ordinance 927 granting Florida Power and Light Company an electric franchise in exchange for a 5.9% fee.

State Revenue Sharing

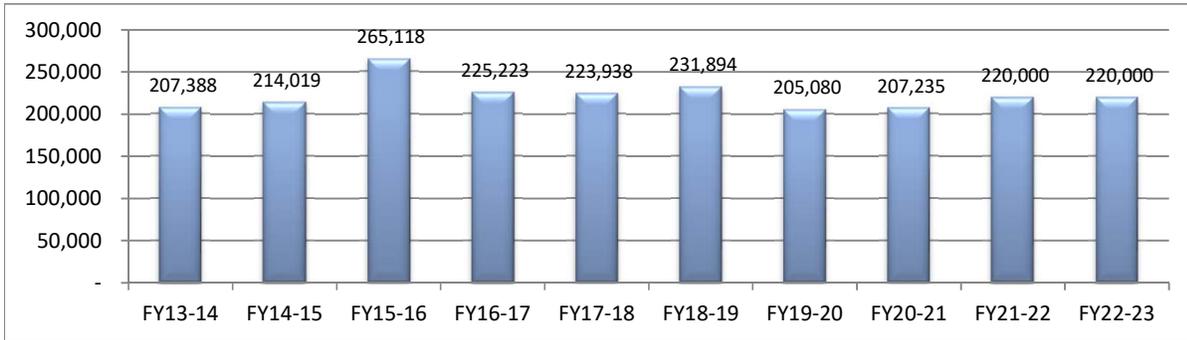

The Florida Revenue Sharing Act of 1972 was a major attempt by the Legislature to ensure a minimum level of revenue parity across units of local government. Provisions in the enacting legislation created the Revenue Sharing Trust Fund for Municipalities, which currently receives 1.3653 percent of sales and use tax collections and the net collections from the one-cent municipal fuel tax. B166 Effective January 1, 2014, the trust fund no longer receives 12.5 percent of the state alternative fuel user decal fee collections due to the repeal of the annual decal fee program for motor vehicles powered by alternative fuels. However, beginning January 1, 2019, 25 percent of the 4 cents of excise tax levied upon each motor fuel equivalent gallon of natural gas fuel, pursuant to s. 206.9955(2)(a), F.S. shall be transferred to the trust fund. (Source: Local Government Financial Information Handbook, Office of Economic and Demographic Research)

Half Cent Sales Tax

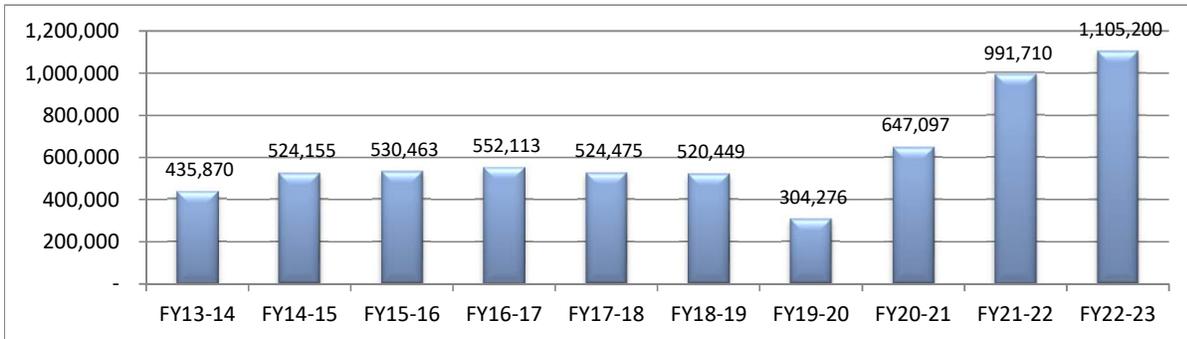

Authorized in 1982, the Local Government Half-Cent Sales Tax Program generates the largest amount of revenue for local governments among the state-shared revenue sources currently authorized by the Legislature. It distributes a portion of state sales tax revenue via three separate distributions to eligible county or municipal governments. Additionally, the program distributes a portion of communications services tax revenue to eligible local governments. Allocation formulas serve as the basis for these separate distributions. The program's primary purpose is to provide relief from ad valorem and utility taxes in addition to providing counties and municipalities with revenue for local programs. (Source: Local Government Financial Information Handbook, Office of Economic and Demographic Research)

Local Option Fuel Taxes

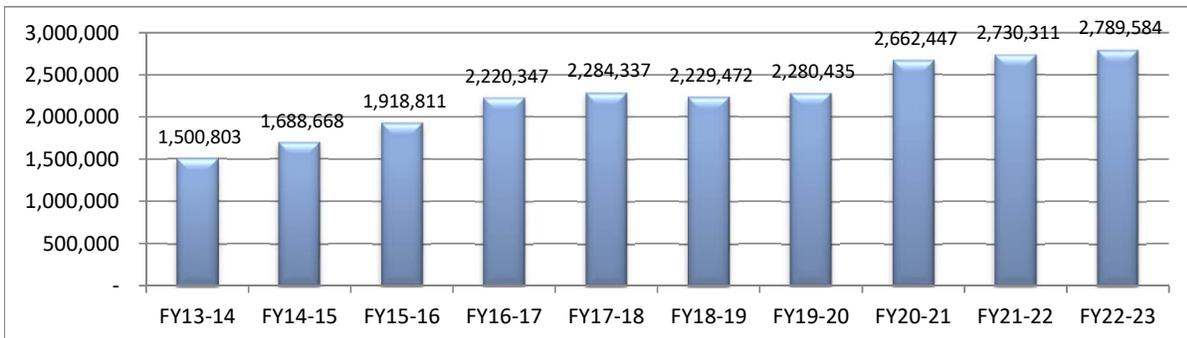

A county's proceeds from the 1 to 6 cents and 1 to 5 cents fuel taxes are distributed by the State according to the distribution factors determined at the local level by inter-local agreement between county and municipalities within the county's boundaries. These funds must be used for transportation related expenditures and transportation expenditures need to meet the requirements of the capital improvements elements of an adopted comprehensive plan.

Charges for Services - General Fund

Significant portion of the City's charges for services are fees from child and youth care programs offered by the Leisure Services department. These programs include before and after school care, summer programs, special camps and school day out camps. The significant decrease in FY20 was due mainly due to the impact of the Covid-19 pandemic. Approximately \$521,000 of the budget in FY22 is EMS Fees payments from the City of Fort Lauderdale (FLL). The city contracts with FLL for FLL to provide Fire and EMS services. Under the current contract, EMS fees collected by FLL are paid to the City on a quarterly basis. Prior to FY22, FLL billed the City for services under the contract, net of the EMS fees collected.

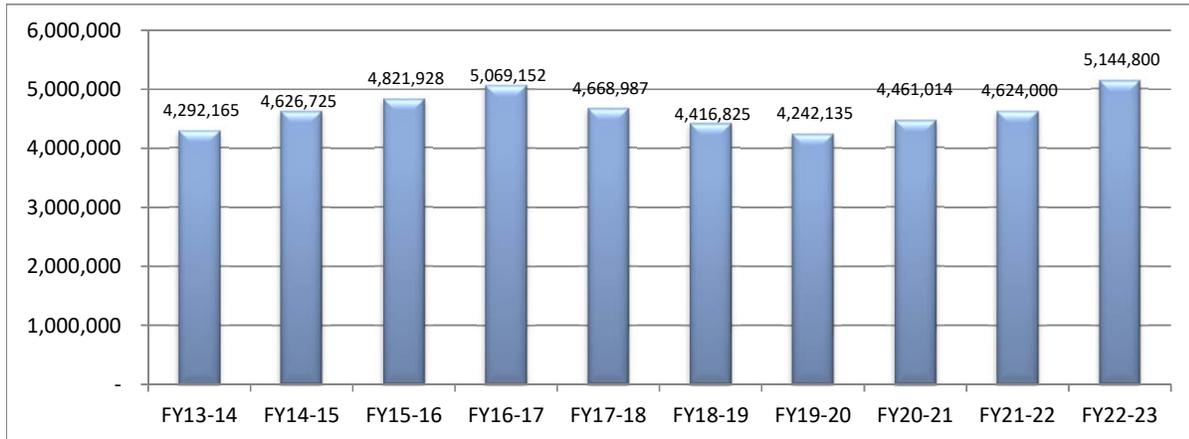

Fire Assessment Fees

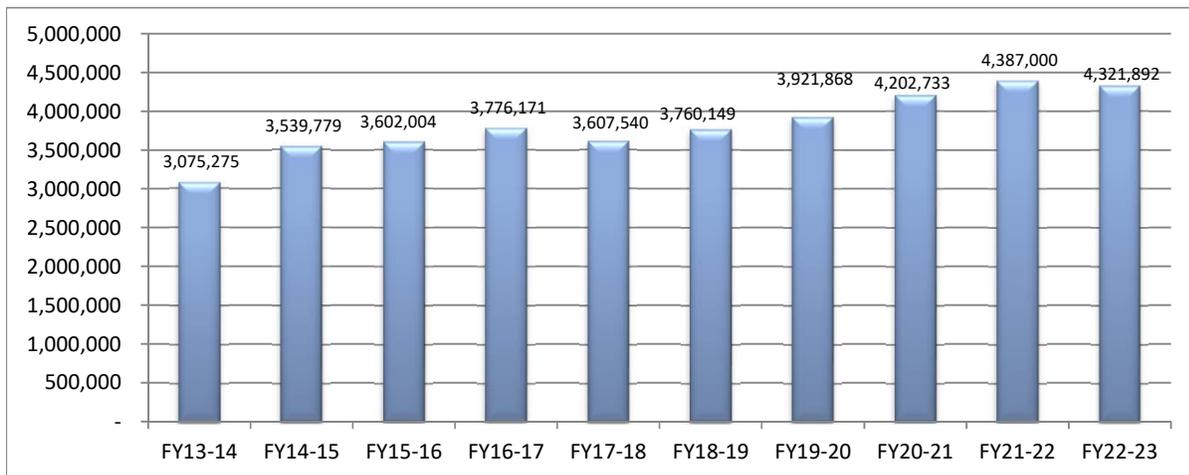

The City has contracted with the City of Fort Lauderdale (CFL) to provide Fire and Emergency Medical Services (EMS). The principal source of revenue for the Fire Assessment Fund is the City's Fire Assessment Fee. These fees are calculated based on expenditures for the fire portion only of the CFL contract and on the City's other fire-related expenditures. The proposed fire assessment fee for single family homeowners for FY22 is \$279.98.

Enterprise Funds

Charges for Services - Water

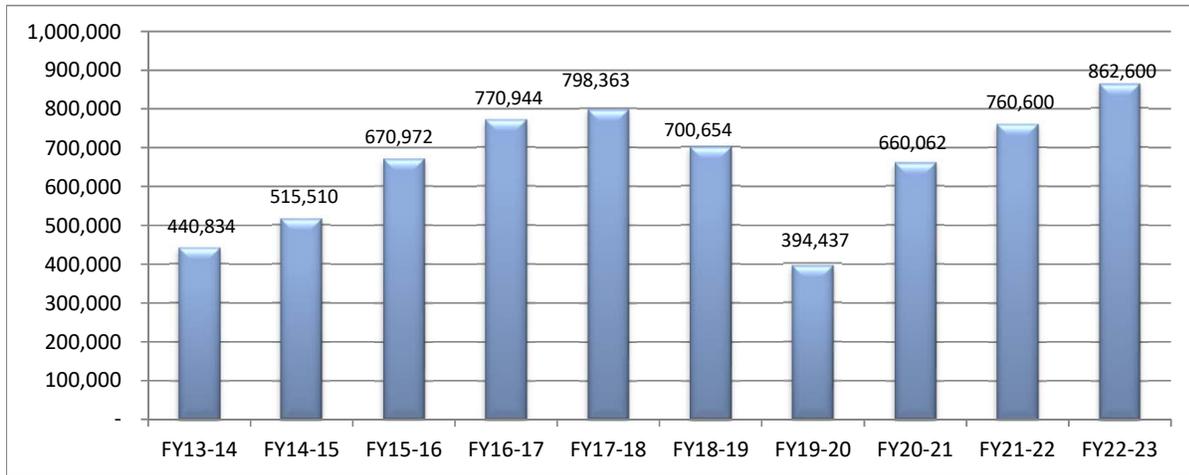

Charges for Services - Sewer

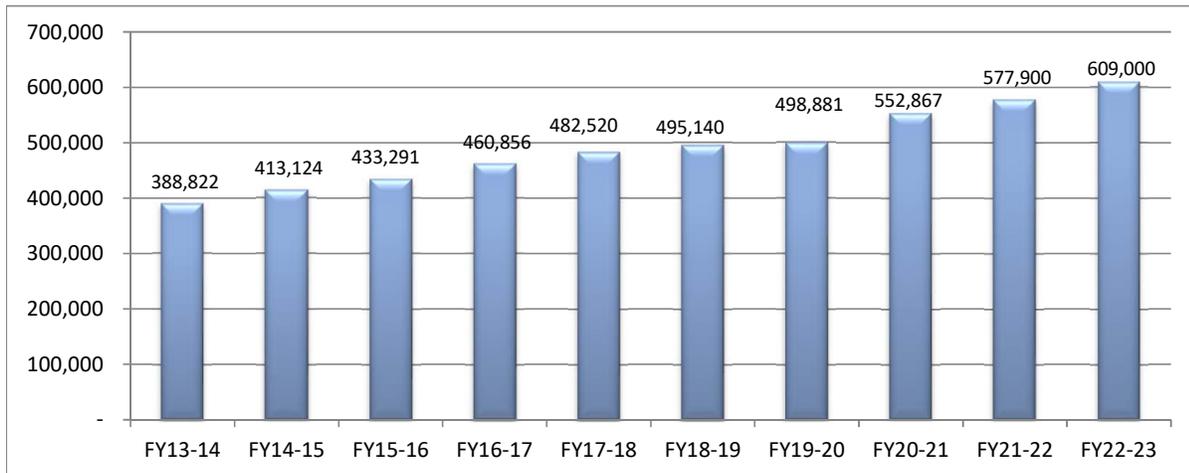

Users of water and sewer services are charged an appropriate amount to pay the cost providing and maintaining the City's water and sewer distribution systems. Costs are reviewed annually and fees are adjusted as needed. The City has no water or sewer treatment facilities of its own. Water is supplied and sewage is treated by the City of Fort Lauderdale (CFL) through contractual agreements. The fee that Wilton Manors pays to the City of Fort Lauderdale is a major item to be considered when determining the City's water and sewer rate structure.

Charges for Services - Parking

The City maintains on-street parking spaces and several public parking lots for access to various city locations in the Arts & Entertainment District along Wilton Drive. The City's metered parking program began in 2007 and was greatly expanded in 2010. Since 2010 the City has expanded parking space inventory from 390 to 494 spaces by adding two new parking lots and additional parking spaces in appropriate locations. The significant decrease in FY20 was mainly due to the impact of Covid-19 pandemic.

Charges for Services - Stormwater (Drainage) Fee

The stormwater fee is collected to maintain the City's stormwater collection system and to support the requirements of a federally mandated National Pollutant Discharge Elimination System Permit. The drainage fee is charged to residential and commercial dwellings. The revenue from stormwater fee is estimated based on a 5% rate increase.

MAYOR AND CITY COMMISSION

The City Commission of the City of Wilton Manors is composed of a Mayor and four Commissioners. The Mayor is elected for a two-year term and Commissioners are elected for four-year staggered terms. The City Commission is responsible to the citizens of Wilton Manors for the establishment of policy and the overview of the operation of the City, which is performed by the City Manager and the various operating departments.

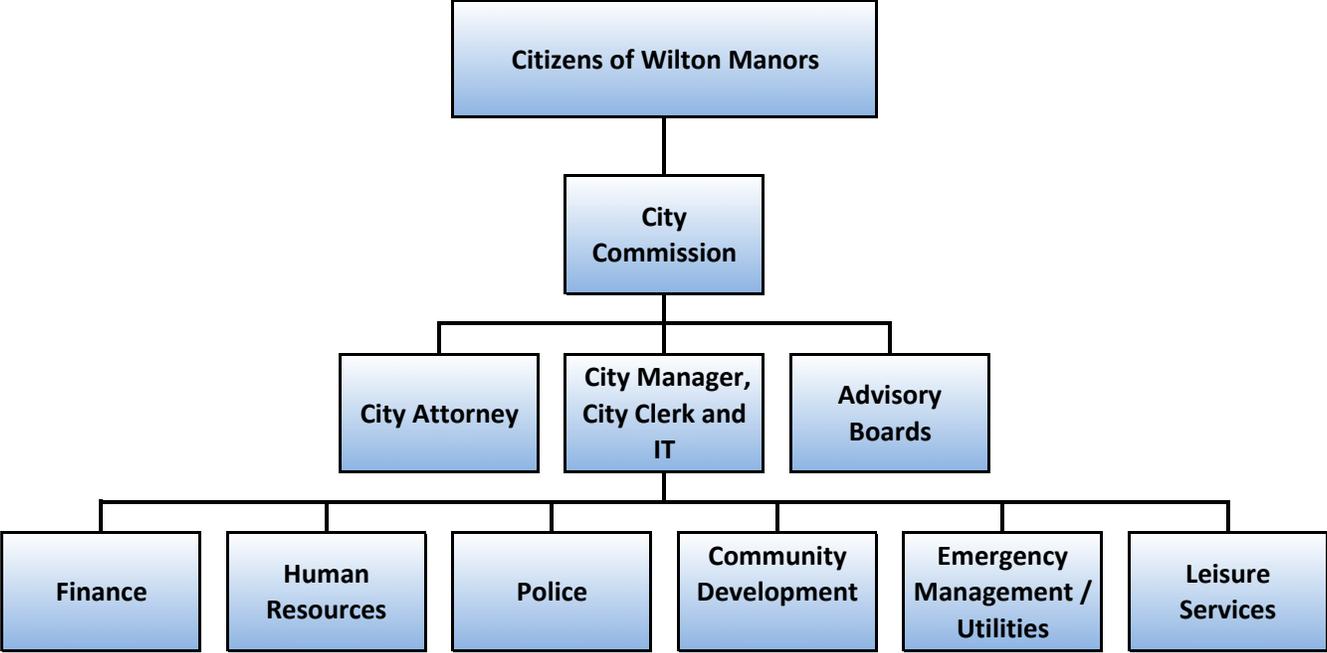

The City Commission holds regular meetings on the second and fourth Tuesdays of each month, at which time City policy is established through the passage of ordinances and resolutions. Additional Commission meetings and special meetings and workshops are held periodically as required.

The duties of the City Commission include: attendance at regular and special Commission meetings and workshop meetings; public hearings; passage of ordinances and resolutions; acting on items required by City Charter such as acceptance of proposals, grants, agreements, proclamations, awards, etc.; and interacting with citizens on a daily basis both formally and informally. The Commission also has the primary responsibility for the establishment of the annual City budget and the provision of revenues sufficient for the effective operation of City government.

Strategic Plan

The City Commission is responsible for the development and review of the City's strategic plan (Page XXX). During development, the City Commission is responsible for defining the vision, mission and organization values, as well as, setting the overriding goals for the five-year period. As part of the budget process, the Commission ensures the budget is aligned with the strategic plan goals and objectives.

City of Wilton Manors

DEPARTMENTAL BUDGET SUMMARY
MAYOR AND CITY COMMISSION

CITY MANAGER

The City Manager is responsible for the supervision and efficient operation of all City departments, in accordance with the policies established by the City Commission. Serving at the pleasure of the City Commission, the City Manager is the chief administrative official of the City and directs the operation of all municipal functions. The City Manager ensures the implementation of the policy directives of the City Commission and proper management of city operations. The City Manager provides oversight of all city departments and guides and assists all departments in achieving their annual Goals and Objectives. Working closely with the City's department directors, the City Manager coordinates the provision of services to the residents of the City. As the chief administrative officer of the City, the City Manager is responsible to the City Commission for the preparation and monitoring of the City's annual budget. Additionally, the City Manager is responsible for all personnel and purchasing functions.

Department's Core Operational Mission and Key Roles and Functions

The City Manager ensures the implementation of the policy directives of the City Commission and proper management of city operations. The City Manager provides oversight of all city departments and guides and assists all departments in achieving their annual Goals and Objectives. The City Manager's Office includes the Information Technology Department and the Clerk's Office.

In addition to the operational mission noted above, the primary overarching goals that drive our work are providing leadership in maintaining the City's small town sensibility while driving the redevelopment and revitalization of the City's commercial corridors, ensuring public safety, maintaining fiscal integrity, improving the resiliency of the City's infrastructure, and reducing our carbon footprint.

Strategic Plan

In addition to the City Manager being responsible for establishing and overseeing the strategic planning process, several parts of the strategic plan are specifically owned by members of the City Manager's Office.

Goal A: Advance Infrastructure Improvements

Objective 3. Identify Opportunities to Improve Transportation Flow

Strategies

- a. Conduct a Transportation Mobility Plan study to identify needed improvements

Results: Working with Broward County Metropolitan Planning Organization to conduct a study; Funding for the study was appropriated in the FY 22-23 budget

Goal B: Promote Economic Development

Objective 1. Promote Business Retention and Attraction

Strategies

- a. Develop incentive programs to assist new and existing businesses

Results – Established the Business Enhancement Grant Program; Developed and conducted business related classes free to City businesses to assist with learning new skills

- b. Develop branding strategies for the City

Results – Contracted for and completed a Market Analysis & Branding Study; the City is considering what parts, if not all, they wish to implement

Objective 4. Promote Wilton Manors as a Tourist Destination

Strategies

- a. Create a comprehensive marketing campaign

Results – Conducting a request for proposal for a marketing consultant to assist in developing a campaign

Goal C: Enhance Quality of Life and Livability

Objective 3. Promote the Public Health and Welfare of City Residents

Strategies

- a. Develop partnership with wellness organization

Results – Established partnership with Broward County Health Department to provide vaccinations free of charge to residents

Goal D: Cultivate Efficient and High Performing Government

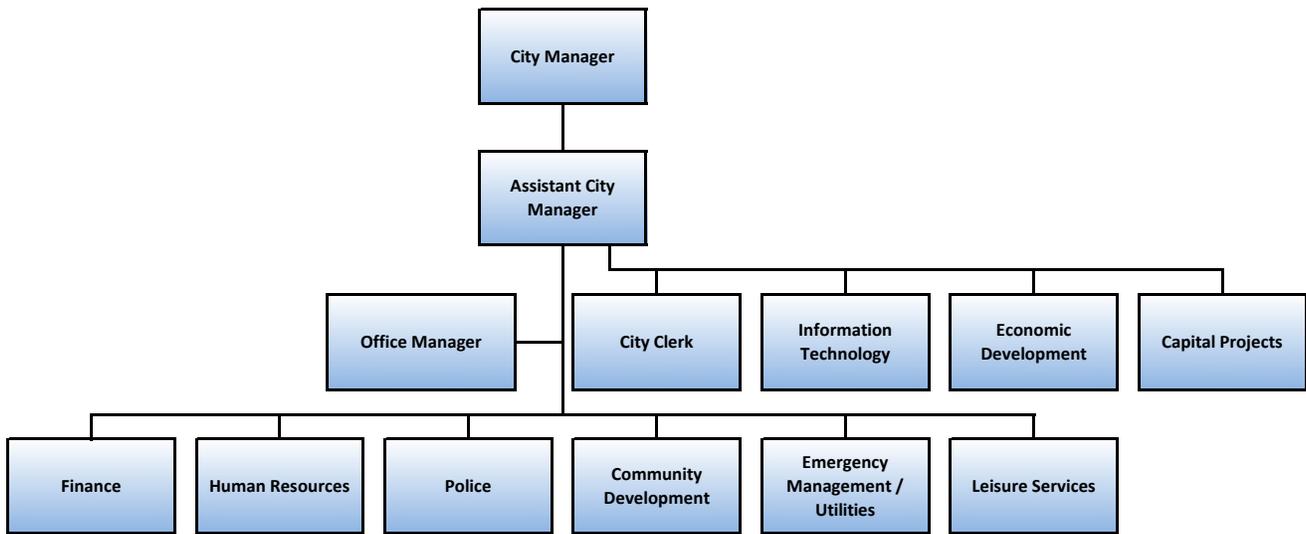

Objective 1. Identify Operational Efficiencies and Improvements for City Departments and Programs

Strategies

- a. Schedule operational studies for one to two department staggered over the five-year period

Results – Contracted for and received operational efficiency study of Community Development Services in FY 2021; Contracted for operational study of Emergency Management/Utilities and Leisure Services in FY 2022 to be conducted in FY 2023; Budgeted to contract for an operational review of administrative departments in FY 2023

12,500

Accounting String 001-5112-5341

Provide a Detailed Description of the Project **Grant Writing Consultant**
Funding would provide for a grant writing consultant and matching funds for the federal, state, and county grant opportunities. In particular, approved surtax project funding is not currently keeping pace with inflation. In order to ensure the projects are executed, additional city funding may be needed.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project
With the passage of the Bipartisan Infrastructure Law, billions of dollars will be available to local governments in competitive funding. Funding areas include transportation, climate and energy (including water utility infrastructure), broadband, and cyber. These funding opportunity windows are often short and technical data and expertise are required to complete the grant applications. Having a grant writing expert available for assistance could mean the difference between success and failure. Similarly, some grants require matching funds, while others may not require matching funds, but points are often given for providing leverage (local funds). Additionally, most grant programs (e.g. County Surtax Funding) will not fund "ineligible" items. The City will be required to cover these costs.

Explain any Recurring Operating Costs
Grant writing services would be through an annual contract - recurring would depend upon success.

Alignment to Strategic Plan
Goal A: Advance Infrastructure Improvements AND Goal E: Exhibit Fiscal Responsibility

Cost Analysis

| FY | Description | 001 - Operating Fund | | 300 | Other Funds | Totals |

Accounting String 001-5112-5341

Provide a Detailed Description of the Project

Citywide Mobility Study - The City is in need of a mobility study which will review all aspects of transportation, and which will identify and evaluate multimodal mobility options and other alternatives to fossil fuel dependence. The resulting plan will provide a "roadmap" to better connectivity between modes of transportation and include a list of projects that will reduce traditional car traffic and increase walkability and bikeability.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The federal Bipartisan Infrastructure Bill will offer many opportunities for federal funding for local government transportation projects. In order to be eligible for much of this funding, a completed Mobility Plan will be required. The MPO will be working with the City to complete this plan, and may be able to provide partial funding and "in house" completion of the Study.

Explain any Recurring Operating Costs

Unknown at this time but likely related to programs such as a community shuttle, bike stations, pedestrian friendly pathways between city center and transit options.

Alignment to Strategic Plan

Goal C: Enhance Quality of Life and Livability AND Goal F: Improve Environmental Sustainability

Cost Analysis

Provide a Detailed Description of the Project

This program would be implemented in partnership with WMBA and Broward SCORE to provide entrepreneurs and existing business owners with business education and training. This entrepreneurship-focused program would teach participants about important business-related topics such as operations, finance, marketing, and city/county resources. This 6-month technical assistance program for a cohort of small business owners would focus on education, mentorships, peer-to-peer best practice exchanges.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

This business retention program is intended to equip business owners with the tools that they need to remain in business, grow, and thrive in the Island City. Through technical assistance, small business owners would be better able to navigate business operations especially during uncertain times. The program would facilitate economic stability and encourage business retention and expansion. It is anticipated that program graduates are more likely to become better engaged business leaders and economic development ambassadors for the City. Program success would be measured by the number of program graduates and pre and post-questionnaire on business related topics.

Accounting String 001.5112.5483

Provide a Detailed Description of the Project

The City is currently undertaking a study to define its market positioning and brand its major commercial corridors with the goal of attracting further economic investment. The report is expected to be published in May 2022. This program would provide funding to attract industry specific businesses to the city's major commercial corridors based on study recommendations. Eligible businesses would receive \$10,000 to cover start up costs, relocation costs, operating expenses, rent abatement, utilities, and interior buildouts.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The City Commission has identified business attraction and marketing as one of its main priorities for the upcoming fiscal year. This business attraction program would allow the city to recruit specific industry businesses to support economic development along the city's major commercial corridors. Program success would be measured by the number of program applicants, new target industry businesses, and private investment leveraged.

Provide a Detailed Description of the Project

Wilton Next Implementation - This program would provide an initial funding of \$30,000 to the Economic Development Division to support the implementation of the recommendations from the Market Analysis and Branding Strategy Study (WiltonNext). These funds are intended to support district organizations, promotion, and economic restructuring along the city's major commercial districts. Example of projects would include banner programs, art initiatives, district specific events, or funding for district specific organizations.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

This program is intended to promote economic development along the city's major commercial corridors by providing the appropriate funding to support the implementation plan from WiltonNext.

CITY CLERK

Under the administrative direction of the City Manager, the City Clerk is the official Records Custodian for the City, serves as the municipal Supervisor of Elections, is the custodian of the City seal, Clerk to the City Commission, and carries out other functions as set forth in the City Charter and City Code. Responsibilities include: attending Commission meetings, managing the preparation of meeting agendas and minutes, certifying ordinances and resolutions, organizing and supervising municipal elections, preparing and publishing legal notices. As the City's Records Custodian, the Clerk's office oversees record retention of City documents as well as Public Record Requests. The City Clerk also serves as registrar for lobbyists and assists in the compliance of the Broward County Ethics Code. The City Clerk performs other work as required.

Department's Core Operational Mission and Key Roles and Functions

The City Clerk's office continues to strive to provide expeditious responses to the requests of our constituents and fellow staff members. The City Clerk's office is the official records keeper, elections administrator, advisory board administrator, ethics filing officer and secretariat to the City Commission. The office also prepares and publishes the agenda for City Commission meetings and facilitates all City Commission meetings. The City Clerk's office continues to move forward by improving processes and productivity while remaining fiscally responsible.

Strategic Plan

Goal D. Cultivate Efficient and High Performing Government

Objective 4. Achieve Greater Diversity on City Boards and Committees

Strategies

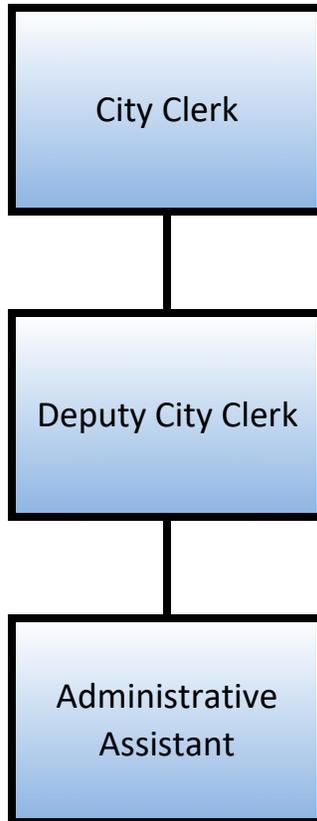

- a. Evaluate procedures for board and committee appointments

Results – Made changes to process in FY 2021

- b. Engage with residents and community groups

Results – Ongoing engagement

City Clerk

FINANCE DEPARTMENT

Accounting and Financial Services include maintaining a system to assure accountability in compliance with legal provisions and in accordance with generally accepted accounting principles. Supporting documents for revenues, expenditures, encumbrances and accounts receivable are reviewed for correctness, legality, adherence to contracts, agreements, and City purchasing procedures, as well as for compliance with the City Commission adopted budget. Financial and management reports indicating financial status are prepared to provide timely information to the City Commission, City Manager, Department Directors, and the general public.

Records for accounts payable are maintained and vendor checks are issued on a weekly basis. Utility billing records reflect the monthly issuance of water, sewer, solid waste, recycling, and stormwater invoices. Fixed asset records are maintained and reviewed annually for internal control purposes and to insure adequate insurance coverages.

In addition to accounting and financial services, the **Utility Billing Customer Service** personnel field all utility-related inquiries from City residents, and help promote water conservation and participation in the City's recycling program. Responsibilities also include coordinating services with our solid waste hauler; processing lien searches; filing utility liens; and insuring the timely collection of utility payments. The Utility Billing Customer Service personnel additionally field all incoming calls from the City's main telephone lines.

The Finance Department, under the direction of the City Manager, is responsible for the preparation and coordination of the **Annual Operating Budget** and five-year capital improvement program for all funds. This process must be monitored for compliance with the State's Truth in Millage (TRIM) laws. The Department also oversees the implementation of the budget after adoption by the City Commission through appropriate internal accounting control measures.

Cash Management and Revenue Collection. The Finance Department is responsible for the collection and recording of all City revenues. The Department prepares cash reconciliations and internal audits of City revenue accounts to insure that projected revenue targets are being met and recorded properly. Responsibilities also include the investment of all City funds, as well as the coordination of various banking services.

Purchasing. The Finance Department acts as liaison to all City departments for items that require formal bids, proposals, or bulk ordering, and assists in providing resources for the competitive pricing of merchandise.

Parking. The Finance Department is responsible for oversight of the City’s parking program. The day-to-day management of the parking program is performed by a major parking corporation under contract to the City.

Department’s Core Operational Mission and Key Roles and Functions

The Finance Department serves the Wilton Manors community by safeguarding the City’s assets, maximizing the use of City revenue and efficiently providing accurate and timely information to the City Commission, City management and the general public. As such, it is the department’s responsibility to plan for the City’s future financial needs and to implement responsible fiscal strategies for the City’s operation. The Finance Department has responsibility for the City’s utility billing, accounts payable and receivable, financial reporting, budgeting, purchasing, and oversight of the City’s parking program.

Strategic Plan

Goal A: Advance Infrastructure Improvements

Objective 1. Improve Water, Stormwater, and Wastewater Infrastructure

Strategies

- a. Develop a timeline with funding options to complete the infrastructure improvement projects

Results – In October 2021, the City Commission approved the capital improvement plan (CIP) setting the time line for projects to be completed; American Rescue Plan Act funds and reserves were used to fund the first year of the CIP for FY 22-23; The City is in the process of submitting a Letter of Interest to the Environmental Protection Agency (EPA) for Water Infrastructure Finance and Innovation Act (WIFIA) financing for fiscal years 2023-24 through 2027-28.

Objective 2. Improve Roadway, Pedestrian, and Cyclist Infrastructure and Amenities

Strategies

- a. Contract with a company to provide micro-transit transportation services within the City

Results – Contracted with Circuit to provide an app based micro-transit program within the city limits seven days a week

Goal C. Enhance Quality of Life and Livability

Objective 4. Assess and Adapt to the Changing Need of Residents

Strategies

- a. Provide easy access to businesses and residences in the City

Results – Contracted with Circuit to provide an app based micro-transit program within the city limits seven days a week

Goal D. Cultivate Efficient and High Performing Government

Objective 6. Ensure the City is Competitive in Attracting and Retaining a Diverse High-quality Workforce

Strategies

- a. Fund prioritized recommendations from the classification and compensation study

Results – Successfully funded 100% of the prioritized recommendations in FY 2022-23

Goal E. Exhibit Fiscal Responsibility

Objective 1. Develop a Long-term Funding Plan for Infrastructure Projects

Strategies

- a. Assess American Rescue Plan Act (ARPA) funds for use in funding infrastructure projects

Results – Allocated 84.4% of ARPA funds to the first year of the CIP for infrastructure projects

- b. Collaborate with the City’s financial advisor to establish funding for fiscal years 2023-24 through 2027-28

Results – Collaborated with Ford & Associates to prepare a Letter of Interest for WIFIA financing to be submitted to the EPA

Goal F. Improve Environment Sustainability

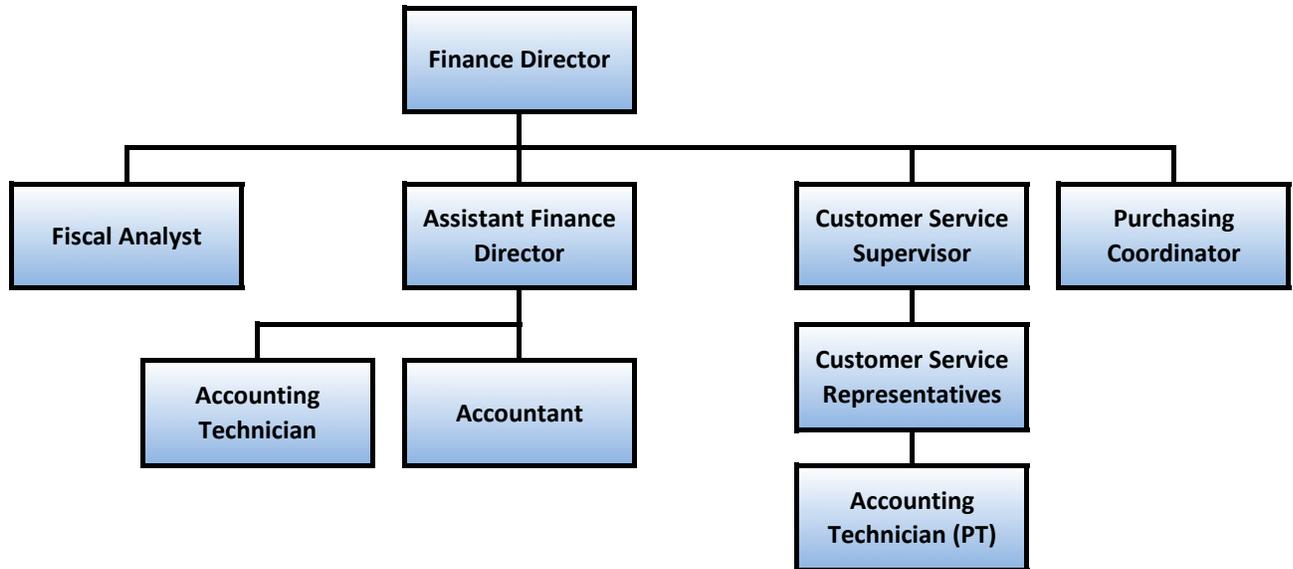

Objective 3. Reduce the City’s Carbon Footprint by at Least 1% Each Year through 2028

Strategies

- a. Provide 100% electric micro-transit transportation program within the City

Results - Contracted with Circuit to provide a 100% electric micro-transit program within the city limits seven days a week

HUMAN RESOURCES DEPARTMENT

The Human Resources Department (HR) is dedicated to serving the needs of City employees in the most efficient and fair manner, to attract and retain the most qualified employees for the City, to be a leader and change agent, and to be a strategic planning partner with the City. The Department will help the City adopt modern Human Resources strategy by emphasizing quality training, attention to the changes in the workforce, behavioral needs, alternative work schedules, cafeteria plans to individualize the employees' financial needs, emergency planning, and continued involvement in Human Resources professional associations. The Human Resources Department will stay current in the vast multitude of federal and state mandated legal requirements and regulations.

The Human Resources Department is responsible for:

Personnel Functions HR is responsible for the traditional personnel roles of recruitment, assessment and examination, selection, placement, orientation and exit interviews. HR is responsible for maintenance of the Personnel Rules and Safety Regulations. HR must remain current in Public Records Law and maintain all personnel and related records. HR is responsible for the administration and maintenance of the Classification and Compensation Plan.

Payroll/Pension HR is responsible for all payroll records, input of payroll into the ADP payroll system, monitoring of FLSA rules and regulations, and accuracy in employee payroll deductions. HR maintains the payroll related pension records and performs most of the administration of the pension plan, such as estimate of benefits, employee contributions and credited service, and final retirement benefits.

Labor Relations HR is responsible for negotiations with the union, administration of the Collective Bargaining Agreement, the City representative to the General Employee Quality of Work Life Committee, oversight of the EEOC Plan, acts as Critical Incident Coordinator, acts as liaison to Labor Relations Board and Civil Service Board. HR is an active participant in all employee discipline and grievances; EEOC and civil employee lawsuits; and investigates harassment complaints.

Benefits HR is responsible for procuring and administration of Group Medical and Life Insurance, Dental Insurance, Long Term Disability Insurance, State-mandated insurance

coverage for law enforcement officers, administration of COBRA, and implementation of Health Insurance Portability and Accountability Act Rules. HR acts as Privacy Officers under the HIPAA Rules and Medical Review Officers for exposure incidents. HR correlates the annual enrollment for all insurances as well as the 125 Cafeteria Plan and voluntary insurance policies. HR administers the Employee Assistance Plan and is responsible for referrals to the EAP. HR is responsible for administration of the two 457 Deferred Compensation Plans and the Executive 401(a) Plan. HR is responsible for accuracy of benefit accruals, adherence to leave rules, as well as the end- of- year reallocation of unused hours and reestablishment of leave banks for the new calendar year.

Training and Development HR is responsible for in-service training of all employees for Harassment, Diversity, Sensitivity, etc. HR maintains records of all required training of employees and HR must approve tuition reimbursement requests.

Risk Management HR is responsible for all Risk Management functions such as maintaining the City's property, flood, liability, and worker's compensation insurance coverage. HR will review annually for competitive pricing and adequate insurance coverage. HR is responsible for all records relating to vehicle accidents, liability and injury claims against the City and all other Risk Management functions. The HR/Risk Director is now responsible for appraisals of City owned property together with the assistance of the Florida League of Cities. HR administers the Safety and Security Committee and all required safety awareness training.

Department's Core Operational Mission and Key Roles and Functions

Operational Mission: The Human Resources Department is dedicated to serving the needs of City employees in the most efficient and fair manner, to attracting and retaining the most qualified employees for the City, to being a leader and change agent, and to being a strategic planning partner with the City. The Department will help the City adopt modern Human Resources strategy by emphasizing quality training, attention to the changes in the workforce, alternative work schedules, cafeteria plans to individualize the employees' financial needs, emergency planning, and continued involvement in Human Resources professional associations. The Human Resources Department will stay current in the vast multitude of federal and state mandated legal requirements and regulations.

Key Roles and Functions: Personnel management; payroll; pension programs; benefits management; risk management; training and development; labor relations.

Strategic Plan

Goal D. Cultivate Efficient and High Performing Government

Objective 6. Ensure the City is Competitive in Attracting and Retaining a Diverse, high-Quality Workforce

Strategies

a. Contract for a company to conduct a city-wide classification and compensation study

Results – Contracted and received a city-wide classification and compensation study in FY 2022

b. Implement prioritized recommendations from the classification and compensation study

Results – 100% of the recommendations were implemented in the FY 2023 budget

c. Negotiate with the Police Benevolent Association an increase in salaries for union members over an above what the current agreement calls for

Results – Successfully negotiate an increase for union members

CITY ATTORNEY

The City Attorney is responsible to the City Commission for the proper administration of all City legal matters. A major portion of the City Attorney's effort is directed in providing on-going legal counsel to the City Commission, City Manager and staff. The City Attorney attends all City Commission meetings and various Advisory Board meetings on an as needed basis. The City Attorney also provides routine guidance to administration in the proper handling of municipal operations. Additionally, the City Attorney represents the City in litigation when such need arises.

A major program objective, developed on a cooperative basis with administration, is to practice "preventative law". It is our goal to eliminate as much as possible situations that have the potential to develop into legal action.

The City Attorney is a contracted position.

INFORMATION TECHNOLOGY

In FY 2016-17, for the first time, the City consolidated all of its Information Technology (IT) activity into one location. Since the IT Division is an internal service activity, its costs are fully allocated to other departments throughout the City.

Department's Core Operational Mission and Key Roles and Functions

Technology is the cornerstone of the City's business operations and an essential component in staff's ability to provide service. The IT Department's core mission is to maintain the utilized technology, ensure ongoing viability, and plan to ensure the workforce of the future will have the necessary tools.

Provide a Detailed Description of the Project *Meraki License & Support*
 Cisco Meraki switch licensing and support - one year @3020. or five years @.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project
 Cisco Meraki switch subscription and support is currently being budgeted and purchased one year at a time. Cost efficiencies achieved through the purchase of a five year subscription would be 1)the security of being supported throughout the years without the potential for disruptions, 2) staff time on budget and purchase procurement process and 3) possible cost savings.

Explain any Recurring Operating Costs
 This is a recurring cost.

Alignment to Strategic Plan
 Goal D: Cultivate Efficient and High Performing Governments

RE: Next Generation CAD System - Final System Acceptance and beginning of Warranty Period

This is to inform all participants in Broward County’s Regional Public Safety Communications system that Broward County expects to reach Final System Acceptance of the Next Generation Computer Aided Dispatch (CAD) System on or before January 31, 2022. As part of Broward County’s contract with Motorola, this will trigger the start of the *System Warranty* period. Per the contract, upon expiration of this Warranty period BSO and municipal agencies will be directly invoiced by Motorola for their annual PremierOne Mobile CAD maintenance and support costs. To clarify, **beginning in FY23 (October 1, 2022) Motorola will be directly invoicing your City or Agency on an annual basis for maintenance and support** of your PremierOne Mobile CAD licenses.

The attached document, Mobile Allocation Schedule, presents the mobile CAD license counts per agency/municipality and estimated cost for each. County project staff has previously shared license counts and estimated annual maintenance and support costs with representatives of each public safety agency. The license counts were identified by combining the agencies’ past payments to Motorola with project staff assessments at the time of system implementation in March 2017.

BACKGROUND

In March 2017, Broward County implemented the multi-million-dollar Next Generation PremierOne CAD System and migrated all participating law and fire/rescue agencies from the legacy system onto the new system. This implementation updated CAD software in Broward County’s Regional Consolidated Communication Centers, as well as software in each law enforcement and fire rescue mobile device (with the exception of Plantation and Coral Springs). At the time of the March 2017 implementation, payments by participating agencies for annual maintenance and support of the legacy CAD Mobile licenses were discontinued with the understanding that they would remain so until the new System’s warranty period expired.

BSO and participating municipal law and fire agency responsibilities for CAD Mobile maintenance and support costs are defined in the Regional Interlocal Agreements (RILAs) between County and participating municipalities/agencies (Exhibit B of the RILAs).

Should you have any questions or require additional detail, please don’t hesitate to reach out to me.

cc: County Administrator Bertha Henry, Broward County Fire and Law Agencies

NON-DEPARTMENTAL

The Non-Departmental budget includes the costs associated with items that are for services and/or equipment utilized by all City Departments but not directly related to a specific department. These items include courier services; insurance; copying and printing; disaster preparedness; utilities for, and maintenance of the City Hall building and grounds; and waterway maintenance, among others. The Non-Departmental budget is divided into three divisions:

- 5118 – Non-Departmental Activities
- 5119 – City Hall and other Citywide Activities
- 5881 – Interfund Transfers

Division 5118, Non-Departmental Activities, accounts for the City's support to charitable organizations and City boards and debt service on the City Hall general obligation loan. Division 5118 costs are not allocated to other departments.

Division 5119, City Hall and Citywide Activities, accounts for the City's courier, maintenance for City Hall building and grounds, City Hall utilities, insurance, copying and printing, citywide emergency preparedness, waterway maintenance, and the General Fund's contribution toward the fire assessment fee of exempt properties. Division 5119 costs are allocated to other departments throughout the City.

Division 5881, Interfund Transfers, accounts for direct transfers made from the General Fund to other funds. For Fiscal Year 2022-23 the transfers are of two types:

- A transfer to Fund 300 for General Fund's annual contribution to the Capital Replacement Plan.
- A transfer to Fund 300, Capital Improvement Fund, to fund FY22-23's new general capital expenditures.

POLICE DEPARTMENT

*The Wilton Manors Police Department
Is Dedicated to Policing with a Passion for our Profession
And
Compassion for Those We Serve*

The mission, function and objectives of the Police Department are conducted by three Bureaus (see attached Departmental Organization Chart). The Police Department operates in unison with other City Departments to enhance our community's quality of life.

Office of the Police Chief

The Office of the Police Chief provides the vision, leadership and direction for the Police Department. All of our Police Officers and all of our support staff must create a direct and personal relationship with our citizens in order to achieve our goal and earn the respect and trust of our community. Policing truly is a Partnership between the Police and the members of the community. Only in this way can law enforcement succeed in its mission to serve and protect our community. The Code Compliance Unit reports directly to the Chief of Police, maintaining uniform enforcement of City Codes and Ordinances.

Administration Bureau

The Administrative Bureau is responsible for the coordination of all police support services provided by the Department. This is accomplished by the management of sub-divisions within the Bureau which include Records Management, Front Desk Services, Fleet Management, Grant Management, Accreditation, Budget Review / Control and Inventory Control. Cost effective planning is critical in maintaining a balanced budget while meeting the needs of the Department.

Investigations Bureau

The Investigations Bureau is responsible for all criminal investigations in "property crime" such as larceny, burglary and computer crimes. In addition, this Bureau is tasked with investigations of all "persons crime" such as assault, battery, all sex crimes and other crimes of violence. Long term narcotics investigations (through Task Force assignment) are also a critical part of this Bureau as such activity can be directly related to crimes of violence. Property and Evidence is managed by the Investigations Bureau.

Operations Bureau

The Operations Bureau oversees all Uniformed Patrol functions in an effort to respond to all police calls for service in a timely manner. This Bureau works to maintain quality of life issues alongside not just “state of the art” law enforcement techniques but also with a “state of mind” approach to our ever changing and ever challenging function. WMPD works with the community to create a safer and more secure environment in which to live, work and play. It includes Road Patrol, Crime Prevention, Marine Patrol, Canine Drug Detection, Bicycle Patrol, Training (such as continuing education and all FTO functions), Community Policing Officer and our School Resource Officer (who works with our school children teaching D.A.R.E., GREAT and computer safety).

FUNDING SOURCES

Most Police Department activities are funded through the City’s General Fund. The Department receives supplemental support from three additional funds:

Federal Equitable Sharing Forfeiture Fund

Through this program, the Department of Justice distributes an equitable share of forfeited property and proceeds to participating state and local law enforcement agencies that directly participate in an investigation or prosecution that result in a federal forfeiture. The funds are for use by the law enforcement agency to enhance law enforcement operations not otherwise available through general funding sources.

State Law Enforcement Forfeiture Trust Fund

Florida State Statute 932.7055 was established to allow law enforcement agencies to seize and forfeit any contraband assets that have been used in the commissions of felonies. This includes vehicles, vessels, aircraft, real property, cash or any other item of value. After a final legal settlement or judgment is obtained, the cash or proceeds from the sale of the seized items go into the Law Enforcement Forfeiture Trust Fund account for use by the law enforcement agency. Like the federal forfeiture funds, these state-authorized forfeiture funds are designed to enhance law enforcement operations not otherwise available through general funding sources.

Police Training & Education Fund

Florida State Statute 938.15 provides funding for criminal justice education degree programs and training courses, including basic recruit training, for their respective officers and employing agency support personnel, provided such education degree programs and training courses are approved by the employing agency administrator. The source of this funding comes from a surcharge on traffic citations.

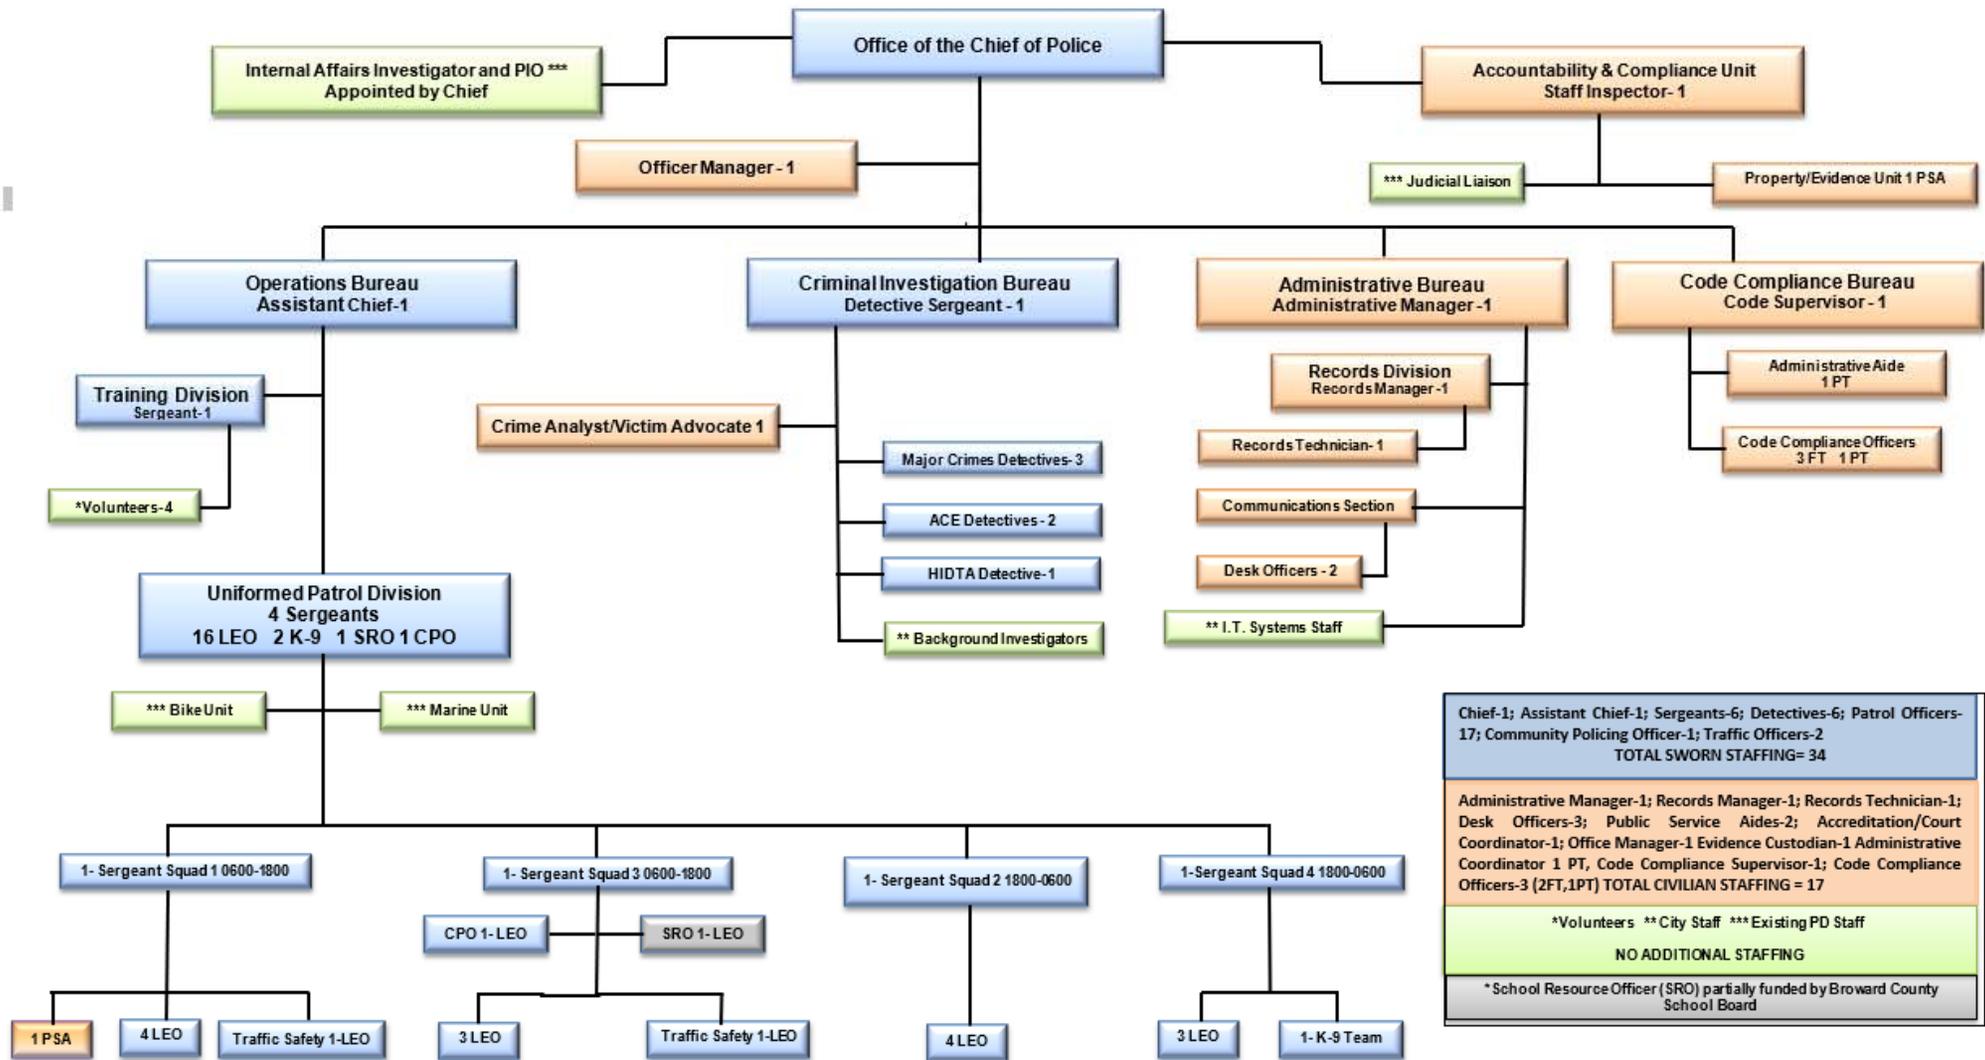

Additionally the Police Department actively seeks all available grant funding.

Department's Core Operational Mission and Key Roles and Functions

The Mission Statement of the Wilton Manors Police Department is *"Policing with a Passion for Our Profession and with Compassion for Those We Serve."* To maintain our focus on this Mission Statement the Wilton Manors Police Department continuously strives to obtain and maintain a fully staffed, well trained and fully accredited Department. Our emphasis has been and will continue to be on training and retaining our personnel as well as providing competent and professional law enforcement services to the members of our community.

The WMPD is charged with providing public safety, code compliance and administrative services to the members of our community through proactive and innovative measures. We accomplish these tasks via the five main components of our Agency: The Office of the Chief, Operations Division, Criminal Investigations Division, Code Compliance Division and Administrative Division. Through these divisions we continuously endeavor to provide outstanding customer service to our residents and visitors alike.

Provide a Detailed Description of the Project *Blaze POD*

Purchase BlazePOD Professional Bundle. This bundle comes with 12 interactive LED light pods used for scenario based training. This training allows instructors to place these LED lights in different locations and allow them to control which one lights up and observe the student interact with the LED light. This type of training allows instructors to manipulate the student's attention and make sure the student is always evaluating situations and correctly reacting to that change.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The purchase of this bundle will provide firearms instructors a tool to implement/use with firearms training that is conducted a minimum once annually. This training is essential when it comes to real life scenario-based training, providing officers to win a deadly encounter, or prevent a deadly encounter by deciding not to discharge their firearm. The bundle comes with 12 units which can all be used for one officer, or instructors can allow for multiple officers to enter a scenario to practice discretionary shooting drills. This type of training is utilized in an effort to not create a training scar.

Explain any Recurring Operating Costs

No recurring costs associated with this purchase.

Provide a Detailed Description of the Project *Purge Property Rm OT*

Utilizing budgeted overtime, the department will create a Task Force whose mission would be to purge all property & evidence older than seven (7) years with the exception of open homicides and sexual assault cases. The Task Force would consist of the current property & evidence custodian, the accreditation coordinator who oversees the property and evidence function, one Public Safety Aide and one Detective to work one, eight (8) hour day per payroll period researching and obtaining the required approvals for evidence disposition. Once all the appropriate approvals have been acquired, the task force would then be responsible to purge all evidence and found property approved for disposition in accordance with all Florida State Statutes. Currently the agency utilizes cardboard "banker boxes" to hold and store evidence on shelving installed during the construction of the current facility. The boxes are open, worn from constant retrieval and are in need of reinforcing to meet the required level of security for high liability items. The accreditation coordinator will secure plastic storage bins with lids that can be secured to contamination of the contents by atmospheric conditions such as humidity and moisture and will enhance the security and preservation of the items stored within.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The primary mission of the Property & Evidence Unit of the Wilton Manors Police Department is to identify, collect, process, safeguard, maintain and dispose of within applicable federal, state and local laws, and to do so in the safest and most effective manner, allowing for the preservation of such evidence and property. For the 4-year period of January 1, 2017 to December 31, 2020, the department has taken into custody 9,409 articles of evidence and/or found property which equates to an annual average of 2,352, much of which remains under our care and custody today. Best practices and CFA standards dictate that high liability items such as firearms, narcotics, cash and precious metals require an additional layer of security. The department currently has a backlog of 15,890 pieces of property & evidence, more than half of which date back to the early 1990's. This total does not include 43 open homicide and sexual assault cases which by Florida law must be maintained indefinitely. The current property vault is at capacity and without a significant purge will force the department to seek alternative storage solutions which may not comply with accreditation standards or industry best practices without additional long-term costs being incurred such as rent, additional security measures, and labor costs.

Explain any Recurring Operating Costs

It is estimated that it will take at a minimum two (2) years to bring the total inventory of the property vault to an acceptable level of less than 11,000 pieces of evidence and found property on hand and maintain or reduce those levels going forward.

Alignment to Strategic Plan

Goal D. Cultivate Efficient and High Performing Government (1) Identify Operational Efficiencies and Improvements for City Departments and Programs

Provide a Detailed Description of the Project *Scheduling Software*

The police department is looking to acquire a cloud-based scheduling software that would streamline scheduling, enhance communication, and improve accuracy in our payroll system. The scheduling software should be able to automate time off requests and approvals, manage and track open shifts, overtime, and special assignments, schedule court appearances, integrate with ADP Payroll software (at no additional costs to ADP), share important information quickly through mobile blasts, store employee information to ensure employees are qualified for special assignments.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The police department currently utilizes Excel for its scheduling. This dated process is extremely time consuming and allows for multiple errors and discrepancies to occur. A police departments scheduling can be extremely complex as there are multiple assigned shifts, several overtime codes, court appearances, and minimum staffing requirements. The accuracy of scheduling is extremely important as this information is essential to our daily operations and for communication with our regional dispatch system.

Explain any Recurring Operating Costs

This would be billed as an annual subscription.

COMMUNITY DEVELOPMENT SERVICES DEPARTMENT

The Community Development Services Department is responsible for improving the quality of life for all City residents, businesses and visitors through a high level of customer service and professional environment. The Department encompasses four (4) Divisions which include the Business / Development Division, Construction Services Division, Neighborhood Planning Division and Fire Division.

The Business Development Division assists new and existing businesses to thrive and seeks to market the City of Wilton Manors as a stable residential community and destination for visitors. The Division is responsible for processing business tax receipts, residential rental licenses and vacation rental registrations. The Community Development Services Supervisor is part of the Business Development Division.

The Construction Services Division is responsible for the administration of the Florida Building Code, National Fire Prevention code, and City regulations, issuance of building permits and job-site inspections. The Permit Technician(s) and Building Plans Review and Inspection provider are part of the Construction Services Division.

The Neighborhood Planning Division implements creative solutions to improve the quality of life for all City residents, businesses, and visitors. Through the City's Unified Land Development Regulations, the Comprehensive Plan and neighborhood improvement programs, the Neighborhood Planning Division strives for a multi-generational and sustainable community and promotes environmentally friendly programs and processes. The Division also provides administrative support to the City's Development Review Committee (DRC) and the Planning and Zoning Board (PZB). The Planner and Community Planning Technician are part of the Neighborhood Planning Division.

The Fire Division is responsible for the administration of the fire code through inspections and provides fire cause and origin investigation services in coordination with the State Fire Marshal, and provides fire public safety education. The Fire Marshal, Fire Inspector, and Fort Lauderdale Fire Department are part of the Fire Division.

Department's Core Operational Mission and Key Roles and Functions

The Goals of the Community Development Services Department are reflected in the Department's Mission Statement:

Community Development Services is a customer focused department that facilitates investment in the City in order to create a balanced, sustainable community that enhances the overall quality of life for our residents, business owners and visitors.

With this as the department’s guiding principle, the staff continues to:

- ✓ Implement creative solutions to continue to improve the quality of life for residents, businesses, and visitors;
- ✓ Promote environmentally friendly programs and processes;
- ✓ Strive for a multi-generational friendly community; and
- ✓ Improve internal Departmental operations and customer service.

Strategic Plan

Goal B. Promote Economic Development

Objective 2. Increase Density to Accommodate Mixed Use Commercial Residential Development

Strategies

- a. Identify corridors for mixed-use commercial and residential development

Results – City Commission adopted new density and land use regulations in FY 2022

- b. Establish new development policies to attract corridor revitalization

Results – City Commission adopted codes changes, in addition to new density and land use regulations in FY 2022

- c. Initiate zoning changes, as appropriate

Results – City Commission adopted revised zoning regulations in FY 2022

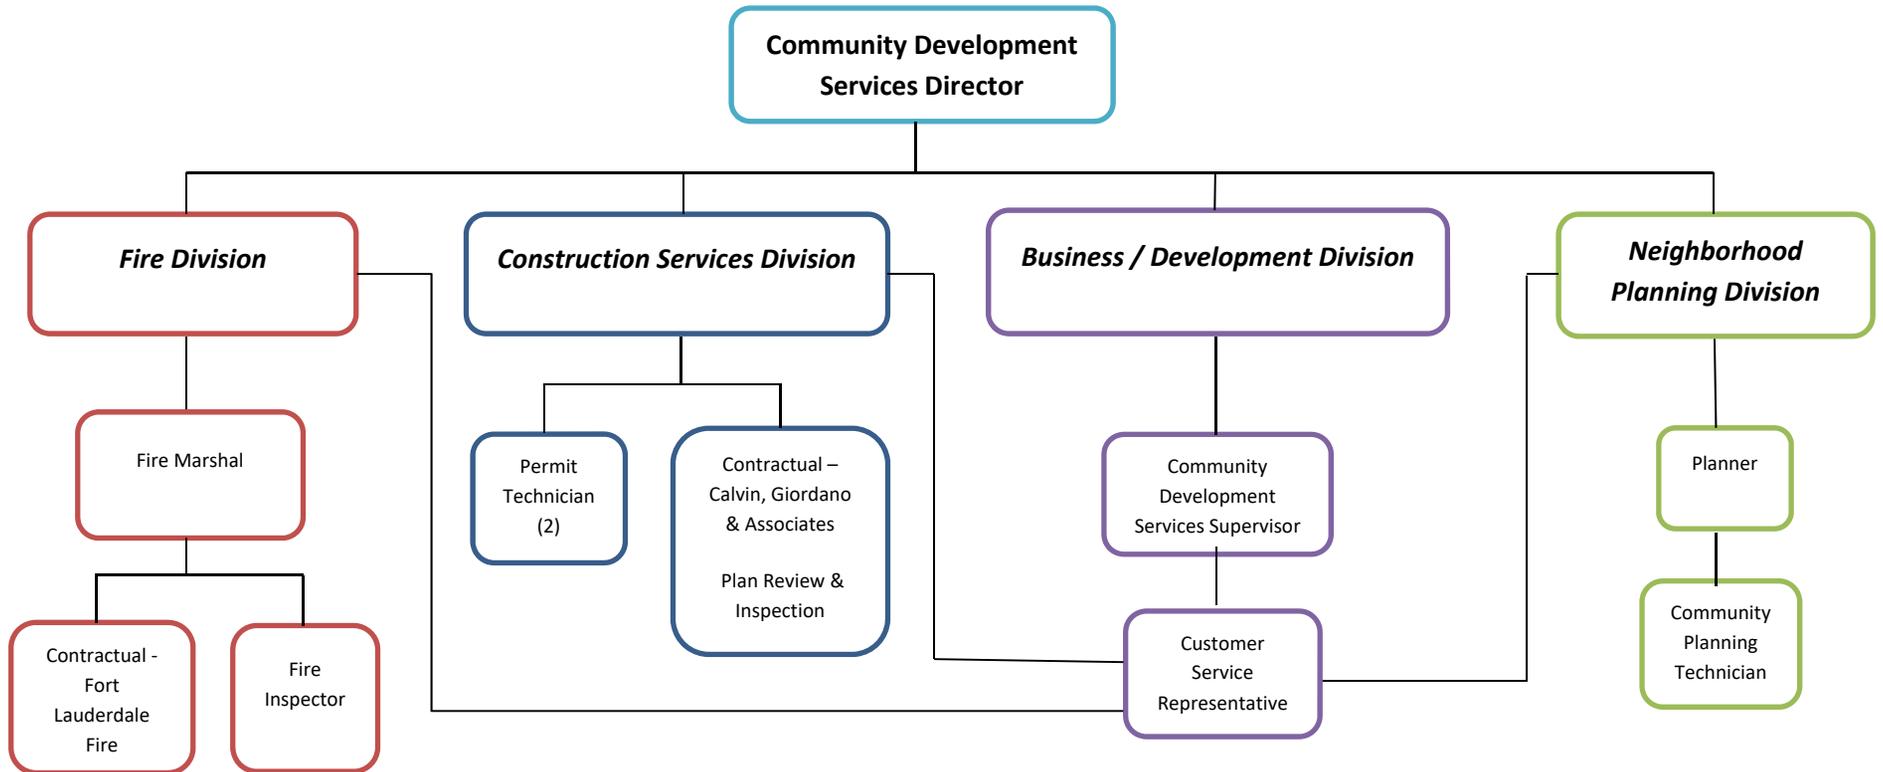

Objective 3. Ensure Application of Smart Growth Planning and Land Use Policies

Strategies

- a. Recommend smart growth policies for adoption

Results – City Commission adopted new policies as part of the ongoing comprehensive City Code of Ordinance Rewrite

Department
Community Development Services

Date Completed
2-Mar-22

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,500

Accounting String 001-5224-5341.000

Provide a Detailed Description of the Project

Additional five (5) CitizenServe Users.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The Community Development Services Department utilizes CitizenServe for the processing of building permits and licensing. The City changed building service providers on December 1, 2022. Based on the new contract, the service provider has requested additional users to ensure plan review can be completed effectively, efficiently and in a timely manner. Additional users would provide additional plan reviewers access to review, comment and approve building permits. It is necessary to have individual users to track plan review and any changes within CitizenServe.

Explain any Recurring Operating Costs

Annual renewal with CitizenServe would include these fees for the users. The recurring costs identified in this spreadsheet is solely for the additional users. Each user costs the City \$1,500 annually.

Alignment to Strategic Plan

Goal D: Cultivate Efficient and High Performing Government.

Cultural Resource Assessment Survey to locate and evaluate historic structures and sites.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Due to the adoption of Ordinance No. 2021-012 which provides regulations and oversight for the Historic Preservation Board, the City is required to conduct an assessment and determine which properties within the municipal boundaries are required to be designated as "historical". In addition to Ordinance No. 2021-012, the Goals, Objectives, & Policies located within the City's Housing Element of the Comprehensive Plan require an assessment survey to be conducted.

Explain any Recurring Operating Costs

None

EMERGENCY MEDICAL SERVICES

This Division details those expenditures associated with costs for the delivery of emergency medical services (paramedic/emergency medical technicians) to the residents and visitors of the City. These services are provided under contract with the City of Fort Lauderdale. These charges had been billed to the residents in prior years through a special assessment. Pursuant, however, to rulings by the courts, EMS services were deemed to be inappropriate for assessment through special assessment districts and for many years have been funded through the City's General Fund.

EMERGENCY MANAGEMENT/UTILITIES DEPARTMENT

The Emergency Management/Utilities Department is responsible for the water distribution network, the sanitary sewer collection system, traditional public works functions (such as the repair and maintenance of streets, sidewalks, and signs), drainage maintenance, administration of the recycling and solid waste contracts, plan review, various inspections, and emergency preparedness and response. A detailed description of these Emergency Management/Utilities Department responsibilities is listed under separate City funds (Recycling, Utilities, and Drainage Utility). The following is a program description of only the traditional public works functions:

Public Services Division

Streets, Signs, and Sidewalks - The street and sidewalk program provides for maintenance to the City's roads and walkways. Minor repairs to the streets, such as pothole patching or utility excavation repairs, are done in house. An asphalt overlay contractor performs street paving. Sidewalk repairs are done on an "as needed" basis. Additionally, this program encompasses the removal of debris within the City's right-of-ways and the repair/replacement of street signs. The streets program also includes the installation of striping, such as centerline, edge line, and stop bars. The budget for these street and sidewalk expenditures is shared with the Road Improvement Fund, and the employees performing these duties are assigned to the Emergency Management/Utilities Department. Part of the salary of the Emergency Management/Utilities Director is allocated to Public Services.

Emergency Management/Utilities

Department
Emergency Management/Utilities

Date Completed
3/1/2022

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,528

Accounting String 001-5440-5462.000

Provide a Detailed Description of the Project

Paint diesel fuel tank and canopy:

1) The City's fuel storage tank and canopy covering located at the Municipal Complex is in need of cleaning, priming and painting.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) The tank and canopy have visible rust surfaces, most notably around tank fittings and on canopy support columns.
- 2) The metal requires cleaning, priming and painting to preserve these facilities from deterioration.
- 3) The useful life-span can be extended for 10-15 years.

Explain any Recurring Operating Costs

None

Alignment to Strategic Plan

Goal C - Enhance Quality of Life and Livability, Key Objective 3 - Promote the Public Health and Welfare of City Residents

LEISURE SERVICES DEPARTMENT

Department's Core Operational Mission

The Leisure Services Department's responsibility is to serve all residents, local, regional, and international communities, tourists, and diverse participants who will benefit from our amenities, facilities, programs, and services. We are dedicated to providing a safe and clean environment with creative, dedicated employees and partners, who are qualified to provide outstanding program delivery in leisure activities, special events, and services that exceed the diverse needs of our guests.

Our emphasis is to apply accredited standards among library, parks and facilities, and recreation establishments. We will continue to provide well-planned and organized programs including athletics, boating, child care and youth development, cultural, education, information resources, entertainment, environmental protection, health and fitness, historical, instructional lessons, mentoring, safety, social, adult, and older adult programming, transportation, and other essential services.

Partnerships, volunteers, sponsorships, grants, donations, and participant fees will enhance our continued high quality programs, amenities, and services. We will apply automated resources for effective communication. The continued use of high quality recycled and low maintenance materials in the development of new and replaced structures and facilities will be prioritized whenever possible.

We shall preserve and protect our small town Island City heritage and take a leadership role in community building by implementing forums for effective communication, creating a festive atmosphere through cultural and diverse events and activities that promote family/community bonding, historical and natural areas preservation, and responsiveness to citizen concerns. Uniting all people as one community and raising the level of consciousness to enhance the quality of life is our main objective. Our common desire is to lead and serve citizens toward displaying passion and commitment towards community building to achieve our full potential.

Key Roles and Functions

The Leisure Services Department provides key functions including administration, budgeting, planning, organization, leadership, and performance measurements for parks and facilities, recreation, library, grants, capital projects, medians and rights-of-way, waterways, and public facilities. Additional functions include establishing and enforcing policy and procedures, leading the department emergency management plan, leisure services management, natural resources management, and leisure services program delivery.

The Leisure Services Department practices fiscal prudence in the use of City resources and seeks out alternative resources for social, economic, and environmental sustainability. Leisure Services

provides quality opportunities in a broad range of programs, amenities, and services that enhance quality of life. Additionally, the department is also the liaison of six (6) ongoing boards and committees and participates in more than 35 active organizations ranging from homeowner and resident associations, grant providers, event committees, school board and schools, CPRS, FRPA, NRPA, ISA, APWA, ACSM, FFEA, NatureScape, non-profits, and many others.

This fiscal year the Leisure Services Department will pursue updating the parks system master plan from the 2010 approved plan. The updated plan will serve as a guide to continue to repurpose Colohatchee Park with new access and Phase II amenities. The plan will assist with completing Hagen Park Enhancements, Art in Justin Flippen Park, CDBG projects, Site 92 Cypress Stand, and potential projects to be considered in a future bond issue. Expanding Hagen Park through land acquisition is a critical component to keep up with the growth and expectations of the community.

The Leisure Services Department will also pursue alternative funding, when feasible, from FCT, FRDAP, RTP, BBIP, FIND, and related grant sources. Leisure Services applied for a FIND grant to complete an assessment of dredging the west portion of the middle river and will follow up for grants to complete dredging as needed.

CAPITAL PROJECTS AND GRANTS

The Leisure Services Department coordinates multiple grants with the City Capital Projects Administrator. Collaboration includes providing project input and guidance to support grant applications. Some of the current grants in progress including Community Development Block Grants, projects funded by the Florida Recreation and Development Assistance Program (Hagen Park Enhancements, Florida Inland Navigation District, Broward Boating Improvement District, Broward County Tree Trust Fund and State Funding to enhance Public Library.

Additionally, the department is responsible for multiple capital projects, which are led by the Leisure Services Department Director and Capital Projects Administrator with technical support from an engineering consultant as necessary. Some of these projects include improvements and/or expansions at Richardson Historic Park, Mickel Park, Colohatchee Park, Island City Park Preserve, the 811 Property, Hagen Park Improvements, Flippen Park Enhancements, Art Sculptures, Park Site Master Plans and Landscaping, irrigation, and facility projects throughout City. Additionally, certain capital projects are completed by Leisure Services team members including the Landscaping Supervisor or the Facilities Supervisor depending on the specific project.

CONTRACTS/SPECIAL EVENTS/SPONSORSHIPS

The Leisure Services Department manages multiple contracts including bus bench advertisements, snack and beverage vending, cell tower, bus shelter advertisement, and many contractual agreements with consultants, contractors and program providers such as Jazzercise, Dance, Tennis, Chair Yoga, kayak, Youth Sports, Art and Cultural programs, Physical Therapy, and multiple Fitness Classes.

The Leisure Services Department is also the steward of all special events held in the City and is Chair of an events committee with appropriate city departments for city-wide community events.

The Leisure Services Department develops and provides event permits for the Stonewall Parade and Street Festival, Wicked Manors Halloween Street Festival, and other related events. The department is a partner with the Annual Taste of the Island Event and coordinates logistics, recruit restaurants and ensures the overall quality of the event. The Leisure Services Team coordinates many special events including seasonal events, Yard Sales, Concerts in the Park, Classical Concerts, Quarterly Pet events, Movies in the Park, and so much more.

The Leisure Services Department is also host to many City and community events including the Equality Garden Club, Annual Plant Fair, Community Grand Openings, Annual Tennis Tournament, Annual Hawaii Festival, and other major events on Wilton Drive and in City parks. The department also administers Specific Use and Facility Use Permits as part of the daily operations.

The Leisure Services Department solicits funds through appropriate sponsorship to offset City Special Events. The department developed sponsorship packages that are suitable for a diverse range of businesses to consider. The department also pursues sponsors each year and generates approximately \$10,000 annually.

LIBRARY DIVISION

The Richard C. Sullivan Public Library of Wilton Manors provides library service to the residents and business owners of Wilton Manors and surrounding area. The division provides an important service to the community, using accepted library standards as well as innovative planning. The Library is an institution that prides itself in helping patrons, young and old, with their information and leisure needs. Library service currently available includes access to books, DVDs and Blu-Rays, books-on-CD, large print books, a children's collection, magazines, eBooks, digital magazines and journals, and local and national newspapers. Computers are available to the public in both the adult and children's areas. High-speed Internet access including Wi-Fi is made available free of charge.

- The Friends of the Library provides funding for children's programs. This support group also purchases the DVDs, Blu-Rays and books-on-CD for the collection. They meet on a regular basis and provide social events and activities for Library patrons.
- Other services to the community include use of a fax machine and photocopier/scanner/printer and book delivery to home bound residents. A meeting room is available for local organizations and city boards.

RECREATION DIVISION

Recreation provides a variety of affordable leisure opportunities to all the citizens of the community. The recreation program covers a diverse range of services including youth, adult and senior recreation activities, social services, facility/equipment rentals, athletics, special events, cultural enrichment activities, and after school and seasonal camps. All of these programs, although different, have the common purpose of providing safe, enjoyable programs and facilities to all facets of the community. Programs offered to the community are designed based on recommendations received from participants, advisory boards, interest groups, and City staff. All

programs are evaluated annually and changes are implemented when appropriate as determined by trained qualified team members based on input from participant interest and budget considerations.

- Youth, adult and senior recreation activities offer leisure time activities, childcare, and skill improvement programs. Programs are developed to meet community needs, especially when their needs and interests are not being achieved through school, church, or other public and private establishments. Programs are conducted through contractual instructors and City employees.
- Facility rentals expands the traditional programming opportunities of instructional programs, such as fitness, exercise, dance, music, yoga, Citywide meetings, neighborhood association meetings and special events. City facilities available for rentals includes Richardson Historic Park, Hagen Park, Cultural Center/Woman's Club, Island City Park, and Mickel Park. When facilities are not in use with traditional City programs, facility rentals are the best uses of these resources and contributes more than \$100,000 annually.
- The Fitness Center at Hagen Park opened in 2006 and the Leisure Services Team has successfully completed sixteen (16) years of operation. This program has enhanced the quality of living with an emphasis on a healthy Wilton Manors Community. Additionally three outdoor fitness zones have been implemented at Island City Park Preserve, Mickel Park and Colohatchee Park. Working out helps reduce stress (the cause of many illnesses) and will contribute towards reducing the epidemic of childhood obesity, Type II diabetes, and overall wellness.
- Youth athletics provides residents with the opportunity to learn and experience the fundamentals of sports and fosters meeting new friends to enjoy the interaction with other participants. The focus is on learning and having fun at the instructional level. Through sports, participants can develop and maintain an enthusiasm for active participation, which becomes the basis for life-long interest in personal fitness and good health. The Leisure Services Department currently partners with Northeast Little League Baseball for youth baseball and with I-9 Sports for soccer and flag football.
- Adult Athletics consist of softball practice, volleyball open play, pickleball and basketball open play. There are currently eight (8) softball teams that use our ball fields. The largest adult athletic interest has turned to pickleball for the sport of choice.
- Tennis programs are offered for seniors, adults, and juniors on four (4) lighted hard surface courts and two (2) lighted hydro-grid clay surface courts. A contracted tennis professional provides all tennis programs. These include court rentals, private lessons, group lessons, league play, tournaments, and monthly socials.

- Pickleball has been recently offered by sharing courts with basketball, due to the growing demand. It is offered for all ages on three (3) lighted courts. A contracted pickleball professional provides pickleball lessons. The City is pursuing a Florida Recreational Development Assistance Program grant to enable the construction of a new pickleball court facility. Pickleball continues to increase in participation throughout the country and here in Wilton Manors. It helps provide an active recreational opportunity for middle age adults and brings new visitors to Wilton Drive.

Special events are developed to provide opportunities for social exchanges that promote a festive environment. Special events contribute towards multi-generational gatherings, uniting our families, and strengthening our neighborhoods. Most special event programs provide activities or entertainment for all ages although some are aimed at specific age groups. The department has prioritized key events with a focus on cultural diversity, partnerships, street festivals, and community collaboration.

PARKS AND FACILITIES DIVISION

Parks and Facilities provides services in six (6) main areas of maintenance, which includes buildings/structures/facilities/fleet service/trades, grounds and irrigation, custodial, program support, waterway, and emergency management. Working with a broad range of maintenance areas, the key components of maintenance include routine, housekeeping, preventive, program support, and specialty projects.

- The Building/Structure/Facility/Fleet Service and Trade Maintenance consists of maintaining buildings, docks, boat ramps, boardwalks, pavilions, indoor fitness equipment, outdoor fitness equipment, pickleball courts, basketball courts, tennis courts, playgrounds, sand volleyball courts, lighting, bus shelters, structures, vehicles, and equipment within the City. This work deals with plumbing, HVAC, elevator, electrical, mechanical, carpentry, painting, and general repairs to the structures. There are 25 buildings and/or structures that require on-going building maintenance and the department fleet of trucks, utility vehicles, trailers, a boat, and mowers. Most of these maintenance services are completed by the leisure services team. However, there are some services that are outsourced.
- The Grounds and Irrigation Maintenance consists of maintaining approximately 36 acres of parks, grounds, green areas, and 42 medians and right-of-way areas through staff and the supervision of contractual maintenance. Maintenance of these areas includes mowing, trimming, edging, pest control, turf management, weed control, fertilization, ballfield maintenance, sprinkler and irrigation systems maintenance, fence and gate repairs, sidewalks, walkways, debris removal, sodding, mulching, etc. Maintenance emphasis is directed toward excellent city entry ways, medians, and public areas. Also, a strong focus is placed on planting native vegetation that are drought and salt tolerant and provide value to wildlife.

- The Custodial Maintenance consists of ensuring the cleanliness of 25 buildings and structures. This involves daily cleaning, dusting, polishing, and trash removal at all sites and a regular schedule for mopping, vacuuming, waxing, and window cleaning. Other areas include adding supplies and cleaning products, paper towels, etc. The key buildings and facilities cleaned daily have increased from 49,500 to now 96,575 square feet, a 95% increase since 2007. They include City Hall, Public Safety, City Hall Annex which houses the Leisure Services Department Maintenance Division and Emergency Management and Utility Services Department, Hagen Park, Cultural Center/Women's Club, Island City Park Preserve, Richardson Historic Park Manor House and restroom building, Colohatchee Park, Colohatchee Boat Ramp, Mickel Park, Wilton Manors Elementary School (portion used by After School and Summer Camp), and City Library.
- The Program Support Maintenance includes providing set-up, break down, preparation logistical support, clean-up, and various tasks to support activities, special events, and programs, which include facility rentals, recreation programs such as line dancing, yoga, dog obedience, and concerts in the park. Functions also include preparation for city-wide meetings, block parties, ballfield maintenance, courts, playgrounds, and pavilions. Additionally, responsibilities include assisting other departments with citywide functions, and work requests.
- The Waterway Maintenance includes maintaining approximately thirteen and a half (13.5) miles of navigable waterways on an extremely limited basis with a small boat. Primary emphasis is placed on debris removal, tree trimming, and flood/erosion prevention; all while ensuring safe and navigable waterways. Waterway maintenance is conducted on a quarterly basis, during the Annual Waterway Cleanup or on an as needed basis.
- The Emergency Management Maintenance includes preventive measures before storms, pandemics and related emergencies and providing preventive measures to mitigate harm to the public. Functions include purchasing supplies depending upon the emergency incident; disinfecting, sanitizing and installing signage related to airborne and bloodborne pathogen incidents; provide clean-up after storms and related emergencies. When the City goes into emergency mode, steps are taken to brace for emergencies and to return to operational mode as quickly as possible after the emergency. The Leisure Services team assists with clearing roadways for public accessibility and then opening public facilities, the library, and parks. The past two years, operating during the Novel Corona Virus Pandemic has been very labor intensive to ensure public safety while operating a broad range of programs and services. Disinfecting and sanitizing supplies before and after use became the new normal to ensure public safety and the safety of our first responders, Police Department and front-line personnel during this pandemic. We continue to adapt to the changing policies that will provide the highest safety while offering continued programs, amenities and world class services.

Strategic Plan

Goal C. Enhance Quality of Life and Livability

Objective 4. Adapt to the Changing Needs of Residents

Strategies

- a. Survey residents' preferences regarding existing and desired Leisure Services programs and amenities

Results – Received report from survey indicating resident priorities; analyzing to determine a plan for meeting identified needs

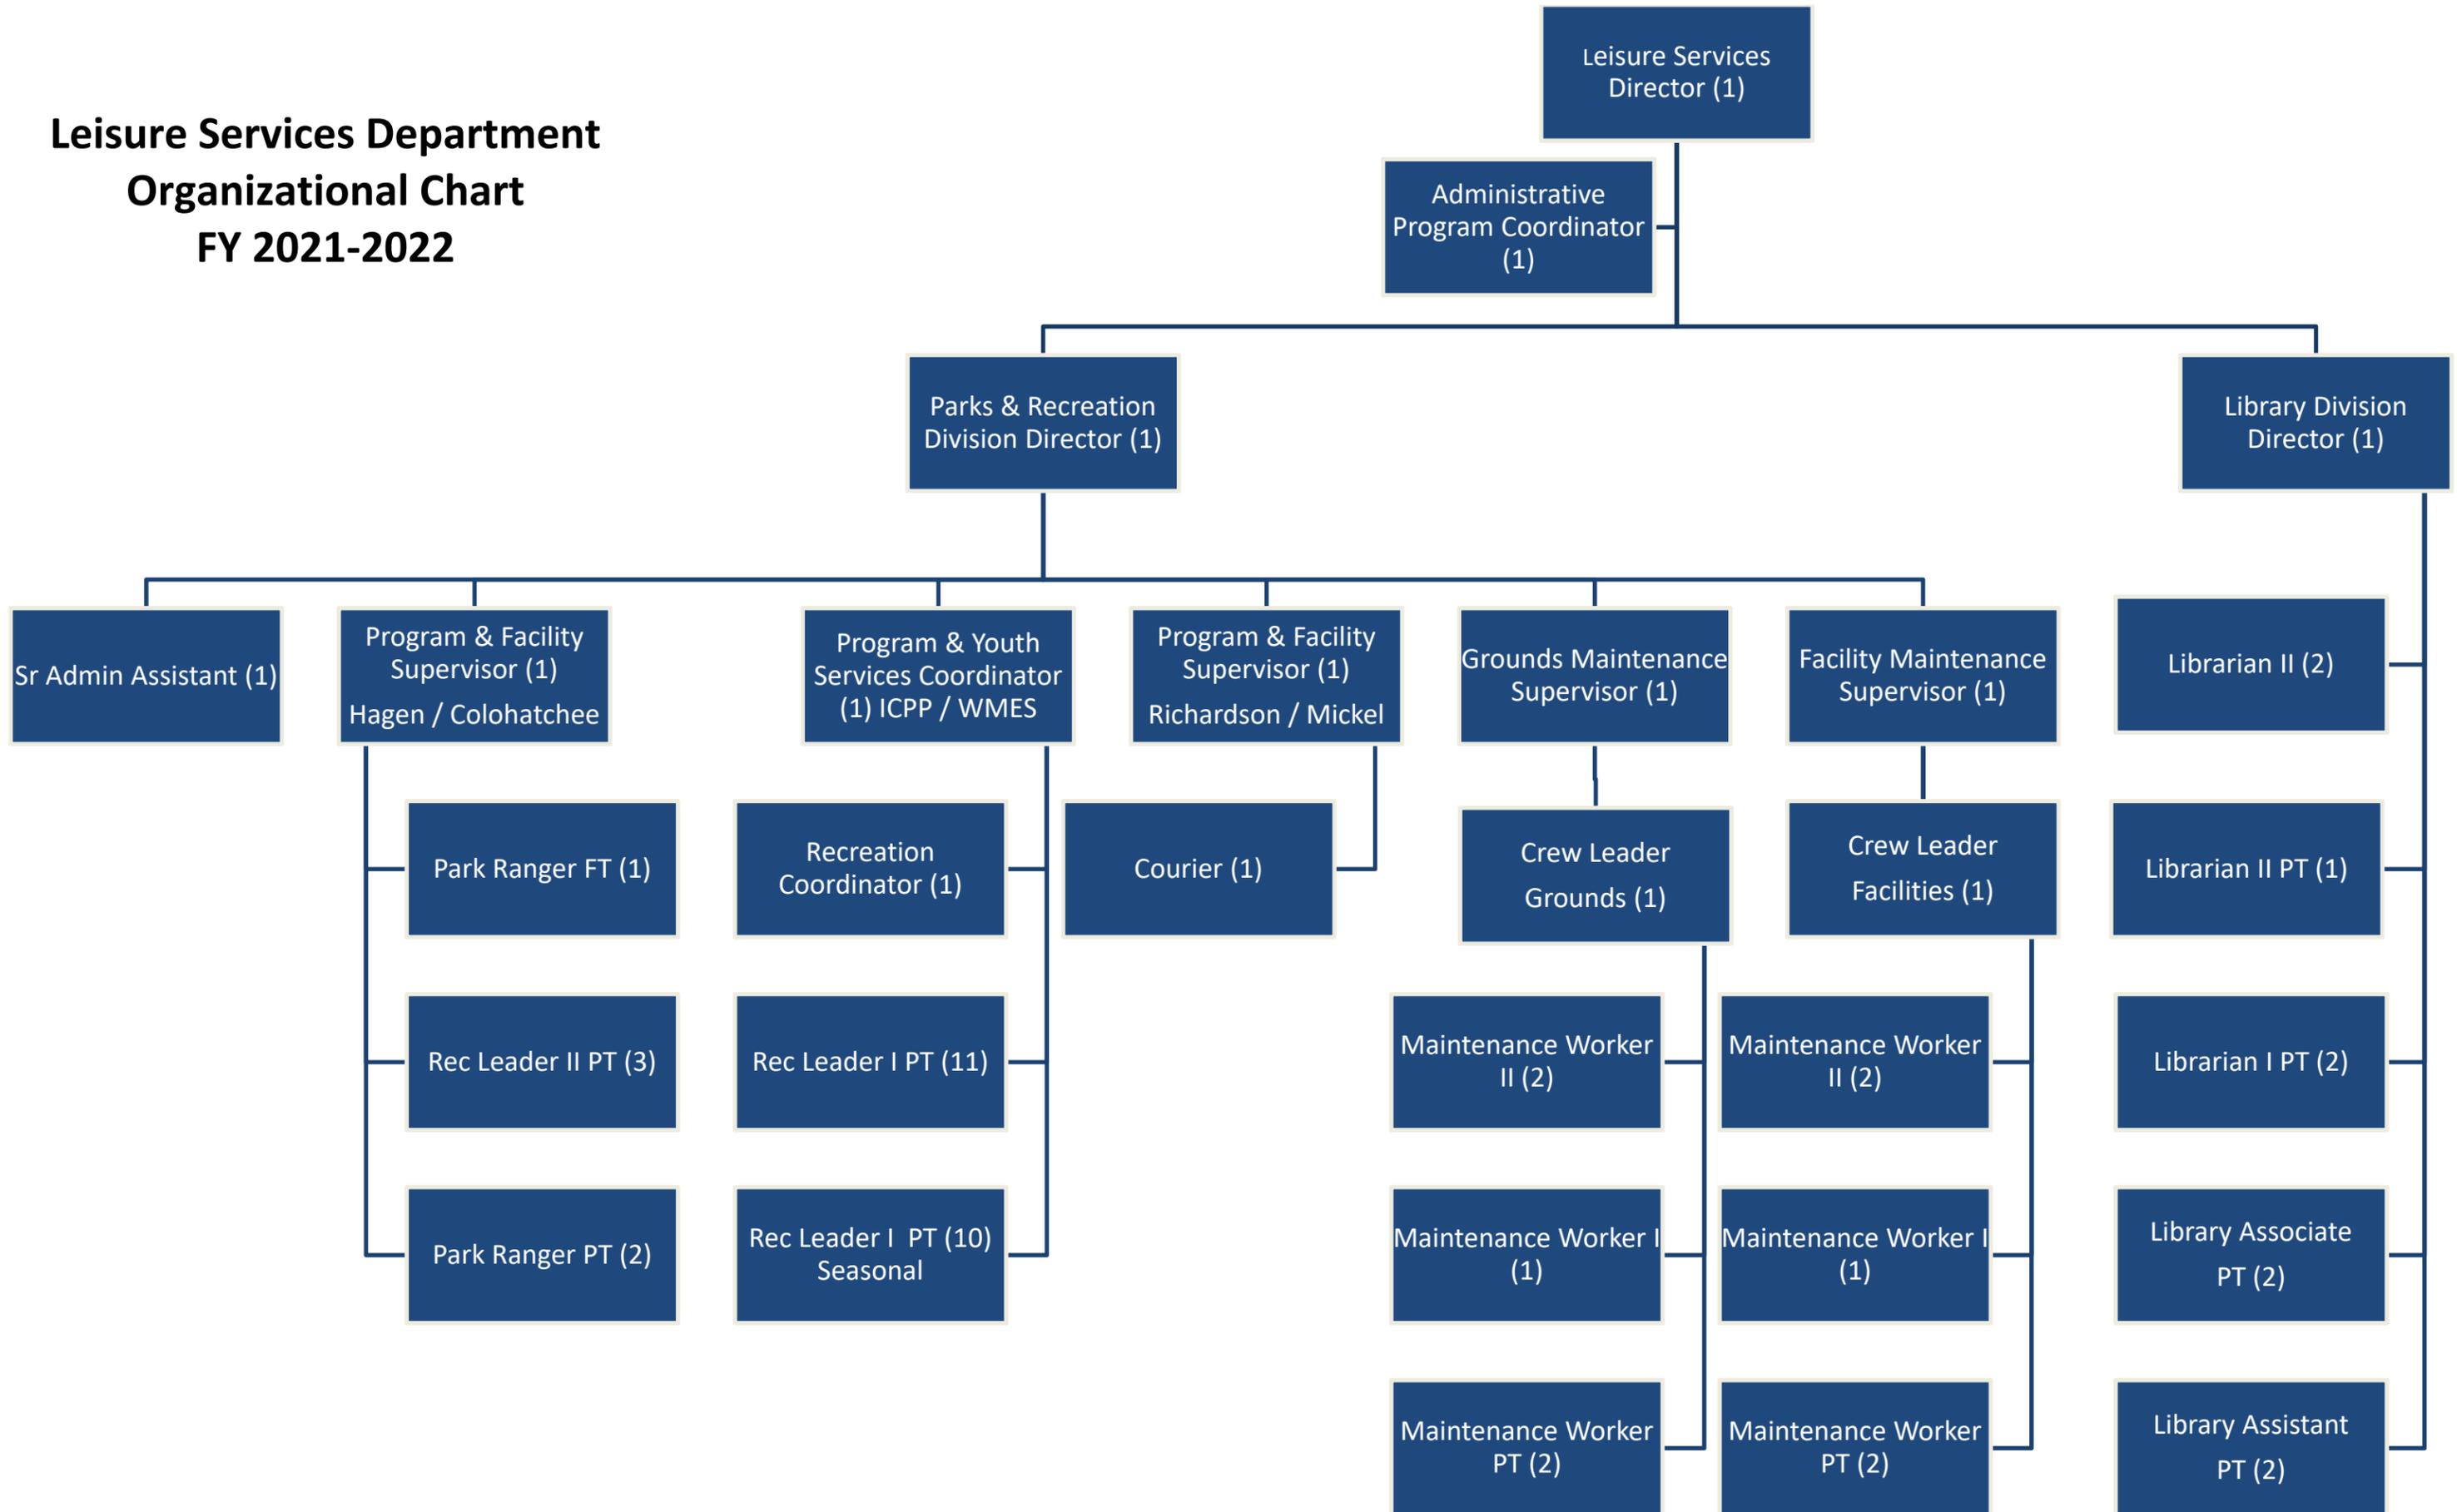

Objective 5. Support Recreation and Open Space Programs and Initiatives

Strategies

- a. Improve and replace park and open space assets, as needed

Results – Funding was appropriated through ARPA and the FY 2023 budget to make significant repairs and replacements in park assets; Grant funding, as well as, funds appropriated in FY 2023 to improve and redesign amenities in the City's flagship park, Hagen Park

FIRE SPECIAL ASSESSMENT FUND

Under the direction of the City's Community Development Services Department, the mission of the Fire Division is to provide Fire, Emergency Medical Services (EMS), Fire Prevention, and Fire Administration in the most efficient and effective way possible to the citizens of Wilton Manors. Operations are based out of one central fire station located at 533 NE 22 Street. Wilton Manors contracts with the City of Fort Lauderdale Fire-Rescue to provide three (3) Firefighters for an Advanced Life Support (ALS) Engine Company and two (2) Firefighters for an ALS Rescue (EMS). Wilton Manors provides a Fire Marshal, a Fire Inspector, and administrative assistance from the Community Development Services Department. The department strives to do this in the following manner:

- Fire Suppression, Rescue (Emergency Medical Services), Hazardous Materials, Mutual Aid Services - Under a contract with the City of Fort Lauderdale Fire-Rescue Department, through the Contract Administrator (Fire Marshal).
- Fire Prevention and Life Safety - Under the direction of the Fire Marshal, the Fire Prevention Division ensures fire code compliance through inspections, and provides fire cause and origin investigation services in coordination with the State Fire Marshal, and also provides fire public safety education.

All costs associated with the Fire Division's Emergency Medical Services are accounted for in the General Fund's Emergency Medical Services Department. Only costs directly related to fire services are accounted for in the Fire Special Assessment Fund. Revenues to support these fire services are funded primarily through a fire special assessment fee.

**DEPARTMENTAL BUDGET SUMMARY
FIRE ASSESSMENT FUND**

| Type of Budgeted Expenditure | FY20-21 Actual Expenditures | FY21-22 Amended Budget | FY22-23 Recommended Budget |

GRANTS FUNDS

American Rescue Plan Act

This fund's revenue comes from the Federal government. The purpose of these funds to assist with fiscal recovery from COVID-19. The City has claimed these funds as Lost Revenue. As a result, the funds can be spent on general government services.

Surtax Fund

This fund's revenues come from the Broward County sales tax. The funds can be spent on approved projects only.

Miscellaneous Grants

This fund's revenues come from grants awarded to the City from Federal and State agencies, local governmental entities, and occasionally from private organizations. Grant revenues received may be spent only for purposes specified in the grant agreements and must meet compliance and reporting requirements.

It should be noted that the City receives additional grants that are accounted for in other funds, most notably the General Fund and the Road Improvement Fund.

ROAD IMPROVEMENT FUND

The revenue from this fund is generated through a State and Local Option Gas Tax. The City uses this money to overlay streets, install traffic calming devices, perform right-of-way grounds maintenance, and for purchasing related right-of-way maintenance equipment, supplies, and materials.

Streets, Signs, and Sidewalks - The street and sidewalk program provides for maintenance to the City's roads and walkways. The Fund has no permanently-assigned employees. Minor repairs to the streets, such as pothole patching or utility excavation repairs, are done in house by employees of the Emergency Management/Utilities Department. An asphalt overlay contractor performs street paving. Sidewalk repairs are done on an "as needed" basis. Additionally, this program encompasses the removal of debris within the City's right-of-ways and the repair/replacement of street signs. The streets program also includes the installation of striping, such as centerline, edge line, and stop bars.

Right-of-way mowing and landscape maintenance is performed by contractors and by employees of the Leisure Services Department's Parks and Facilities Division.

This fund also accounts for road improvement project made possible through grant funding from transportation agencies such as the Florida Department of Transportation.

WILTON DRIVE IMPROVEMENT DISTRICT

In 2014 the City Commission adopted an ordinance creating the Wilton Drive Improvement District (WDID) to work toward creating a cleaner, safer, more attractive, and economically viable Wilton Drive. The District consists of 56 parcels of commercial property that border Wilton Drive. The district has the power to levy non-ad valorem assessments up to \$100,000 annually to fund its operations. WDID is a dependent special district under Chapter 189 of Florida Statutes, and is a Component Unit of the City for financial reporting purposes.

The District's board is comprised of seven members appointed by the City Commission.

GENERAL CAPITAL IMPROVEMENT FUND

This fund accounts for the acquisition of fixed assets or construction of capital projects financed by the General Fund. Funding for this fund is derived from federal, state, and local grants, and transfers from the General Fund. The fund also accounts for the General Fund's portion of the City's Capital Replacement Plan.

This fund was created as a new, separate fund in FY2019-2020 as an attempt to start bringing more focus and improvements to the City's process for long-term capital planning.

In FY13 the City began a Capital Replacement Plan (CRP) that is intended to provide an orderly method of funding for the planned replacement of vehicles, equipment, technology, and selected infrastructure throughout the City. Each fund makes contributions every year to the CRP in amounts designed to keep the plan solvent over the long term. The monies in the Capital Replacement Plan are accounted for as Committed Fund Balance (in governmental funds) or Restricted Net Position (in business-type funds). The monies needed for planned capital purchases during each fiscal year are withdrawn from the Plan and budgeted as Appropriation of Fund Balance (in governmental funds) or Appropriation of Net Position (in business-type funds). More information on the Capital Replacement Plan can be found in the Five-Year Capital Improvement Program section of this budget book.

**City of Wilton Manors, Florida
New Budget Request Form
For Fiscal Year 2022-23**

Department
City Managers Office

Date Completed
2/22/2022

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,500

Accounting String 300-5112-5641

Provide a Detailed Description of the Project

Wilton Drive Phase 3 Street Furniture, lighting and public art - Once the irrigation and landscape is installed, trash bins, benches, butt urns and other street furniture will be needed to improve and beautify the City's "Main Street".

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The beautification of Wilton Drive will enhance livability and encourage daytime as well as nighttime traffic. Street furniture provides important amenities for pedestrians by adding functionality and vitality, contributes to a sense of place and encourages economic activity. The Wilton Drive Improvement District will also likely contribute capital funds to this project.

Explain any Recurring Operating Costs

Maintenance of the equipment can be provided by internal staff. The estimated cost for maintenance is 30 hours per year @ \$18.00 hr.

Alignment to Strategic Plan

Goal B: Promote Economic Development and Goal C: Enhance Quality of Life and Livability

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,500

Accounting String 300-5117-5641

Provide a Detailed Description of the Project

City PC Replacement and PD Laptops- This is an annual capital cost for purchase and maintenance of personal computing devices, either desktop or laptop. Request is to purchase four city desktop computers @\$1400 each, 20 PD laptops (Dell 5430 replacing Dell 5404 and 5414)@\$2600 each, 12 16gb RAM kits @\$120 each, and 10 monitors @\$160 each.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Most of the city's desktop PC's have been on a five year replacement cycle. However, IT lengthens that life by updating the RAM and storage space. In previous FY's the updates included replacing mechanical spinning platter based hard disk drives with solid state NVRAM based "disk drives" now commonly referred to as SSD's. These updates have extended to lifecycle of the desktop PC's from 5yrs to 7yrs.

Explain any Recurring Operating Costs

Alignment to Strategic Plan

Goal D: Cultivate Efficient and High Performing Government

Provide a Detailed Description of the Project *PD & LS Printers*

Printers for PD and LS - DB and G9 are both over capacity with their printers. The printer at ICPP is elderly. IT also needs to have a spare printer on hand to maintain essential operations.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

In an effort to reduce the usage of consumables such as paper and toner, the replacement of individual printers with work "area" multifunction printers is essential. A single, centrally located MFP copier is less expensive to operate than several on the desk laser or inkjet printers. The plan is to relocate or install new leased Toshiba of the size similar to the library in the identified locations served currently with multiple small workgroup printers.

Provide a Detailed Description of the Project Switches - Hagen & Library
 Replace 2 existing 12+ year old, 3Com 10/100 unmanaged switches at Hagen Park and RSP Library with Meraki MS-225/48 Port POE+ cloud-managed switches.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project
 The IT Department determined to best service offsite locations was to implement an remotely accessed, cloud-managed data switch. Much like the City Hall "Edge" switch replacement during the FY21 period, the remote sites have been getting updated with new, modern data switching equipment. The Meraki MS-225/48 Port switches are normally implemented during an installation of wireless equipment. However, RSPL and Hagen Park already have an existing Meraki wireless backbone so the "server rooms" at these 2 locations never recieved their new switches. The MS-225, being a managed switch, allows for per-port management and assignment of access. This protects the City network from unauthorized individuals plugging their computers or laptops into a vacant wall port and accessing the network. The switch port that is connected to the wall jack, recognizes the intruding device and disables itself. There are many other IT managment benefits to the MS-225 including bandwidth modeling and shaping that allows for more efficient use of the network infrastructure.

Provide a Detailed Description of the Project *Aruba Switches*

Core Switches -In FY20-21 the City replaced its 5 server room "Edge" switches to compensate for increasing demand placed on the network by modern client PC hardware. PCs, able to process information rapidly and more efficiently, were impeded by a bottleneck in the server room at the "Core" network level. The 2 phased approach was planned to move the Core networking components to a different rack and replace the Edge components. Once the Edge and Core were stable, then the Core hardware would be replaced, with servers first (completed in FY21), then the Core switches. The existing Core HP ProCurve network switches connect the client pc to the server/internet infrastructure, via the Edge switches, in the data center at City Hall. The back end speed of the existing hardware is an order-of-magnitude slower per switch port, than that of the proposed replacements. The replacement HP Aruba 5406R zl2 switches, are capable of 40 gigabits per second of data throughput per port compared to the 1 gigabit/sec throughput per port on the existing 5406's. The plan is to replace each switch and allow each connecting client, pc, server, or network device, to have at least 1 port of connectivity per 5406R chassis. This architecture will allow for network transport redundancy within the data center. The design also includes redundant management controllers in both 5406's. Redundant power supplies will be plugged into the existing power infrastructure of redundant UPS battery backup system. The Edge switches will initially connect to the Core switches via 2 fiber optic cables, each operating at 10 gigabits/sec. Once the overall system performance is reviewed, it may be prudent to interconnect the remaining 2 available fiber optic ports to the Core switches for an aggregate 40 gigabits/sec split 20gbs/20gbs into the 2 Core .

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The replacement of the two 10 year old Core switches will renew another layer of our internal network infrastructure. This will bring us much closer to meeting our goal of modernizing the IT department's role of data custodian, through better data serving, storage, and protection. Multiple, redundant, and fast data lanes from the client PC to internal network resources and to cloud based applications ie. Office 365, Citizen Serve, and Civic Plus. More robust backup speeds mean nightly backup jobs from the data stores to the backup server and the replication of backed up data to cloud storage for longterm backup rotation and retention. Installation labor costs have not yet been computed.

Explain any Recurring Operating Costs

There will be an annual maintenance cost for the 2 chassis and the hardware installed in them. The maintenance costs have not been submitted for review yet but will be approximately 5% of the initial capital outlay.

Alignment to Strategic Plan

Provide a Detailed Description of the Project *Implement Telecommunications Study*
 Implement recommendations of Telecommunications Consultant, possibly including a new telephony system and a new telecommunications paradigm.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project
 The IT Department is currently in the process of issuing an RFP for a telecommunications consultant. The consultant will review our telecommunications operations, practices, agreements and invoices related to the telephone system as well as the telecommunication system. It is expected that the resulting report will include recommendations that will likely include replacement of the existing telephone system, which is several years out of support and long past its useful life. The recommendations will also probably include a more comprehensive telecommunications policy. This item is a placeholder for the implementation of the the recommendations.

Explain any Recurring Operating Costs
 We currently spend about \$75,000 annually for telecommunications costs.

Alignment to Strategic Plan
 Goal D: Cultivate Efficient and High Performing Government

Provide a Detailed Description of the Project *Visio*

As the police officers must respond to car accidents and other physical location, it becomes necessary to diagram the scene. Visio 2019 is the software that integrates with the officers MCT (records) software. Internal programming automates the process of diagraming based on the location of the call already entered into the system. The current version of Visio being used is no longer supported by Central Square to integrate with their product, and the new version of Visio will not integrate with the old version Microsoft Office installed on the laptops. It is important for the officers to clear the scene quickly in order to be available for other calls for service and back in the vehicle for their own safety. Using the software is more accurate, time saving, and safe.

Provide a Detailed Description of the Project LiveScan

This project will fund a replacement of the current fingerprint system by Cross Match Technologies Inc. Live Scan Management Software (LSMS). This LSMS system has been in use for over ten (10) years and has been deemed End-of-Life (EOL) by the current equipment and software provider, HID Global Corporation. The fingerprint scanner is no longer able to receive necessary software and security updates to ensure compliance with FDLE.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Electronic/Live Scan Fingerprinting services, although currently suspended due to COVID, will offer our Wilton Manors residents and business owners fingerprinting services necessary for the completion of state or federal licensure and/or background checks. Within the police department, the capturing of fingerprints is a critical aspect of the hiring and screening process of all police employees, and city employees, requiring criminal history record checks that are reviewed to identify whether or not an individual meets the Florida Department of Law Enforcement (FDLE), Commission for Florida Law Enforcement Accreditation, and our standards for hire, or for access into our police station. Live Scan Management Software (LSMS) is a State of Florida configured system that captures and sends applicant demographic data and fingerprints directly to FDLE using an Originating Agency Identification (ORI) number to support our agency's background checks of applicable individuals.

Explain any Recurring Operating Costs

Itemized charges are listed below for subsequent (24 additional months) maintenance coverage for software and hardware.

Alignment to Strategic Plan

Goal C. (2) Support Proactive Public Safety (3) Promote the Public Health and Welfare of City Residents (4) Assess and Adapt to the Changing Needs of Residents

Provide a Detailed Description of the Project *Mickel Park Cameras*

This project will fund the purchase of a Network Video Recorder (NVR) for the Mickel Park video surveillance system to replace the current inoperable unit. The Mickel Park system consists of ten (10) Internet Protocol (IP) cameras. A network video recorder is a specialized computer system that includes a software program that records video in a digital format to a disk drive, USB flash drive, SD memory card or other mass storage device. The purchase of this unit will activate a video surveillance system at one of our signature parks to capture the activities that occur there, and assist our City and Police Department with monitoring and documenting activity as necessary to promote a safe park space.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The current Mickel Park video surveillance system NVR was declared inoperable. In order for the Mickel Park system to become operational, a new NVR will be needed to restore it back to working condition. The Mickel Park video surveillance system NVR is essential for supporting our endeavor to promote safe park space. Mickel Park is a 5 acre facility located at 2675 NW 7 Avenue, and is a park that provides our community with amenities such as a walking trail, exercise stations, entertainment pavilion, children splash pad, baseball/softball field, open green space and more. FY/20-21 saw an estimated 40,000 people visit this park, but pre-COVID, our City hosted an estimated 60,000 people annually. In CY/2021 this facility was rented to one-hundred forty-four (144) groups, and our City hosted 5 concerts and 1 Hawaiian Festival there. This park is home to a lot of fun in the sun, and under the lights, as it has become a popular venue to many. The Wilton Manors Police Department three year average ('19-'21) for calls for service to this park is thirty-two (32), with 3 of these calls over this time span being lower level crimes. The purchase of this NVR will reactivate this video surveillance system providing our agency the ability to investigate crimes and other incidents of concern that surface. It will also enable "Real Time" capabilities to monitor this park, provide real time information to officers responding to calls for service at this park prior to their arrival and secure video evidence of crimes. This system also supports future ambitions of attaching ourselves to the Broward Sheriff's Office Real-Time Crime Center where live feeds of the park can be received. As a disclaimer, the Wilton Manors Police Department does not intend to constantly monitor this park, and will only do so when resources and time permits.

Explain any Recurring Operating Costs

Recurring costs consist of annual licensing subscriptions that enable connectivity, and accessibility, to recorded and live videos.

Alignment to Strategic Plan

Goal C. Enhance Quality of Life and Livability (2) Support Proactive Public Safety

Accounting String

Provide a Detailed Description of the Project

This project will fund the purchase of two unmarked 2023 detective bureau vehicles, with all necessary aftermarket emergency equipment, and an extended 5 year/75K mile warranty.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

These vehicles will replace one (1) 2015 Nissan Altima and one (1) 2015 Toyota Camry detective bureau vehicles. Both vehicles have reached their useful lifespan based upon a variety of factors to include; age and model year, mileage, crash history, mechanical condition and general appearance condition. Both vehicles are out of warranty and have been experiencing mechanical issues.

Explain any Recurring Operating Costs

Recurring costs include fuel, vehicle maintenance/repair, and washes. Based on a three year average, fuel cost are estimated to be \$1,962 annually per vehicle. Also, based on a three year average, we can estimate spending \$1,019 per vehicle for maintenance/repair and washes annually per vehicle.

Alignment to Strategic Plan

Goal C. Enhance Quality of Life and Livability (2) Support Proactive Public Safety

Provide a Detailed Description of the Project Lasers/Radar

The Wilton Manors Police Department will proactively enforce traffic laws on City roadways. This traffic enforcement will include speed measurement to slow down motorists, educate drivers on safe driving techniques, and improve the safety of our roadways for drivers, cyclists and pedestrians. Laser speed measurement handheld technology is an industry standard and court approved device used by law enforcement to measure vehicle speeds. The purchase of 5 handheld laser speed measurement units looks to replace 2 current units, and add 3 units, that will provide us a total of seventeen (17) units. These units will reside primarily with our 1 full-time traffic officer, and within our twenty-one (21) road patrol personnel that includes our part-time traffic officer. Fifteen (15) of these staff members are currently laser certified and able to operate these units, and we will look to add 8 members to this list by the end of FY/'22-'23. These devices will assist Wilton Manors police officers with carrying out this important function of their duties.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

This project is necessary to improve the safety of our roadways for vehicle commuters, cyclists and pedestrians. All four of our neighborhood associations (WAWM, CANA, ENA, Three Bridges) and our police department identify transportation flow, roadway safety and traffic education and enforcement as a primary area of focus for us. A total of 5 laser speed measurement handheld units are being requested...2 laser speed measurement units will replace 2 units purchased in 2014 that have experienced functionality issues, and we look to add 3 units that will provide us a total of seventeen (17) units. 2021 saw an 11% reduction in traffic warnings and citations issued in comparison to 2020, and we look to rebound with staffing levels increasing to prior years levels. Traffic crashes increased 6% when comparing '19 v. '21, 2019 being a non-COVID year, and fatalities increased 100% (2 v. 4) using this same comparison methodology. Year to date figures '21 v. '22 show a 2% increase in our speed education and enforcement efforts, and traffic stops have increased 13%. These devices will support our efforts toward safer streets for all.

Explain any Recurring Operating Costs

Each unit will require the need to calibrate and certify each unit once every 6 months...5 units x 2 calibrations x \$53 per unit = \$530 annual recurring costs.

Alignment to Strategic Plan

Goal C. Enhance Quality of Life and Livability, (2) Support Proactive Public Safety.

Provide a Detailed Description of the Project

This project will fund year four (4) of a five (5) year agreement with Axon In-Car Video Systems for marked police vehicles of which we will anticipate continuing the contract at the end of the term. Total number of cameras under the agreement is 20. Year four (4) of the contract includes four (4) cameras with all necessary cloud based evidence storage and equipment.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

The in-car camera provides video coverage of the road ahead in front of a marked police unit, and inside the prisoner compartment. Audio is captured by a device an officer wears, and via a microphone in the prisoner compartment. These systems capture important video footage and audio recordings supporting the documentation of probable cause for traffic stops and other contacts, as well as notating evidence, public interactions, testimony and admissions admissible for court presentation. These systems improve law enforcement's transparency in our duties to nurture public trust, to identify deficient work products for corrective action purposes, and for professional competency in duty training.

Explain any Recurring Operating Costs

This will fund year four (4) of a five (5) year agreement with Axon In-Car Video Systems. Recurring costs after the conclusion of this contract beginning in FY/25-26 are calculated assuming this program is retained at an annual rate increase of 5%.

Provide a Detailed Description of the Project Briefing Room

The Wilton Manors Police Department briefing room requires a remodel after twelve (12) years of use that has seen the impacts of subterranean termite mitigation, water intrusion damage, general wear and tear and antiquated technology. This briefing room remodel will endeavor to provide a deserved "Quality of Work Life" improvement to one of the areas of primary use 365 days a year where we hold daily briefings, critical incident debriefings, major department announcements, award presentations, trainings and more. This remodel will enable painting, drywall repair, baseboard replacement and carpet cleaning. 2 work stations are set to be relocated to enable a focus area for ceremonial activities, messaging and a positive and motivational optical point of this room. Training and technology requirements for officer competency and qualifications will also be upgraded. Technology upgrades will enable the added ability to simultaneously use monitors for multiple purposes to accomodate stagnant presentations and videos. The technology upgrades will include an interactive podium with multi-functional, all-in-one audio-visual solution to make the briefing room smart and interactive, and capable of using all forms of media for training. A large flat screen smart television will also provide video and media casting, intelligence briefing information, and departmental communications from a CJIS compliant platform. This aspect of the project will mitigate our carbon footprint eliminating some informational fliers traditionally issued via paper. The officers, department and community will benefit from this project because the result will lead to more professionally trained and informed officers whose work environment will match that of our City's tagline of "Work's Just Better Here!"

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

AS DUPLICATED FROM ABOVE...The Wilton Manors Police Department briefing room requires a remodel after twelve (12) years of use that has seen the impacts of subterranean termite mitigation, water intrusion damage, general wear and tear and antiquated technology. This briefing room remodel will endeavor to provide a deserved "Quality of Work Life" improvement to one of the areas of primary use 365 days a year where we hold daily briefings, critical incident debriefings, major department announcements, award presentations, trainings and more. This remodel will enable painting, drywall repair, baseboard replacement and carpet cleaning. 2 work stations are set to be relocated to enable a focus area for ceremonial activities, messaging and a positive and motivational optical point of this room. Training and technology requirements for officer competency and qualifications will also be upgraded. Technology upgrades will enable the added ability to simultaneously use monitors for multiple purposes to accomodate stagnant presentations and videos. The technology upgrades will include an interactive podium with multi-functional, all-in-one audio-visual solution to make the briefing room smart and interactive, and capable of using all forms of media for training. A large flat screen smart television will also provide video and media casting, intelligence briefing information, and departmental communications from a CJIS compliant platform. This aspect of the project will mitigate our carbon footprint eliminating some informational fliers traditionally issued via paper. The officers, department and community will benefit from this project because the result will lead to more professionally trained and informed officers whose work environment will match that of our City's tagline of "Work's Just Better Here!"

Explain any Recurring Operating Costs

A 5 year repainting plan for this room is estimated to cost \$1,000.

Alignment to Strategic Plan

Goal D, Cultivate Efficient and High Performing Government, (6) Ensure the City is Competetive in Attracting and Retaining a Diverse High-Quality Workforce.

Accounting String

Provide a Detailed Description of the Project

This project will fund the purchase of fifteen (15) short barrel rifles and twenty-two (22) rifle slings.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Rifles are an unfortunate necessity in the law enforcement profession, and this industry standard weapon will outfit our law enforcement personnel in order to protect our community, and themselves. The purchase of 15 rifles would allow for all sworn officers to have a rifle assigned to them in the event the need for one arises. The purchase of the twenty-two (22) rifle slings would allow for sworn officers to be able to carry a department issued rifle and safely store it on their body when not in use.

Explain any Recurring Operating Costs

We would use approximately 500 rounds of ammunition for training and 100 rounds of ammunition for duty each year per officer totaling an additional \$4,125 in ammunition each year.

Alignment to Strategic Plan

Goal C. Enhance Quality of Life and Livability (2) Support Proactive Public Safety, (3) Promote the Public Health and Welfare of City Residents

Community Development Services

Date Completed
2-Mar-22

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,500

Accounting String 001-5224-5511.000

Provide a Detailed Description of the Project

Seven (7) Filing Cabinets for Community Development Services storage.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Under Florida's Record Retention laws, certain types of permits and plans are required to be maintained which includes, but is not limited to, commercial permits and development applications. Due to the timeframes to meet the records retention laws, additional filing cabinets are required in order to move files from plastic totes.

Explain any Recurring Operating Costs

None

Alignment to Strategic Plan

Goal D: Cultivate Efficient and High Performing Government.

Accounting String 300-5440-5461.000

Provide a Detailed Description of the Project

Replace (2) message boards:

1) Replace (1) broken and (1) aging 8 Ft, 15-year old message boards with (2) 6 Ft message boards.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) Message boards are used during emergency events to provide up-to-date information on available resources for life-safety and recovery programs.
- 2) Messaging is maximized when displayed at multiple locations as provided by two boards.
- 3) Message boards are also used to advertise to and inform residents of special events and other public notifications.
- 4) The current message boards have reach their useful life cycle.

Explain any Recurring Operating Costs

The life-span of the message boards is expected to be approximately 15 years. Periodic maintenance performed as standard operating procedures are expected to be minor through the message boards' useful life cycle.

Alignment to Strategic Plan

Goal C. - Enhance Quality of Life and Livability, Key Objective 3 - Promote the Public Health and Welfare of City Residents

Provide a Detailed Description of the Project

This is for the installation of external lighting in front of the existing library building.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Lighting is needed for safety purposes. The library is open until 8:00 P.M. on Wednesdays and there is not sufficient lighting to ensure public safety.

Explain any Recurring Operating Costs

Lighting enhancements will not need typical maintenance except the occasional replacement of lights.

12,000

Accounting String 300-5779-5461

Provide a Detailed Description of the Project **Ford F150**

Replace one 15 passenger van with a small truck to be utilized in daytime by custodial staff and at night by the Park Ranger.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Currently the daytime custodial staff used one of the 15 passenger vans to travel from park to park to complete their maintenance duties. Additionally, the park rangers utilize one of two unmarked SUV's. This would replace one of the 15 passenger vans, purchased in 2014, with a smaller pick up truck that would be more suitable for custodial work and would be clearly marked/wrapped as a Park Ranger vehicle with appropriate equipment (lightbar, spotlight, etc.).

Explain any Recurring Operating Costs

Operating costs would be less for a newer, smaller, more fuel efficient vehicle.

Provide a Detailed Description of the Project **ICPP Basketball Resurface**

This request is to resurface the basketball court at Island City Park Preserve.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Basketball courts are resurfaced every three to five years depending on use and impact. The multi-purpose basketball court at ICPP is due for resurfacing and there are many areas with cracks and fissures along the length of the basketball court. The cracks and fissures reduce the quality experience of use and if the court is not repaired, the cracks will grow in size and become a safety hazard and much more costly to repair in the future. This request proposes to fix the cracks and resurface the multi-purpose basketball court. The basketball court is used for basketball participants, childcare programs and serves as a multi-purpose court during summer camp.

Explain any Recurring Operating Costs

None

Provide a Detailed Description of the Project *Hagen Tennis Court Resurface*

This request is to resurface four asphalt tennis courts at Hagen Park.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Tennis courts are typically resurfaced every three to five years depending on the use and impact. The Hagen Park tennis courts are due for resurfacing and have several surface cracks. The longer we wait to repair and resurface these courts, the cracks and court deterioration will expand costing significantly more dollars in the future. Additionally, the playing surfaces will have reduced quality and will eventually become a safety hazard. This request would provide funding to remove cracked surfaces, apply a fiberglass membrane over the entire asphalt surface to seal existing cracks and restrict future cracking. This request also resurfaces all four asphalt courts, which include repainting the net posts, adding nets and painting new lines. The tennis courts generate more than \$22,000 annually and attract 5,000 annual park visits to Hagen Park.

Provide a Detailed Description of the Project *Park & Waterway Signage*
 This request is to update and replace park and waterway signage.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project
 There are missing, confusing or out of date signage along City waterways. Additionally, permanent park signage needs to be evaluated, updated and replaced. Completing this project would add value to the participants using the waterways and it would also enhance the City's branding. Also, the locations can be coordinated at one time adding continuity of the park and waterway signage. The waterways represents more than 45% of the City's parks and are used by many recreational boaters. Additionally, the waterways are used for several special events including, Santa By Sea, the Annual Canoe Race and the Waterway Cleanup.

Provide a Detailed Description of the Project *Cultural Center Improvements*
 This request is for improvement to the City's Cultural Center, Woman's Club. The project includes interior painting, ceiling repairs, and an upgraded parking area.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project
 The Cultural Center is an aged facility and in need of upgrading the driveway, interior painging and ceiling repairs. The facility is a host to early voting, which attracts many visitors to the City and leaves a lasting impression about Wilton Manors. The Cultural Center also hosts many new activities and events in addition to facilitating building rentals. Many visitors are attracted to the unique cultural opportunities offered including events by Art Gallery 21, Sunserve, Arts United, Stonewall National Museum and Archives, World AIDS Museum, Glass Depression Club, Jazzercise, Hula Dance and many other activities.

Provide a Detailed Description of the Project *LED Lighting for City Hall*

This request would be to install an LED color changing lighting system for the City Hall building.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Staff changes the lighting color themes of the City Hall building frequently throughout the year. This request would install an automated system that would allow updated and efficient LED lights that could be programmed from an app or via internet and not require staff to manually place gel covers on each individual light fixture. Additionally, this type of system would allow for a wider array of colors and layouts. Staff currently is asked to change out the light colors approximately 5 to 6 times per year and it takes three staff members approximately 3 hours to install and then 3 hours to uninstall each time for a total of 12 hours 5 to 6 times per year.

Explain any Recurring Operating Costs

Alignment to Strategic Plan

Goal C. Enhance Quality of Life and Livability; Objective #5. Support Recreation and Open Space Programs and Initiatives

Provide a Detailed Description of the Project *City Hall Ladders*

This request is to purchase ladders to provide access on the City Hall Public Safety Building front roof and light areas.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Currently staff has to use a regular ground ladder to access the lights and sides of the City Hall building when changing the color of lighting during certain themes and when replacing lights at City Hall Public Safety Building. Permanently adding new ladders on the building would allow for safer use by City staff. Ladders have already been installed on other public buildings.

Provide a Detailed Description of the Project *Municipal Complex 50yr Inspection*

Repairs for the Municipal Complex:
 1) Structural and electrical repairs are required based upon 50-Year Inspection Reports performed by Jaime Ghitelman P.E. and Smith Engineering Consultants, Inc. dated November 15, 2021 for three groups of buildings located at 2100 N Dixie Hwy.
 2) The reports covers: A. The main office and shop buildings, B. The east warehouse building, and C. The west office building.
 3) Detailed engineer's reports and recommendations are available for additional budgeting assessment.

The EM/Utilities cost of \$125,000 will be split 50% Water Fund and 50% Sewer Fund. Additional funding of \$20,000 is provided by Leisure Service Department who occupies a portion of the East Building.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

1) The referenced structural and electrical reports provide detailed explanation of deficiencies and required repairs.

Provide a Detailed Description of the Project *Jon Boat*

Purchase a jon boat with trailer and motor.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

This request is to replace the existing Jon Boat. The current boat is approximately 32 years old and no longer operational. This boat is used to assist with waterway maintenance projects quarterly and as needed. The boat is used by City staff during special events to enhance public safety. These events include Annual Canoe Race, Waterway Cleanup, and Santa By Sea. The City also has a barge that is scheduled to be replaced during the next Fiscal Year.

Explain any Recurring Operating Costs

The recurring costs are not new costs since this request is to replace the Jon Boat. The recurring costs consist of fuel, oil changes and flushing out lines throughout the year.

Alignment to Strategic Plan

Goal C. Enhance Quality of Life and Livability; Objective #5. Support Recreation and Open Space Programs and Initiatives

WATER & SEWER UTILITIES FUNDS

Emergency Management/Utilities Department

The Emergency Management/Utilities Department is responsible for the water distribution network and the sanitary sewer collection system. The Finance Department is responsible for the preparation and collection of utility bills.

WATER DISTRIBUTION

The City of Wilton Manors receives its water from the City of Fort Lauderdale through a 20-year large user agreement. The Fiveash Water Treatment Plant is located at NW 9th Avenue and 38th Street, and water is distributed to Wilton Manors through three 8" master meters (similar to a standard house meter but larger) located on NW 9th Avenue, N Andrews Avenue and NE 11th Avenue. The City of Fort Lauderdale invoices the City of Wilton Manors for the consumption monthly.

The water meter program includes meter reading; meter repairs and replacement; turn ons/off; non-payment tags, leak detection; pressure checks; meter read checks; backflow certification; and general customer complaints response.

The water distribution program includes service line replacement (between the main and meter); fire hydrant flow testing, repair and replacement; installing hydrant isolation valves, exercise hydrants and valves; and painting valve boxes, hydrants and marking locations in street and main line repairs.

The backflow and cross-connection program is a statutory requirement and it is monitored on an annual basis.

SEWER COLLECTION

The City of Wilton Manors contracts with the City of Fort Lauderdale to treat all sewage that is generated in the City of Wilton Manors. Usage is tracked through one sewer meter 16" in diameter, which is located in the City of Oakland Park at NE 16th Avenue and 42nd Street. This meter is read on a monthly basis for the purposes of billing. After sewage is pumped through the meter, it is sent to a transfer station that pumps it to the George T. Lohmeyer Regional Wastewater Treatment Plant in Port Everglades for treatment as required by the Florida Department of Environmental Protection.

The sewer lift station program provides continual maintenance to the City's twelve stations. The various internal functions of the stations are monitored via a computerized telemetry

system. The telemetry system provides the field personnel with a daily record of these functions. Other elements of this program include the biannual cleaning of the station wet well using a vacuum truck, and repairing/replacing valves, motors, pump parts and electrical panels. Routine lift station maintenance is performed at least once a month.

The sewer collection system tele-video, smoke testing, and sliplining programs are designed to address the sewer system's infiltration in aggregate. This program operates on a continuous schedule until the entire system has been televised and repaired. The process addresses main lines as well as the house service laterals.

The lateral repair and replacement program is an on-going project. Sewer laterals are repaired or replaced on an "as-needed" basis. Laterals have been long identified as a major infiltration contributor to the sewer system. System expansion is necessary to provide adequate space for redevelopment.

UTILITY BILLING

Utility Billing is responsible for the timely preparation and distribution of the monthly utility bills for all water, sewer, stormwater, recycling and solid waste customers. Customer service personnel field all utility related inquiries from City residents, and help promote water conservation and participation in the City's recycling program. Responsibilities also include coordinating services with our solid waste hauler, processing utility liens, and maintaining the timely collection of utility payments. The Utility Billing office is located in City Hall and is administered as part of the Finance Department.

New Budget Request Form
For Fiscal Year 2022-23**

Department
Emergency Management/Utilities

Date Completed
3/7/2022

Is this a capital request?

| | |
|-----|----|
| Yes | No |
| | X |

Number of Residents to be Served by this Project
12,528

Accounting String 401-5333-5341.000

Provide a Detailed Description of the Project

The utility department's Geographic Information System (GIS) atlas update project will include:

- 1) Providing project and repair updates for water, wastewater and stormwater systems.
- 2) Reviewing current atlas data for complete component descriptions and update as needed.
- 3) Transitioning atlas data to online platform.
- 4) Implementing atlas access for mobile staff users.
- 5) Providing training for office and mobile staff users.
- 6) First annual ESRI (Environmental Systems Research Institute) online software licensing.
- 7) First annual GIS user licensing (2 full access, 3 limited access, 2 viewer only)

Total cost of \$58,350.00 will be split 1/3 Water Fund, 1/3 Sewer Fund and 1/3 Drainage Fund.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) The City's GIS mapping needs to be updated and expanded to meet increasing demands for accessing facility data and increasing efficiency for staff for implementing projects and repairs. The utility department's GIS data implementation and mapping began in 2007 and the system has not had a comprehensive update since 2013. As projects have been completed, as-built records have been maintained, but not all projects and repairs have been included in the atlas.
- 2) The current GIS in-house mapping will be transitioned to the online GIS platform for field staff mobility and interaction for resourcing and responding to infrastructure maintenance and repairs.
- 3) Staff training is necessary for operational use of the online platform.
- 4) Benefits include quicker response times due to available mobile data; greater accuracy with locating facilities and components; greater accuracy assessing requirements for repairs, which will identify ; providing quicker updates upon completion of repairs and infrastructure projects.
- 3) As the City's re-development expands, additional facilities will need to be uploaded and tracked for future maintenance issues as well.

Explain any Recurring Operating Costs

Annual licensing fee for the online GIS and annual user license fees for staff access.

Alignment to Strategic Plan

Goal D. - Cultivate Efficient and High Performing Government, Key Objective 3 - Identify Operational Efficiencies and Improvements for City Departments and Programs

Department
Emergency Management/Utilities

Date Completed
3/1/2022

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,528

Accounting String 401-5333-5955.000

Provide a Detailed Description of the Project

Repairs for the Municipal Complex:
 1) Structural and electrical repairs are required based upon 50-Year Inspection Reports performed by Jaime Ghitelman P.E. and Smith Engineering Consultants, Inc. dated November 15, 2021 for three building groups located at 2100 N Dixie Hwy.
 2) The reports covers: A. The main office and shop buildings, B. The east warehouse building, and C. The west office building.
 3) Detailed engineer's reports and recommendations are available for additional budgeting assessment.

The EM/Utilities cost of \$125,000 will be split 50% Water Fund and 50% Sewer Fund. Additional funding of \$20,000 will be provided by Leisure Service Department who occupies a portion of the East Building.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

1) The referenced structural and electrical reports provide detailed explanation of deficiencies and required repairs.

Explain any Recurring Operating Costs

None

Alignment to Strategic Plan

Goal C. - Enhance Quality of Life and Livability, Key Objective 3 - Promote the Public Health and Welfare of City Residents

Provide a Detailed Description of the Project

NW 30 Court Service Line Replacements:
 1) From 700 NW 30 Court to 1100 NW 30 Court,
 2) Replace water service lines and connect to existing 8" water main,
 3) Add (1) fire hydrant,
 4) Abandon & grout existing 4" and 6" water mains.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Water, Wastewater & Stormwater Integrated Master Plan - Water Project #2, NW 30 Court and West Oakland Park Boulevard Water Main Replacement:
 1) This portion of the project will complete approximately 25% of this project scope in order to complete the water system upgrades on NW 30 Court.
 2) New system components will require reduced labor and material costs for maintenance.

Explain any Recurring Operating Costs

The life-span of this project is expected to be approximately 50 years. While periodic inspections will be performed as standard operating procedures, future maintenance costs will be reduced over the next 40 years.

Alignment to Strategic Plan

Goal A. - Advance Infrastructure Improvements, Key Objective 1 - Improve Water, Stormwater and Wastewater Infrastructure

12,528

Accounting String 401-5333-5955

Provide a Detailed Description of the Project

Relocate a portion of water main on N Andrews Ave at NE 26 Street:
 1) In order to install new traffic signal mast-arm poles, approximately 170 LF of City water main on the west side of the intersection will be relocated.
 2) The current 6-inch line runs south-bound beneath the sidewalk where new poles are to be located. The replacement 6-inch line will be jogged approximately (7) feet to the east, below the edge of roadway pavement.
 3) The County's contractor will perform the relocation. Since this crosswalk is the City's request, the City will reimburse the County for its cost to relocate the line upon completion pursuant to a Joint Project Agreement (JPA).

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

1) The City requested that Broward County install crosswalk signals at the intersection of N Andrews Avenue and NE 26 Street as a safety enhancement to encourage walkability within the City.
 2) Upon review and approval, the County has agreed to implement the project for the crosswalk signals, and will also be installing new mast arm style posts for new traffic signals. The location of proposed mast arm posts on the west side of the intersection conflicts with the existing water main running southbound below the same side of the street, therefore, the water main must be moved.

Explain any Recurring Operating Costs

None

Alignment to Strategic Plan

Accounting String 401-5333-5955

Provide a Detailed Description of the Project *Vacuum Vehicle*

Replace the Utility Vacuum Vehicle:

- 1) Purchase a new Freightliner/Vacall vacuum vehicle to replace the current 2013 International/VacCon vacuum vehicle.
- 2) The vehicle is a combination of a commercial truck chassis mounted with a vacuum machine equipped with large water supply and waste material tanks, including pumping equipment and accessories.

Total cost of \$321,000 will be split 1/2 Water Fund and 1/2 Sewer Fund.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) The current 2013 International/VacCon vacuum vehicle has been requiring multiple repairs over the last few years. While financial costs for the repairs are undesirable, the true cost is in lost production time in effecting utility work repairs and projects while the vehicle is disabled.
- 2) The utility vacuum vehicle is used for excavations for water, sewer and drainage projects and for cleaning sewer and stormwater systems.
- 3) Maintenance and repair projects are more efficiently carried out where a vacuum vehicle is needed.
- 4) The replacement vehicle would ensure continuity of utility operations for three EM/Utilities departments.

Explain any Recurring Operating Costs

The life-span of this utility vehicle is expected to be approximately 15 years. The vehicle will come with a multi-year manufacturer's warranties for chassis and equipment, however, regular maintenance as a matter of standard operation procedures is anticipated. Budget figure for any future repairs cannot be anticipated at this time.

Alignment to Strategic Plan

Goal C - Enhance Quality of Life and Livability, Key Objective 3 - Promote the Public Health and Welfare of City Residents

Provide a Detailed Description of the Project

Wilton Manors West, Phase 1 - Water Main Replacements:
 1) Includes segments of: NW 3 & 5 Avenues; NW 23, 25 & 27 Streets; NW 26 Court,
 2) Upgrade and pipe-bursting of water mains,
 3) Replace service lines,
 4) Addition of (2) fire hydrants,
 5) Grout & abandon 4" and 6" water mains.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Water, Wastewater & Stormwater Integrated Master Plan - Water Project #3, Wilton Manors West Phase I Water Main Replacement:
 1) This will complete this Project #3 scope, including minor adjustments as provided for in the Master Plan,
 2) New system components will require reduced labor and material costs for maintenance and will increase operational efficiencies.

Explain any Recurring Operating Costs

The life-span of this project is expected to be approximately 50 years. While periodic inspections will be performed as standard operating procedures, future maintenance costs will be reduced over the next 40 years.

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,528

Accounting String 402-5332-5341.000

Provide a Detailed Description of the Project

The utility department's Geographic Information System (GIS) atlas update project will include:
 1) Providing project and repair updates for water, wastewater and stormwater systems.
 2) Reviewing current atlas data for complete component descriptions and update as needed.
 3) Transitioning atlas data to online platform.
 4) Implementing atlas access for mobile staff users.
 5) Providing training for office and mobile staff users.
 6) First annual ESRI (Environmental Systems Research Institute) online software licensing.
 7) First annual GIS user licensing (2 full access, 3 limited access, 2 viewer only)

Total cost of \$58,350.00 will be split 1/3 Water Fund, 1/3 Sewer Fund and 1/3 Drainage Fund.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) The City's GIS mapping needs to be updated and expanded to meet increasing demands for accessing facility data and increasing efficiency for staff for implementing projects and repairs. The utility department's GIS data implementation and mapping began in 2007 and the system has not had a comprehensive update since 2013. As projects have been completed, as-built records have been maintained, but not all projects and repairs have been included in the atlas.
- 2) The current GIS in-house mapping will be transitioned to the online GIS platform for field staff mobility and interaction for resourcing and responding to infrastructure maintenance and repairs.
- 3) Staff training is necessary for operational use of the online platform.
- 4) Benefits include quicker response times due to available mobile data; greater accuracy with locating facilities and components; greater accuracy assessing requirements for repairs, which will identify ; providing quicker updates upon completion of repairs and infrastructure projects.
- 3) As the City's re-development expands, additional facilities will need to be uploaded and tracked for future maintenance issues as well.

Explain any Recurring Operating Costs

Annual licensing fee for the online GIS and annual user license fees for staff access.

Alignment to Strategic Plan

Goal D. - Cultivate Efficient and High Performing Government, Key Objective 3 - Identify Operational Efficiencies and Improvements for City Departments and Programs

Is this a capital request? Yes No

Number of Residents to be Served by this Project
12,528

Accounting String 402-5332-5955.000

Provide a Detailed Description of the Project

Lift Station No. 1 Replacement - 3049 NW 9 Avenue:
 1) The existing 2-pump can-style station will be replaced with a 2-pump submersible pump-style station,
 2) A new 6" force main line will replace the existing 4" force main line.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Water, Wastewater & Stormwater Integrated Master Plan - Sewer Project #2, Proposed Lift Station No. 1 Replacement:
 1) This pumping station is approximately 55 years old, outdated and requires replacement,
 2) New system components will require reduced labor and material costs for maintenance and will increase operational efficiencies.

Explain any Recurring Operating Costs

The life-span of this project is expected to be approximately 50 years. While periodic inspections will be performed as standard operating procedures, future maintenance costs will be reduced over the next 30-40 years.

Alignment to Strategic Plan

Goal A. - Advance Infrastructure Improvements, Key Objective 1 - Improve Water, Stormwater and Wastewater Infrastructure

Provide a Detailed Description of the Project

Lift Station No. 4 Replacement - 2400 NW 9 Terrace:
 1) The existing 2-pump can-style station will be replaced with a 2-pump submersible pump-style station,
 2) A new 4" force main line will replace the existing 4" force main line.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

Water, Wastewater & Stormwater Integrated Master Plan - Sewer Project #4, Proposed Lift Station No. 4 Replacement:
 1) This pumping station is approximately 55 years old, outdated and requires replacement,
 2) New system components will require significantly reduced labor and material costs for maintenance and will increase operational efficiencies.

Explain any Recurring Operating Costs

The life-span of this project is expected to be approximately 50 years. While periodic inspections will be performed as standard operating procedures, future maintenance costs will be reduced over the next 30-40 years.

Alignment to Strategic Plan

Goal A. - Advance Infrastructure Improvements, Key Objective 1 - Improve Water, Stormwater and Wastewater Infrastructure

Provide a Detailed Description of the Project

Repairs for the Municipal Complex:
 1) Structural and electrical repairs are required based upon 50-Year Inspection Reports performed by Jaime Ghitelman P.E. and Smith Engineering Consultants, Inc. dated November 15, 2021 for three groups of buildings located at 2100 N Dixie Hwy.
 2) The reports covers: A. The main office and shop buildings, B. The east warehouse building, and C. The west office building.
 3) Detailed engineer's reports and recommendations are available for additional budgeting assessment.

The EM/Utilities cost of \$125,000 will be split 50% Water Fund and 50% Sewer Fund. Additional funding of \$20,000 is provided by Leisure Service Department who occupies a portion of the East Building.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

1) The referenced structural and electrical reports provide detailed explanation of deficiencies and required repairs.

DRAINAGE UTILITY FUND

The stormwater system rehabilitation program consists of replacing outdated catch basins as well as the associated undersized drainage pipes. The program also addresses the continuing maintenance of the network such as cleaning debris out of the catch basins and associated piping, the repair of broken or cracked pipes, and addressing the quality of water entering canals. The City is a co-permittee in Broward County Inter-local Agreement NPDES-00016 for state-mandated maintenance activities and sediment control standards in the City's waterways, thereby reducing the amount of sediment entering the City's drainage system and waterways.

DEPARTMENTAL BUDGET SUMMARY

Accounting String 480
 -402-5332-5955.000

Provide a Detailed Description of the Project

Replace the Utility Vacuum Vehicle:
 1) Purchase a new Freightliner/Vacall vacuum vehicle to replace the current 2013 International/VacCon vacuum vehicle.
 2) The vehicle is a combination of a commercial truck chassis mounted with a vacuum machine equipped with large water supply and waste material tanks, including pumping equipment and accessories.
 Total cost of \$321,000 will be split 1/2 Water Fund and 1/2 Sewer Fund.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) The current 2013 International/VacCon vacuum vehicle has been requiring multiple repairs over the last few years. While financial costs for the repairs are undesirable, the true cost is in lost production time in effecting utility work repairs and projects while the vehicle is disabled.
- 2) The utility vacuum vehicle is used for excavations for water, sewer and drainage projects and for cleaning sewer and stormwater systems.
- 3) Maintenance and repair projects are more efficiently carried out where a vacuum vehicle is needed.
- 4) The replacement vehicle would ensure continuity of utility operations for three EM/Utilities departments.

Explain any Recurring Operating Costs

The life-span of this utility vehicle is expected to be approximately 15 years. The vehicle will come with a multi-year manufacturer's warranties for chassis and equipment, however, regular maintenance as a matter of standard operation procedures is be anticipated. Budget figure for any future repairs cannot be anticipated at this time.

Alignment to Strategic Plan

Goal C. - Enhance Quality of Life and Livability, Key Objective 3 - Promote the Public Health and Welfare of City Residents

Accounting String 450-5336-5341.000

Provide a Detailed Description of the Project

The utility department's Geographic Information System (GIS) atlas update project will include:

- 1) Providing project and repair updates for water, wastewater and stormwater systems.
- 2) Reviewing current atlas data for complete component descriptions and update as needed.
- 3) Transitioning atlas data to online platform.
- 4) Implementing atlas access for mobile staff users.
- 5) Providing training for office and mobile staff users.
- 6) First annual ESRI (Environmental Systems Research Institute) online software licensing.
- 7) First annual GIS user licensing (2 full access, 3 limited access, 2 viewer only)

Total cost of \$58,350.00 will be split 1/3 Water Fund, 1/3 Sewer Fund and 1/3 Drainage Fund.

Provide a Detailed Explanation of Why the Project is Needed and What Benefits Will be Derived from this Project

- 1) The City's GIS mapping needs to be updated and expanded to meet increasing demands for accessing facility data and increasing efficiency for staff for implementing projects and repairs. The utility department's GIS data implementation and mapping began in 2007 and the system has not had a comprehensive update since 2013. As projects have been completed, as-built records have been maintained, but not all projects and repairs have been included in the atlas.
- 2) The current GIS in-house mapping will be transitioned to the online GIS platform for field staff mobility and interaction for resourcing and responding to infrastructure maintenance and repairs.
- 3) Staff training is necessary for operational use of the online platform.
- 4) Benefits include quicker response times due to available mobile data; greater accuracy with locating facilities and components; greater accuracy assessing requirements for repairs, which will identify ; providing quicker updates upon completion of repairs and infrastructure projects.
- 3) As the City's re-development expands, additional facilities will need to be uploaded and tracked for future maintenance issues as well.

Explain any Recurring Operating Costs

Annual licensing fee for the online GIS and annual user license fees for staff access.

Alignment to Strategic Plan

Goal D. - Cultivate Efficient and High Performing Government, Key Objective 3 - Identify Operational Efficiencies and Improvements for City Departments and Programs

RECYCLING AND SOLID WASTE FUND

The City of Wilton Manors contracts with Waste Management for garbage and recycling collections. This program also provides At Your Door collection of household hazardous waste. This fund also provides for the promotion of recycling within the community, as well as monitoring of recycling programs for contamination and container replacement; commercial solid waste audits; and maintenance of the recycling drop-off center. This program is managed by the Emergency Management & Utilities department.

DEPARTMENTAL BUDGET SUMMARY
RECYCLING & SOLID WASTE FUND

PARKING FUND

The City is committed to increasing the amount of parking available to citizens patronizing the businesses in the Arts & Entertainment District along Wilton Drive.

In 2007, the City installed parking paystations at Richardson and Hagen Park parking lots and began to charge for parking during peak evening hours. In 2010 the City's parking program was expanded to include on-street meters along Wilton Drive and connecting side streets. Hours for paid parking at these meters were also expanded.

In May, 2014, the City opened a new 42-space parking lot on the corner of NE 8th Terrace and NE 26th Street as part of its commitment to increase parking to serve the north end of Wilton Drive. In May, 2018 a 23-space parking lot was opened on the corner of NE 23rd Drive and NE 11th Avenue to serve the north end of Wilton Drive. An additional 5 spaces were also added at Jaycee Park adjacent to Wilton Drive at NE 21st Court.

In 2019, the City's "downtown" thoroughfare, Wilton Drive, underwent an extensive renovation under the Complete Streets concept. "The Drive" was converted from a four-lane thoroughfare to a pedestrian friendly two-lane street with bike lanes, wider sidewalks, and landscaping. The renovation of Wilton Drive also added additional on-street parking.

Since FY13, parking revenues and expenditures have been accounted for in the Parking Fund. Revenue for this enterprise fund is generated through user fees from parking meter and permit payment, as well as fines and forfeitures from parking citations. Fees and fines for parking were suspended during the COVID-19 pandemic. The parking program reopened November 1, 2020.

Management of the City's parking program is contracted out to a commercial vendor. The City's Finance Director acts as Parking Contract Administrator.

In late FY 2021-22, the City introduced a first mile/last mile shuttle program. Utilizing fully electric vehicle, the program provides point-to-point, on demand service anywhere within the City limits.

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

FY2023 – FY2027

FIVE YEAR CAPITAL IMPROVEMENT PROGRAM

As part of the City's continuing compliance with the comprehensive plan requirements of the State Growth Management Act, City staff has prepared the following five year capital improvement program (CIP). These budget projections represent an overview of anticipated capital expenditures in years to come and serve as a guide for the City in developing proposed programs and operations as funding sources become available. The CIP concentrates on the development of a long-range framework in which physical projects may be planned while, at the same time, implementing projects within the City's financial capabilities. Since the City's funding capability for major capital programs is severely limited, staff will continue to formulate suggestions and recommendations relative to potential funding sources.

The purpose of the Capital Improvement Program includes the development of a long-range framework in which projects are planned, evaluated, and presented in an order of sequence; the coordination of the capital related projects of the City departments to ensure equitable distributions of projects with regard to the needs of the community, the timing of related projects, and the fiscal ability of the City to undertake the projects; and the assistance of City staff and City Commission members in the determination of project requests and funding with regard to short and long-range plans; and the provision of information regarding the planned capital projects to the residents of the City of Wilton Manors.

In accordance with the City's Comprehensive Plan, capital improvements projects shall be prioritized in accordance with the estimated extent of their contribution to the following, or in order of importance:

- a. Elimination of existing health and safety problems;
- b. Elimination of infrastructure deficiencies which would impede the rehabilitation or redevelopment of blighted areas within the city;
- c. Elimination of existing deficiencies in infrastructure;
- d. Maximum cost savings with minimum budget impact, and financial feasibility in eliminating existing deficiencies;
- e. Coordination with the plans of other agencies that provide public facilities within Wilton Manors;
- f. Minimizing impacts on the natural environment;
- g. Avoidance of projected health and safety problems;
- h. Avoidance of projected deficiencies in the infrastructure; and
- i. Enhancing or implementing other City plans and policies adopted in the Comprehensive Plan.

A Capital improvement is defined as a capital expenditure of \$1,000 or more, resulting in the acquisition, improvement or addition to fixed assets in the form of land, building or improvements, more or less permanent in character, and durable equipment with a life expectancy of more than one (1) year.

**FY2022-2023 BUDGET
DEBT ADMINISTRATION**

The following pages contain information on the City’s debt philosophy, bond covenants, and outstanding debt obligations. There is no legal debt margin established either by City Charter or by Florida Statutes.

DEBT PHILOSOPHY

It is the City’s policy to structure debt to carefully match the benefits derived from the financing. The annual principal and interest payments were also calculated to remain constant over the payback period. All of the current debt obligations conform to the City’s debt philosophy of cost-benefit matching and level repayment schedules.

SUMMARY OF OUTSTANDING DEBT

| Budgeted Debt Service for FY22-23 | Annual Payment | Payoff Date | Principal | Interest | Total |
|--|-----------------------|--------------------|--------------------|------------------|--------------------|
| 2020 City Hall General Obligation Refunding Loan | \$396,268 | 2/1/2028 | \$2,275,920 | \$101,091 | \$2,377,011 |
| 2021 Mickel/Colohatchee Parks & Utility and Parking Refunding Loan | \$433,842 | 12/1/2030 | \$2,314,000 | \$106,389 | \$2,420,389 |
| Totals: | \$830,110 | | \$4,589,920 | \$207,480 | \$4,797,400 |

**FY2022-2023 BUDGET
PURPOSE OF BONDS/LOANS**

2020 GENERAL OBLIGATION REFUNDING NOTE

On July 31, 2020, the City issued \$2,993,370 in General Obligation Refunding Bonds, Series 2020 for the purpose of refunding the 2008 City Hall General Obligation Note. The debt has an interest rate of 1.46% payable semi-annually; principal is payable annually in varying amounts through 2028. Outstanding balance at September 30, 2022 is \$2,275,920.

2021 MICKEL/COLOHATCHEE AND UTILITY AND PARKING BANK NOTE

In October 2021, the City issued a \$2,668,000 Promissory Note for the purpose of currently refunding the 2015 Mickel Park Improvement Project Note and the 2011 Utility and Parking System Revenue Note, as well as repaying the Utility Fund advance to the General Fund. The Promissory Note bears an interest rate of 1.303% through maturity on December 1, 2030. Interest and Principal payments are due semi-annually, commencing on December 1st. Outstanding balance as of September 30, 2022 is \$2,314,000.

SCHEDULE OF FUTURE DEBT SERVICE

| FISCAL YEAR | 2020 CITY HALL REFUNDING LOAN | | 2021 MICKEL/COLOHATCHEE & UTILITY/PARKING LOAN | | TOTAL | | |

Police Recruit: \$21/hour

BUDGET GLOSSARY

Account – An accounting concept used to capture the economic essence of an exchange or exchange-like transaction. Accounts are used to classify and group similar transactions. Account types include: revenue, expense/expenditure, asset, liability and equity.

Accounting Period – A period of time (e.g. one month, one year) where the City determines its financial position and results of operations.

Accounting Standards – The generally accepted accounting principles (GAAP) promulgated by the Government Accounting Standards Board (GASB), which guide the recording and reporting of financial information by state and local governments. The standards establish such guidelines as to when transactions are recognized, the types and purposes of funds, and the content and organization of the annual financial report.

Accounting System – Organized set of manual and computerized accounting methods, procedures, and controls established to record, classify, analyze, summarize and report financial information of a government or any of its funds or organizations components.

Accrual Basis of Accounting – A basis of accounting which reports revenues when earned and expenses when incurred regardless of the related cash flows.

Accrued Interest – The dollar amount of interest, based on the stated interest rate, which has accumulated on a bond from (and including) the most recent interest date or other date, up to (but not including the due date of the interest payment).

Ad Valorem Taxes – Commonly referred to as property taxes, are levied on both real and personal property based upon the property's assessed valuation and applying a specific millage rate.

Adopted Budget – The City Commission approved annual budget establishing the legal authority for the expenditure of funds as set forth in the budget resolution and ordinance.

Advance Refunding – A bond refunding in which the proceeds of new debt are placed in an interest-bearing escrow account pending the call dates or maturity dates of the old debt.

Agency Fund – An agency fund is used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment and remittance of fiduciary resources to individuals, private organizations or other governments.

Amended Budget – The original budget plus any amendments passed as of a certain date.

Amortization – The reduction of debt through regular payments of principal and interest sufficient to retire the debt instrument at a predetermined date known as maturity.

Appropriation – An authorization made by the City Commission, which permits officials to incur obligations against and to make expenditures of governmental resources for specific purposes. Appropriations usually are made for fixed amounts and typically are granted for a one-year period.

Assessed Valuation – The appraised valuation, less any exemptions, set by the Broward County Property Appraiser upon real estate or other property; used as a basis for levying ad valorem taxes.

Asset – Tangible or intangible resources owned or held by a government which possess service potentials that generally are utilized (consumed) in the delivery of municipal services.

Audit – An annual examination of the City’s financial statements performed by independent certified public accountants for the purpose of ascertaining whether the financial statements fairly present the City’s financial positions and results of operations. The audit also includes a review of the City’s internal control system and compliance with certain provision of laws, regulations, contracts, and grant agreements.

Authorized Positions – Employee positions which are approved and funded in the adopted budget.

Balanced Budget – A budget in which estimated revenues and other available funds equal or exceed estimated expenditures.

Basis of Accounting – The timing of recognition; that is, when the effects of transactions or events should be recognized for financial reporting purposes. For Example, the effects of transactions or events can be recognized on an accrual basis (that is, when the transactions or events take place), or on a cash basis that is, (when cash is received or paid). Basis of accounting is an essential part of measurement focus, because a particular timing of recognition is necessary to accomplish a particular measurement focus.

Benefits – Contributions made by the City to meet commitments or obligations for employee fringe benefits including the City’s share of costs for various pension, medical, and life insurance plans.

Bond – A long-term debt obligation primarily used to finance capital projects or other long-term obligations. A bond represents a promise to repay a specified sum of money called the face value of principal amount at a specified maturity date or dates in the future, together with periodic interest at a specified rate.

Bond Proceeds – The money paid to the issuer by the purchaser for a new issue of municipal bonds, used to finance a project or purpose for

which the bonds were issued and to pay certain costs of issuance.

Bond Refinancing – The refunding (current or advanced) from the proceeds of a new issue, to reduce debt service costs, i.e. interest, realign maturities and/or modify or remove restrictive bond covenants.

Budget – A financial plan for a specified period of time (fiscal year) that includes all planned expenditures for various municipal services and the proposed means of financing them. It is the primary means by which most of the expenditures of a government are controlled. The budget matches projected revenues and planned expenditures to municipal services, goals, and objectives.

Budget Adjustment or Amendment – A legal procedure use by the City staff and the City Commission to revise a budget appropriation during the fiscal year. The City Commission must approve a budget adjustment by adopting a supplemental appropriation ordinance (which specifies both the source of revenue and the appropriate expenditure accounts) for any interdepartmental or inter-fund adjustment.

City staff has the authority to adjust expenditures within a departmental budget.

Budgetary Basis of Accounting – This refers to the basis of accounting used to estimate when revenues and expenditures are recognized for budgetary purposes. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budgetary Control – The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources. Budgetary control is exercised at the department level, at which point expenditures cannot legally exceed the appropriated amount.

Budget Document – The official written

statement prepared by the City Manager and the Finance Department that presents the proposed budget to the City Commission.

Budget Message – The opening section of the budget that provides the City Commission and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and recommendations of the City Manager. The Budget Message is also referred to as the City Manager’s transmittal letter.

Budget Schedule or Calendar – The schedule of key dates or milestones that the City follows in the preparation and adoption of the budget.

Business Tax – A tax imposed for the privilege of doing business in Wilton Manors. Any individual or home-based business providing merchandise, entertainment or service directly or indirectly to the public must obtain a license to operate.

Capital Assets – Assets of significant value that meet or exceed the capitalization threshold and have a useful life extending beyond a single accounting period. Capital assets are also called “fixed assets” and may include land, improvements to land, easements, buildings, building improvements, machinery, equipment, vehicles, infrastructure, and all other tangible or intangible assets that are used in operations and have initial lives extending beyond a single reporting period.

Capital Budget – A plan of proposed capital expenditures and the means of financing them; usually based on the first year of the Capital Improvement Program (CIP) and typically enacted as part of the complete annual budget, which includes both operating and capital outlays.

Capital Improvement Program (CIP) – All capital expenditures planned for the next five years. The program specifies both projects and the resources estimated to be available to fund

projected expenditures. The CIP outlines the capital requirements arising from the City’s long-term needs and addresses both repair and replacement of existing infrastructure as well as the development of new facilities to accommodate future growth.

Capital Outlay – Expenditures that result in the acquisition of or addition to capital assets that have a value of \$500 or more and have a useful life of more than one year.

Capital Projects – Projects that purchase or construct capital assets. Typically, a capital project encompasses a purchase of land and/or the construction of a building or infrastructure.

Capitalization Threshold – The dollar value at which the City elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives of more than one year. Currently, this amount is \$500 or more.

Cash Basis of Accounting – A basis of accounting in which transactions or events are recognized when related cash amounts are received or disbursed.

Cash Management – is the process of collecting, managing and investing cash. Also includes the activities of forecasting the inflows and outflows of cash and establishing and maintaining banking relationships.

Charges for Services – These refer to program revenues, which finance in part or in whole the provision of a particular service.

Chart of Accounts – A chart that assigns a unique number to each type of transaction (e.g., salaries or property taxes) and to each budgetary unit in the organization. The chart of accounts provides a system for recording revenues and expenditures that fits the organizational structure.

City Commission – Legislative branch of local government; for the City of Wilton Manors, it consists of one mayor and four Commission members. The mayor serves a two-year term while the Commission members serve four-year terms.

City Manager – The chief administrative officer of the City.

Collective Bargaining Agreement (CBA) – A legal contract between the City and a recognized bargaining unit for specific terms and conditions of employment (hours, working conditions, salary, fringe benefits, and matters affecting health and safety of employees).

Community Development Block Grants (CDBG) Program – Federal funds available to provide communities with resources to address a wide range of unique community development needs.

Comprehensive Annual Financial Report (CAFR) – A set of financial statements comprising the financial report of a state, municipal or other governmental entity that complies with the accounting requirements promulgated by the Governmental Accounting Standards Board (GASB).

Consumer Price Index (CPI) – A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase or decrease in the cost of living (i.e., economic inflation or deflation).

Contingencies – A budgetary reserve set aside for emergencies or unanticipated, non-recurring expenditures not otherwise budgeted for during the fiscal year.

Contractual Services – Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include maintenance agreements and professional consulting services.

Cost-of-living Adjustment (COLA) – An increase in salaries to offset the adverse effect of inflation on compensation.

Current – A term denoting the present fiscal period as opposed to past or future periods. It is often used to refer to items likely to be used up or converted into cash within one year.

Debt – An obligation resulting from the borrowing of money or from the purchase of goods and services on credit. Debt instrument used by the City of Wilton Manors may include general obligation bonds and revenue bonds. The City Commission must approve all debt instruments. All General Obligation (G.O.) bonds must be approved by the voters in a referendum.

Debt Limit – The maximum amount of debt that the City is permitted to incur under constitutional, statutory or charter provisions.

Debt Service – The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Debt Service Requirements – The amount of money required to pay principal and interest on outstanding debt and required contributions to accumulate monies for future retirement of bonds.

Debt Service Reserve – Funds used to pay debt service if the source of the pledged revenues does not generate sufficient funds to satisfy the debt service requirements. It is funded in whole or in part from the proceeds of the bonds or is allowed to gradually accumulate over a period of years through required payments from the pledged revenues.

Deficit – The amount by which expenditures exceed revenues during a single accounting period.

Department – A major administrative division of the City that indicates overall management

responsibility for an operation or group of related operations within a functional area. Departments define and organize City operations and functions.

Depreciation – The process of estimating and recording the lost usefulness or expired useful life of a capital asset that cannot or will not be restored by repair. Depreciation can be attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and/or obsolescence.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association (GFOA) to encourage governments to publish efficiently organized and easily readable budget documents and to provide peer recognition and technical assistance to the fiscal officers preparing them.

Division – A sub-section within a City department that furthers the objectives of the City Commission by providing specific services or a product.

Encumbrance – The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure. Committed funds become encumbered when a purchase requisition becomes an actual purchase order. Encumbrances lapse at year's end and require Commission action to re-appropriate funds to cover any remaining encumbrances.

Enterprise Fund – A fund established to account for operations that are financed and operated in a manner similar to business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has the following enterprise funds: Utilities, Drainage, Parking and Recycling.

Estimated Revenues – The budgeted projected revenues expected to be realized during the budget (fiscal) year to finance all or part of the planned expenditures; a formal estimate of how much revenue will be earned from specific revenue sources for some future period, typically a future fiscal year.

Expenditure – The outflow of funds paid, or to be paid, for goods and services received during the current period. Budgetary expenditures represent decreases in fund balance.

Fiduciary Fund – Fiduciary funds are used to account for assets held in trust by the government for the benefit of individuals or other entities. In the city, fiduciary funds include the employee pension funds.

Final Millage Rate – The tax rate adopted in the final public budget hearing of a taxing authority.

Fiscal Year – A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The fiscal year for the City of Wilton Manors is October 1 through September 30.

Fixed rate – an interest rate on a security that does not change for the life of the security.

Franchise Fee – A fee levied by the City Commission on businesses that use the City's rights-of-way to deliver services. This fee is usually charged as a percentage of gross receipts.

Full Time Equivalent (FTE) – A conversion of part time personnel hours to full time personnel hours. The full time equivalent for one full time employee is 2,080 hours per year (40 hours per week times 52 weeks per year). Example: the full time equivalent for one part time employee working 1,040 hours per year would be .5 FTE (1,040 hours per year divided by 2,080 hours per year for one full time employee).

Fund – An accounting and reporting entity with a self-balancing set of accounts. Funds are created to establish accountability for revenues and expenses that are segregated for the purpose of carrying out a specific purpose or range of activities.

Fund Balance – The difference between the assets and fund liabilities in the governmental funds balance sheet as is referred to as fund equity. Fund balance could be classified as nonspendable, restricted, committed, assigned and unassigned.

- Nonspendable fund balance – portion of fund balance that is not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund).
- Restricted fund balance – portion of fund balance that is constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – portion of fund balance that is constrained to specific purposes by a government itself, using its highest level of decision-making authority. The highest level of decision-making authority of the City is the City Commission.
- Assigned – portion of fund balance that a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.
- Unassigned fund balance – portion of fund balance that is available for any purpose.

General Fund – The General Fund accounts for all financial resources of the government except for those required to be accounted for in another fund. Ad Valorem (property) taxes, licenses and permits, charges for services, franchise fees, and utility taxes are typically accounted under the General Fund.

General Obligation Bonds (GO Bonds) – debt instruments issued to finance public projects. GO Bonds are backed by the full faith and credit of the issuing municipality. This means that the issuing municipality commits its full resources to paying bondholders including general taxation and the ability to raise more funds through credit.

Generally Accepted Accounting Principles (GAAP) – A uniform minimum standard for financial accounting and recording as set forth by the Governmental Accounting Standards Board (GASB).

Goal – A statement that describes the purpose toward which an endeavor is directed, such as a target or target area; a statement of broad direction, purpose or intent based on the needs of the community.

Governmental Accounting Standards Board (GASB) – The authoritative accounting and financial reporting standard-setting body of governmental agencies.

Government Finance Officers Association (GFOA) – An association of public finance professionals. The GFOA has played a major role in the development and promotion of GAAP for state and local government since its inception and sponsors the Certificate of Achievement for Excellence in Financial Reporting Program and the Distinguished Budget Presentation Awards Program.

Governmental Fund Type – A general classification of funds into the following two categories: General Fund and Special Revenue Funds (i.e. Miscellaneous Grants, Fire Rescue

Special Assessment, and Jenada Special Assessment Funds).

Grant – An award of financial assistance, to a recipient, to carry out a specific purpose. Grants require some level of compliance and reporting.

Homestead Exemption – A state program that permits up to a \$50,000 reduction from the assessed value of the primary residential real estate property occupied by a Florida resident in order to determine the net taxable value. Additional exemptions are available for qualified seniors, the disabled, the blind, and widows/widowers.

Impact Fees – Fee imposed by a local government on a new or proposed project to pay for all or a portion of the costs of providing public services to the new development. These fees are implemented to help reduce the economic burden on local jurisdictions that are trying to deal with population growth resulting from the new or proposed project.

Indirect Cost – A cost necessary for the functioning of the City as a whole, but which cannot be directly associated with a particular functional category.

Infrastructure – Long lived capital assets that are usually stationary in nature and normally can be preserved for a significant greater number of years than most capital assets. (e.g. water and sewer systems, streets, parks, drainage systems and lighting systems).

Inter-fund Transfers – Budgeted amounts transferred from one fund to another.

Internal Control – A systematic measures (such as review, checks and balances, methods and procedures) put in place by an entity to (1) conduct its business in an orderly and efficient manner, (2) safeguard its assets and resources, (3) deter and detect error, fraud and theft, (4) ensure accuracy and completeness of

accounting data, (5) produce reliable and timely financial information and, and (6) ensure adherence to its policies and procedures.

Levy – To impose taxes, special assessments, or charges for services for the support of City activities.

Liability – Debt or other legal obligations, arising from past transactions or events, which must be liquidated, renewed, or refunded at some future date. Note: The term does not include encumbrances.

Line Item Budget – The presentation of the City's budget in a format that displays each department's expenditures by specific accounts along with the amount budgeted for each account. The City currently uses a Line Item Budget.

Long Term Debt – Debt with a maturity of more than one year after the date of issuance. Ordinarily used to finance long-lived assets or other long-term obligations.

Major Fund – A fund that reports at least 10% of total governmental assets, liabilities, revenues or expenditures and at least 5% of combined City assets, liabilities, revenues or expenditures.

Mandate – A requirement from a higher level of government that a lower level of government perform a task in a particular way, or perform a task to meet a particular standard, often without compensation from the higher level of government.

Millage Rate – Rate used in calculating taxes based upon the value of property, expressed in mills per dollar or property value; a mill is equal to 1/1,000 of a dollar or \$.001.

Modified Accrual Basis – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures

are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Municipal Code – A book containing the City Commission approved ordinances currently in effect.

Non-Departmental – Includes the costs associated with items that are for services and/or equipment not directly related to a specific department but rather utilized by all City departments.

Objective – Something to be accomplished in specific, well defined, and measurable terms, and that is achievable within a specific time frame.

Non-Major Fund - A fund that reports less than 10% of total governmental assets, liabilities, revenues or expenditures and less than 5% of combined City assets, liabilities, revenues or expenditures.

Operating Budget – A plan of financial operation embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is sometimes used to denote the officially approved expenditure ceilings under which government and its departments operate.

Operating Expenditures – Expenditures of day-to-day operations, such as office supplies, maintenance of equipment, and travel; they exclude capital costs for capital assets.

Operating Revenue – Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day

services.

Ordinance – A formal legislative enactment by the City Commission that has the full force and effect of law within City boundaries unless preempted by a higher form of law. An ordinance has higher legal standing than a resolution.

Overtime – Compensation for hours worked beyond 40 hours within a specific workweek.

Pay-as-you-go Basis – A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget – A budget format that relates the input of resources and the output of services for each organizational unit individually. Performance budgeting facilitates the evaluation of program efficiency and effectiveness.

Performance Measure – Data collected to determine how effective or efficient a program is in achieving its objectives.

Personnel Services – Costs related to compensating employees, including salaries and wages and fringe benefit costs.

Principal – The face value or par value of a debt instrument, or the amount of capital invested in a given security.

Prior Year Encumbrance – Unpaid, legally binding obligation from the previous fiscal year in the form of purchase orders, contracts or salary commitments which are chargeable to a prior appropriation.

Program – A sub-section of a department division that provides specific services or a product; a program is the smallest unit of service. There may be one or more programs within a division.

Program Budget – A budget that allocates resources to the functions of activities or a group of activities with a common focus for the attainment of specific objectives.

Proposed Budget – The status of an annual budget which has been submitted by the City Manager and is pending public review and City Commission adoption.

Proposed Millage Rate – The tax rate certified to a Property Appraiser by each taxing authority within a county.

Proprietary (Enterprise) Fund – accounts services provided to the public and exist primarily by charging user-fees for those goods and services.

Property Taxes – See Ad Valorem Taxes.

Purchase Order – A document issued to authorize a vendor to deliver specified merchandise or render a specified service for a stated estimated price. Outstanding Purchase Orders are called encumbrances.

Purchase Requisition – A written request from a department to the Finance Department for specific goods or services. This action precedes the authorization of a purchase order.

Resolution – A formal special order of the City Commission. A resolution has a lower legal standing than an ordinance.

Special Revenue Fund – A governmental accounting fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The City's Special Revenue Funds include the following funds: Fire Fund, Recycling Fund, Road Improvement Fund, Miscellaneous Grants Fund, Federal Forfeiture Fund, State Forfeiture Fund, Police Training/Education Fund and Jenada Assessment Fund.

Revenue – Inflows of resources to finance the

operations of government.

Revenue Bonds – Bonds that pledge a particular source of revenue, usually generated by the new asset funded by the revenue bonds proceeds, as the means of repayment.

Revenue Estimate (see Estimated Revenues)

Risk Management – An organized formal process to protect a government's assets against accidental loss, utilizing the most economical methods.

Rolled Back Millage Rate – The millage rate that will bring in the same amount of taxes as levied the prior year when applied to the current year's tax base. Newly constructed property is not included in the computation of the rate.

Shared Revenue – Revenue that is earned by one governmental unit but that is shared, usually on a predetermined basis, with other units or classes of governments.

Special Assessment Funds – A governmental accounting fund used to account for a compulsory levy imposed on certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties. The City's Special Assessment Funds include the following: Fire Rescue Special Assessment, and Jenada Gatehouse Special Assessment.

Tax Base – The total property valuations within the City's legal boundaries on which the City levies its tax rates.

Tax Rate Limit – The maximum legal rate at which a locality may levy a tax. The limit may apply to taxes raised for a particular purpose or for general purposes.

Tax Roll – The master list of the assessed value of all taxable properties within the City's jurisdiction. For all local taxing authorities, the

Property Appraiser certifies the list on July 1 of each year.

Unit Cost – The cost required to produce a specific product or unit of service (e.g., the cost to purify one thousand gallons of water).

Taxable Value – The assessed value less homestead and other exemptions, if applicable.

Taxes – Charges levied by a government for the purpose of financing services for the common benefit of the people. Taxes are an involuntary exaction on form of wealth (such as property), transactions (such as taxable sales), or other forms of economic activity (such as operating a business).

Trust (Agency) Funds – Funds that are established to collect and distribute monies for a specific function or operation, and are used to account for assets held by the City in a trustee capacity. Trust Funds are classified as either expendable or non-expendable.

Truth in Millage – The Florida Truth in Millage Act (TRIM) serves to formalize the property tax levying process by requiring specific method of tax rate calculation, form of notice, public hearing requirement, and advertised specifications prior to the adoption of a budget tax rate.

Unencumbered Balance – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Utility Tax – Taxes levied on consumer consumption of utility services provided in the City. The tax is levied as a percentage of gross receipts.

WDID – Wilton Drive Improvement District.
